SUPPLEMENTARY INFORMATION:

I. Abstract

This collection of information is required by the Trademark Act of 1946, Sections 13, 14, and 20, 15 U.S.C. 1063,

1064, and 1070, respectively. Under the Trademark Act, any individual or entity that adopts a trademark or service mark to identify their goods or services may apply to federally register their mark. Section 14 of the Trademark Act allows individuals and entities to file a petition to cancel a registration of a mark, while Section 13 allows individuals and entities who believe that they would be damaged by the registration of a mark to file an opposition, or an extension of time to file an opposition, to the registration of a mark. Section 20 of the Trademark Act allows individuals and entities to file an appeal from any final decision of the Trademark Examining Attorney assigned to review an application for registration of a mark.

The USPTO administers the Trademark Act of 1946 through the regulations at 37 CFR part 2, which contains the various rules that govern the filings identified above and other submissions filed in connection with inter partes and ex parte proceedings. These petitions, notices, extensions, and additional papers are filed with the Trademark Trial and Appeal Board (TTAB), an administrative tribunal empowered to determine the right to register and subsequently determine the validity of a trademark.

The information in this collection must be submitted electronically through the Electronic System for Trademark Trials and Appeals (ESTTA). If applicants or entities wish to submit the petitions, notices, extensions, and additional papers in inter partes and ex parte cases, they must use the forms provided through ESTTA.

The responses in this information collection is a matter of public record, and is used by the public for a variety of private business purposes related to establishing and enforcing trademark rights. This information is important to the public, as both common law trademark owners and federal trademark registrants must actively protect their own rights.

II. Method of Collection

Items in this information collection may be submitted via mail, hand delivery, or electronic submission.

Estimated Time per Response: The USPTO estimates that it will take the public from 10 to 30 minutes (0.17 to 0.50 hours), depending on the complexity of the situation, to gather the necessary information, prepare the appropriate documents, and submit the information required for this information collection.

Estimated Total Annual Respondent Burden Hours: 21,133 hours.
