¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

² To avoid double counting, an estimated 396,416 burden hours already accounted for in the importer's entry notice information collection approved under OMB control number 0910-0046 are not included in this total.

³ The term "Form FDA 3540" refers to the electronic submission system known as PNSI, which is available at <https://www.access.fda.gov>.

Based on our experience and the average number of prior notice submissions, cancellations, and requests for review received in the past 3 years, we have made no adjustments in our burden estimate for the information collection. We estimate that 1,700 users of ABI/ACS will submit an average of 7,647 prior notices annually, for a total of 12,999,900 prior notices received through ABI/ACS. We assume the reporting burden for a prior notice submitted through ABI/ACS to be 10 minutes, or 0.167 hour, per notice, for a total annual burden of 2,170,983 hours. This estimate takes into consideration the burden hours already counted in the information collection approval for FDA importer's entry notice (OMB control number 0910-0046), as previously discussed.

We estimate that 27,000 registered users of PNSI will submit an average of 70 prior notices annually, for a total of 1,890,000 prior notices received annually. We assume the reporting burden for a prior notice submitted through PNSI to be 23 minutes, or 0.384 hour, per notice, for a total burden of 725,760 hours.

We estimate that 7,040 users of ABI/ACS will submit an average of 1 cancellation annually, for a total of 7,040 cancellations received annually through ABI/ACS. We assume the reporting burden for a cancellation submitted through ABI/ACS to be 15 minutes, or 0.25 hour, per cancellation, for a total burden of 1,760 hours.

We estimate that 35,208 registered users of PNSI will submit an average of 1 cancellation annually, for a total of 35,208 cancellations received annually. We assume the reporting burden for a cancellation submitted through PNSI to be 15 minutes, or 0.25 hour, per cancellation, for a total burden of 8,802 hours.

We estimate that one or fewer requests for review under § 1.283(d) or § 1.285(j) will be submitted annually. We assume that it will take respondents 8 hours to prepare the factual and legal information necessary to prepare a request for review. Thus, we estimate a total reporting burden of 8 hours.

We estimate that 263 post-hold submissions under § 1.285(i) will be submitted annually. We assume that it will take about 1 hour to prepare the written notification described in § 1.285(i)(2), for a total reporting burden of 263 hours.
