DEPARTMENT OF LABOR
Employment and Training Administration

Notice of a Change in Status of the Extended Benefit (EB) Program for Vermont

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

This notice announces a change in benefit payment status under the EB program for Vermont.

The following change has occurred since the publication of the last notice regarding Vermont’s EB status:

Vermont’s 13-week insured unemployment rate (IUR) for the week ending April 18, 2020 was 6.27 percent, which exceeds 120 percent of the corresponding rate in the prior two years. This IUR caused Vermont to be triggered “on” to an EB period that began May 3, 2020. The State will remain in an EB period for a minimum of 13 weeks.

The trigger notice covering state eligibility for the EB program can be found at: http://oui.doleta.gov/unemploy/claims_arch.asp.

Information for Claimants

The duration of benefits payable in the EB program and the terms and conditions on which they are payable are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor. In the case of a state beginning an EB period, the State Workforce Agency will furnish a written notice of potential entitlement to each individual who has exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 615.13(c)(1)).

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact their State Workforce Agency.

FOR FURTHER INFORMATION CONTACT: U.S. Department of Labor, Employment and Training Administration, Office of Unemployment Insurance Room S–4524. Attn: Kevin Stapleton, 200 Constitution Avenue NW, Washington, DC 20210, telephone number: (202) 693–3009 (this is not a toll-free number) or by email: Stapleton.Kevin@dol.gov.

Signed in Washington, DC.

John Pallasch,
Assistant Secretary for Employment and Training.

DEPARTMENT OF LABOR
Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Benefit Appeals Report

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Employment and Training Administration (ETA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before June 17, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Crystal Rennie by telephone at 202–693–0456, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The ETA 5130, Benefit Appeals Report, contains information on the number of appeals and the resultant decisions classified by program, appeal level, cases filed and disposed of (workload flow), and decisions by level, appellant and issue. The data on this form are used to monitor the benefit appeals process in the state workforce agencies (SWAs). Data are also used for budgeting and workload data. For additional substantive information about this ICR, see the related notice published in the Federal Register on October 28, 2019 (84 FR 57769).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–ETA.
Title of Collection: Benefit Appeals Report
OMB Control Number: 1205–0172.
Affected Public: State, local and Tribal Governments.
Total Estimated Number of Respondents: 53.
Total Estimated Number of Responses: 1,272.
Total Estimated Annual Time Burden: 1,272 hours.
Total Estimated Annual Other Costs Burden: $0.

Anthony May,
Acting Departmental Clearance Officer.

DEPARTMENT OF LABOR
Bureau of Labor Statistics

Information Collection Activities; Comment Request

AGENCY: Bureau of Labor Statistics, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed
and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the “Current Population Survey (CPS).” A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the ADDRESSES section of this notice.

DATES: Written comments must be submitted to the office listed in the ADDRESSES section of this notice on or before July 17, 2020.

ADDRESSES: Send comments to Erin Good, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE, Washington, DC 20212. Written comments also may be transmitted by email to BLS_PRA_Public@bls.gov.

FOR FURTHER INFORMATION CONTACT: Erin Good, BLS Clearance Officer, 202–691–7763 (this is not a toll-free number). (See ADDRESSES section.)

SUPPLEMENTARY INFORMATION:

I. Background

The CPS has been the principal source of the official Government statistics on employment and unemployment for over 75 years. The labor force information gathered through the survey is of paramount importance in keeping track of the economic health of the Nation. The survey is the only source of monthly data on total employment and unemployment. The Employment Situation news release contains data from this survey and is designated as a Principal Federal Economic Indicator (PFEI). Moreover, the survey also yields data on the characteristics of persons not in the labor force. The CPS data are used monthly, in conjunction with data from other sources, to analyze the extent to which, and with what success, the various components of the American population are participating in the economic life of the Nation.

The labor force data gathered through the CPS are provided to users in the desired format, and respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the “Current Population Survey (CPS).” A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the ADDRESSES section of this notice.

Title: Current Population Survey (CPS).
OMB Number: 1220–0100.
Type of Review: Revision of a currently approved collection.
Affected Public: Households.
Total Respondents: 49,500 per month.
Frequency: Monthly.
Total Responses: 594,000.
Average Time per Response: 9.6 minutes.
Estimated Total Burden Hours: 95,040.
Total Burden Cost (capital/startup): $0.
Total Burden Cost (operating/maintenance): $0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Mark Staniorski,
Chief, Division of Management Systems.

BILLING CODE 4510–24–P

DEPARTMENT OF LABOR
Mine Safety and Health Administration

Petitions for Modification of Application of Existing Mandatory Safety Standards

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: This notice is a summary of three petitions for modification submitted to the Mine Safety and Health Administration (MSHA) by the parties listed below.

DATES: All comments on the petitions must be received by MSHA’s Office of Standards, Regulations, and Variances on or before June 17, 2020.

ADDRESSES: You may submit your comments, identified by “docket number” on the subject line, by any of the following methods:

1. Electronic Mail: zzMSHA-comments@dol.gov. Include the docket number of the petition in the subject line of the message.

3. Regular Mail or Hand Delivery: MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, Virginia 22202–5452. Attention: Roselyn B. Fontaine, Acting Director, Office of Standards, Regulations, and Variances. Persons delivering documents are required to check in at the receptionist’s desk in Suite 4E401. Individuals may inspect copies of the petition and comments during normal business hours at the address listed above.

MSHA will consider only comments postmarked by the U.S. Postal Service or proof of delivery from another delivery service such as UPS or Federal Express on or before the deadline for comments.

FOR FURTHER INFORMATION CONTACT: S. Aromic Noe, Office of Standards, Regulations, and Variances at 202–693–9557 (voice), Noe.Song-Ae.A@dol.gov (email), or 202–693–9441 (facsimile). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations Part 44 govern the application, processing, and disposition of petitions for modification.

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. The application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements for filing petitions for modification.

II. Petitions for Modification

Docket Number: M–2019–067–C.
Petitioner: Peabody Twentymile Mining, LLC, 29515 Route County Road 27, Oak Creek, CO 80467. 
Mine: Foidel Creek Mine, MSHA ID. No. 05–03836, located in Routt County, Colorado. 
Regulation Affected: 30 CFR 75.500(d) (Permissible electric equipment).
Modification Request: The petitioner requests an amended petition for modification of the existing standard, 30 CFR 75.500(d), as it relates to the use of an alternative method of respirable dust protection at the Foidel Creek mine. The operator previously submitted a petition to use a battery powered respirable protection unit called a Versaflo™ TR–800 Intrinsically Safe Powered Air Purifying Respirator (PAPR) in or inby the last open crosscut, which was published in the Federal Register on January 27, 2020. The operator submitted the amended petition below to include in the previous petition the use of a powered respirable protection unit called the CleanSpace EX Powered Respirator in or inby the last open crosscut under the same conditions as was proposed for the Versaflo™ TR–800 Intrinsically Safe Powered Air Purifying Respirator (PAPR) product.

The petitioner states that:

(a) Peabody currently uses the 3M Airstream helmet to provide miners with respirable protection against coal mine dust, a protection with long-term health benefits.

(b) 3M is discontinuing the Airstream helmet by June 1, 2020 due to disruption in their component supply, but it will offer the Versaflo™ TR–800 Intrinsically Safe Powered Air Purifying Respirator (PAPR). February 2020 was the last opportunity to order the Airstream components.

(c) There are currently no replacement PAPRs that meet the MSHA standard for permissibility.

(d) The Versaflo™ TR–800 Intrinsically Safe PAPR qualifies as intrinsically safe in the US, Canada, and countries that accept the International Electrotechnical Commissions System for Certification to Standards Relating to Equipment for Use in Explosive Atmosphere (IECEx). However, it is not MSHA-approved and 3M is not pursuing MSHA approval.

(e) Another type of PAPR called the CleanSpace EX Power Unit, which is manufactured by CleanSpace is also determined to be intrinsically safe under IECEx and other countries’ standards. However, the CleanSpace EX Power Unit is not approved by MSHA and CleanSpace is not pursuing MSHA approval.

The petitioner proposes the following alternative method:

(1) The operator is petitioning to use the Versaflo™ TR–800 Intrinsically Safe PAPR and the CleanSpace EX Power Unit in or inby the last open crosscut. 

(2) The equipment will be examined at least weekly by a qualified person according to 30 CFR 75.512–2 and examination results will be recorded weekly and may be expunged after one year.

(3) The operator will comply with 30 CFR 75.323. 

(4) A qualified person under 30 CFR 75.151 will monitor for methane as is required in the mine.

(5) Qualified miners will receive training regarding the information in the Decision and Order before using equipment in the relevant part of the mine. A record of the training will be kept and available upon request.
