SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-501, OMB Control No. 3235-0559]

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 203A-2(e)

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension and approval of the previously approved collection of information discussed below.

Rule 203A-2(e),¹ which is entitled “internet Investment Advisers,” exempts from the prohibition on Commission registration an internet investment adviser who provides investment advice to all of its clients exclusively through computer software-based models or applications termed under the rule as “interactive websites.”² These advisers generally would not meet the statutory thresholds currently set out in section 203A of the Advisers Act³—they do not manage \$25 million or more in assets and do not advise registered investment companies, or they manage between \$25 million and \$100 million in assets, do not advise registered investment companies or business development companies, and are required to be registered as investment advisers with the states in which they maintain their principal

offices and places of business and are subject to examination as an adviser by such states.⁴ Eligibility under rule 203A-2(e) is conditioned on an adviser maintaining in an easily accessible place, for a period of not less than five years from the filing of Form ADV,⁵ a record demonstrating that the adviser’s advisory business has been conducted through an interactive website in accordance with the rule.⁶

This record maintenance requirement is a “collection of information” for PRA purposes. The Commission believes that approximately 181 advisers are registered with the Commission under rule 203A-2(e), which involves a recordkeeping requirement of approximately four burden hours per year per adviser and results in an estimated 724 of total burden hours (4 × 181) for all advisers.

This collection of information is mandatory, as it is used by Commission staff in its examination and oversight program in order to determine continued Commission registration eligibility of advisers registered under this rule. Responses generally are kept confidential pursuant to section 210(b) of the Advisers Act.⁷ An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to (i) www.reginfo.gov/public/do/PRAMain and (ii) David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov.

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Silexx Trading Platform Fees Schedule

May 14, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2020, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend the Silexx trading platform (“Silexx” or the “platform”) Fees Schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend language within the Silexx Fees Schedule to extend the end of the time period for a free upgrade for users on Silexx Basic to Silexx Pro from April 30, 2020 through May 31, 2020.

By way of background, the Silexx platform consists of a "front-end" order entry and management trading platform (also referred to as the "Silexx terminal") for listed stocks and options that supports both simple and complex orders,³ and a "back-end" platform which provides a connection to the infrastructure network. From the Silexx platform (*i.e.*, the collective front-end and back-end platform), a Silexx user has the capability to send option orders to U.S. options exchanges, send stock orders to U.S. stock exchanges (and other trading centers), input parameters to control the size, timing, and other variables of their trades, and also includes access to real-time options and stock market data, as well as access to certain historical data. The Silexx platform is designed so that a user may enter orders into the platform to send to an executing broker (including Trading Permit Holders ("TPHs")) of its choice with connectivity to the platform, which broker will then send the orders to Cboe Options (if the broker is a TPH) or other U.S. exchanges (and trading centers) in accordance with the user's instructions.⁴ The Silexx front-end and back-end platforms are a software application that are installed locally on a user's desktop. Silexx grants users licenses to use the platform, and a firm or individual does not need to be a TPH to license the platform. Use of Silexx is completely optional.

Free Upgrade

Silexx Basic is an order-entry and management system that provides basic functionality including real-time data, alerts, trade reports, views of exchange books, management of the customer's

³ The platform also permits users to submit orders for commodity futures, commodity options and other non-security products to be sent to designated contract markets, futures commission merchants, introducing brokers or other applicable destinations of the users' choice.

⁴ Silexx does not allow users to send orders directly to the Exchange or other market centers; however, an additional version of the Silexx platform, Silexx FLEX, supports the trading of FLEX Options and allows authorized Users with direct access to the Exchange. See Securities Exchange Act Release No. 87028 (September 19, 2019) 84 FR 50529 (September 25, 2019) (SR-CBOE-2019-061).

orders and positions, simple and complex order tickets, and basic risk features. Users are currently charged \$200 per month per Login ID for Silexx Basic. Silexx Pro offers the same functionality as the basic platform plus additional features including an algorithmic order ticket, position analysis, charting, earnings and dividend information, delta hedging tools, volatility skews, and additional risk features. Prior to March 13, 2020, Users were charged \$400 per month per Login ID for Silexx Pro. However on March 13, 2020, the Exchange introduced a free-upgrade period for Users that are currently on Silexx Basic.⁵ This upgrade has allowed users of Silexx Basic to use the functionality of Silexx Pro from March 13, 2020 through April 30, 2020 at the current Silexx Basic rate of \$200 per month per Login ID.

The Exchange now proposes to extend the end of the period of the free-upgrade to May 31, 2020. After this period ends, beginning June 1, 2020, those users who upgraded will be charged at the Silexx Pro rate of \$400 per month until they choose to downgrade. The Exchange notes that the upgrade to Silexx Pro is optional.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its

⁵ See Securities Exchange Act No. 88475 (March 25, 2020) 85 FR 17925 (March 31, 2020) (SR-CBOE-2020-018).

Trading Permit Holders and other persons using its facilities.

In particular, the Exchange believes the proposed rule change is reasonable, equitable, and not unfairly discriminatory because the free upgrade will continue to apply to all current users of Silexx Basic who wish to upgrade. Additionally, the free upgrade period will be limited through May 31, 2020. Finally, the Exchange notes that use of the platform, including the upgrade, is discretionary and not compulsory, and users may downgrade or cancel their Login IDs with Silexx at any time.

B. Self-Regulatory Organization's Statement on Burden on Competition

Cboe Options does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will not impose any burden on intramarket competition because the proposed rule change applies to all users of Silexx. The Exchange notes that each version of Silexx is available to all market participants, and users have discretion to determine which version of the platform they register for based on functionality.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed change applies only to Cboe Options. To the extent that the proposed changes make Cboe Options a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f).

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

³ 17 CFR 240.19b-4.

⁴ The Exchange originally filed to amend the Fee Schedule on May 1, 2020 (SR-NYSEArca-2020-41) and withdrew such filing on May 11, 2020.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Fee Schedule to introduce a new incentive program, and to modify other credits to encourage a variety of transactions to be executed on the Exchange.

Specifically, the Exchange proposes to adopt incentives designed to increase Firm and Broker Dealer transactions on the Exchange, including by offering credits based on posted Firm and Broker Dealer volume under existing and proposed incentive programs, which would increase available interest on the Exchange to the benefit of all market participants.⁵ The proposed change would include a "cross-asset pricing" component to incentivize OTP Holders and affiliates to execute a certain amount of volume on both the Exchange's equities and options platform.

The Exchange proposes to implement the fee changes on May 11, 2020.

Background

The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system
