

Exchange believes that the proposal will have a positive effect on competition because, by providing Entering Firms and their Clearing Firms additional means to monitor and control risk, the proposed rule will increase confidence in the proper functioning of the markets. The Exchange believes the proposed Pre-Trade Risk Controls will assist Entering Firms and Clearing Firms in managing their financial exposure which, in turn, could enhance the integrity of trading on the securities markets and help to assure the stability of the financial system. As a result, the level of competition should increase as public confidence in the markets is solidified.

Federal Railroad Administration

[Docket Number FRA-2020-0038]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 27, 2020, the City of San Clemente, California, (the City), petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 222, Use of Locomotive Horns at Public Highway-Rail Grade Crossings. FRA assigned the petition Docket Number FRA-2020-0038.

Specifically, the City seeks relief from the requirements of 49 CFR 222.59(a)(1), to allow use of a Pedestrian Audible Warning System (PAWS), which is similar to a wayside horn, when approaching seven highway-rail grade crossings, instead of a locomotive horn. The City also requests a waiver of certain provisions found in appendix E to 49 CFR part 222, Paragraphs 4 and 6, to allow a minimum sound level of 80 dB(A) and direction of the PAWS. The seven crossings that are the subject of this waiver are:

- Dije Court—US DOT Number 922847D—MP 203.95—pedestrian—3 PAWS
- El Portal—US DOT Number 922848K—MP 204.04—pedestrian—2 PAWS
- Corto Lane—US DOT Number 026977D—MP 204.56—pedestrian—3 PAWS
- Pier Service Road—US DOT Number 026997P—MP 204.73—private—4 PAWS
- T Street—US DOT Number 922849S—MP 205.16—pedestrian—3 PAWS

- Lost Winds—US DOT Number 922850L—MP 205.56—pedestrian—2 PAWS
- Calafia—US DOT Number 026637S—MP 206.00—pedestrian—2 PAWS

On April 14, 2015, FRA granted the City regulatory relief from the requirements of § 222.59(a)(1), and part 222, appendix E, as described above. See Docket Number FRA-2014-0081. The current petition seeks a five-year extension of relief from these requirements, stating that during the initial waiver period, the PAWS have performed as intended to provide a localized audible warning to pedestrians, and there have been no accidents at any of the seven crossings.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- Website: <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- Fax: 202-493-2251.

- Hand Delivery: 1200 New Jersey Ave. SE, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by July 10, 2020 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our

dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. Competitive Research Funding Opportunity: FTA's Public Transportation Innovation Program

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of Funding Opportunity (NOFO) And Solicitation of Project Proposals for Real-Time Transit Infrastructure and Rolling Stock Condition Assessment Demonstration Program.

SUMMARY: The Federal Transit Administration (FTA) announces the availability of \$1.25 million in Fiscal Year (FY) 2016 Public Transportation Innovation Program funds to demonstrate and evaluate innovative technologies and designs to improve the state of good repair for transit agencies. Public transit is an essential and integral part of America's transportation infrastructure. When transit assets are not in a state of good repair, the consequences include increased safety risks, decreased system reliability, higher maintenance costs, and lower system performance. The Real-Time Transit Infrastructure and Rolling Stock Condition Assessment Demonstration Program supports the U.S. Department of Transportation's (DOT) Infrastructure strategic goal, and the strategic objective of life cycle and preventive maintenance to field asset management planning and innovative maintenance strategies to keep public transit assets in a state of good repair. This demonstration program will fund innovative
