

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Institute of Marine Sciences, University of California at Santa Cruz (Responsible Party: Daniel Costa, Ph.D.) has applied in due form for a permit to conduct research on northern elephant seals (*Mirounga angustirostris*).

DATES: Written, telefaxed, or email comments must be received on or before June 26, 2020.

ADDRESSES: The application and related documents are available for review by selecting “Records Open for Public Comment” from the “Features” box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 23188 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Sara Young or Shasta McClenahan, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant requests authorization to continue a long-term research program started in 1968 to study northern elephant seal population growth and status, reproductive strategies, behavioral and physiological adaptations for diving and fasting, general physiology and metabolism, and sensory physiology. Up to 4,210 northern elephant seals may be captured and handled for research and up to

32,110 individuals may be harassed during research. Five unintentional mortalities related to research and up to 10 directed mortalities for euthanasia of moribund or orphaned pups, are requested annually. Research methods include behavioral observations, marking, flipper tagging, capture and sampling, active and passive acoustics, attachment of instruments for tracking, translocation studies, short-term captive holding for laboratory studies, use of hormone challenges and standard clinical tracer techniques for physiology studies. Research would include all age and sex classes of northern elephant seals over the entire calendar year. Proposed research locations include haul-out sites from California to Washington, but primarily Año Nuevo. Incidental harassment of northern elephant seals, California sea lions (*Zalophus californianus*), harbor seals (*Phoca vitulina*), and Steller sea lions (*Eumetopias jubatus*) of the Eastern Distinct Population Segment is requested. The duration of the requested permit is 5 years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: May 20, 2020.

Public comment will also be accepted on all other agenda items. The Council Chair, based on the number of individuals wishing to comment, will determine the amount of time provided to each commenter.

Council Session: Thursday, June 11, 2020, 9 a.m. Until 12 p.m.

The Full Council will begin with the Call to Order, adoption of the agenda, and approval of minutes.

The Council will receive updates from staff regarding allocation discussions by the Council's Socio-Economic Panel and a recently released report from the U.S. Government Accountability Office providing recommendations for documented processes for allocation reviews. The Council will discuss and provide direction to staff.

The Council will receive a staff report on the impacts of COVID-19 on the Council office operations, reports from state agency representatives on COVID-19 impacts, and an update on the status of the CARES Act relative to COVID-19 relief funds. The Council will discuss impacts, consider any necessary response including emergency action, and take action as appropriate.

The Council will receive an update on the Joint Council Workgroup on Section 102 of the Modern Fish Act and provide guidance to the South Atlantic Fishery Management Council representatives on the workgroup.

NOAA Fisheries Southeast Regional Office staff will provide an update on the status of the For-Hire Electronic Reporting Amendment.

The Council will review any Exempted Fishing Permits received as needed and provide recommendations.

The Council will receive reports from the following committees: Information and Education; Dolphin Wahoo; Snapper Grouper; SEDAR; Citizen Science; Mackerel Cobia; and Executive; and review the SSC Selection Recommendations. The Council will take action as appropriate.

The Council will receive agency and liaison reports, discuss other business and upcoming meetings, and take action as necessary.

Documents regarding these issues are available from the Council office (see **ADDRESSES**).

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 21, 2020.

SUPPLEMENTARY INFORMATION:

Title: Procedural Requirements for Requests for Interpretative, No-Action, and Exemptive Letters (OMB Control No. 3038-0049). This is a request for an extension of a currently approved information collection.

Abstract: This collection covers the information requirements for voluntary requests for, and the issuance of, interpretative, no-action, and exemptive letters submitted to Commission staff pursuant to the provisions of section 140.99 of the Commission's regulations,² and related requests for confidential treatment pursuant to section 140.98(b)³ of the Commission's regulations.

The collection requirements described herein are voluntary. They apply to parties that choose to request a benefit from Commission staff in the form of the regulatory action described in section 140.99. Such benefits may include, for example, relief from some or all of the burdens associated with other collections of information, relief from regulatory obligations that do not constitute collections of information, interpretations, or extensions of time for compliance with certain Commission regulations. It is likely that persons who would opt to request action under section 140.99 will have determined that the sought relief substantially outweighs the information collection burdens.

This information collection is necessary, and would be used, to assist Commission staff in understanding the type of relief that is being requested and the basis for the request. It is also
