National Oceanic and Atmospheric Administration

Federal Consistency Appeal by WesternGeco of North Carolina Objection

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of extension of time to issue a decision.

SUMMARY: This announcement provides notice that the deadline for issuing a decision has been extended by 15 days in the administrative appeal filed with the Department of Commerce (Department) by WesternGeco (Department) by WesternGeco requesting that the Secretary of Commerce (Secretary) override an objection by the North Carolina Division of Coastal Management to a consistency certification for a proposed project to conduct a marine Geological and Geophysical seismic survey in the Atlantic Ocean.

DATES: The new deadline for issuing a decision on WesternGeco's federal consistency appeal of North Carolina's objection is extended to June 15, 2020.

ADDRESSES: NOAA has provided access to publicly available materials and related documents comprising the appeal record on the following website: <http://www.regulations.gov/#!docketDetail;D=NOAA-HQ-2019-0089>.

FOR FURTHER INFORMATION CONTACT: For questions about this Notice, contact Martha McCoy, NOAA Office of General Counsel, Oceans and Coasts Section, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910, (301) 713-7391, martha.mccoy@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

On September 20, 2019, the Secretary received a "Notice of Appeal" filed by WesternGeco pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The "Notice of Appeal" is taken from an objection by the North Carolina Division of Coastal Management to a consistency certification for a proposed project to

conduct a marine Geological and Geophysical seismic survey in the Atlantic Ocean. This matter constitutes an appeal of an “energy project” within the meaning of the CZMA regulations, *see* 15 CFR 930.123(c).

Under the CZMA, the Secretary may override the North Carolina Division of Coastal Management’s objection on grounds that the project is consistent with the objectives or purposes of the CZMA, or is necessary in the interest of national security. To make the determination that the proposed activity is “consistent with the objectives or purposes of the CZMA,” the Department must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the national interest furthered by the proposed activity outweighs the activity’s adverse coastal effects, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the proposed activity to be conducted in a manner consistent with the enforceable policies of the applicable coastal management program. 15 CFR 930.121. To make the determination that the proposed activity is “necessary in the interest of national security,” the Secretary must find that a national defense or other national security interest would be significantly impaired if the proposed activity is not permitted to go forward as proposed. 15 CFR 930.122.

On March 30, 2020, NOAA published a **Federal Register** Notice announcing closure of the appeal decision record. 85 FR 17539. Under the CZMA, a final decision on the appeal must be issued no later than 60 days after notice announcing closure of the decision record is published. 16 U.S.C. 1465(b)(3). This deadline may be extended, however, by publishing (within the 60-day period) a subsequent notice explaining why a decision cannot be issued within that time frame. 16 U.S.C. 1465(c)(1). In that event, a final decision must be issued no later than 15 days after the date of publication of the subsequent notice. 16 U.S.C. 1465(c)(2).

This announcement provides notice that the deadline for issuing a decision on this appeal has been extended by 15 days. The additional time is needed to complete a review of the record and reach a decision. A decision on the federal consistency appeal will be issued no later than June 15, 2020.

(Authority Citation: 16 U.S.C. 1465(c); 15 CFR 930.130(b))

Chief, Oceans and Coasts Section, NOAA Office of General Counsel.

DEPARTMENT OF COMMERCE

Patent and Trademark Office

[Docket No. PTO–P–2020–0028]

Grant of Interim Extension of the Term of U.S. Patent No. 9,364,354; Reducer®

AGENCY: United States Patent and Trademark Office, Department of Commerce.

ACTION: Notice of interim patent term extension.

SUMMARY: The United States Patent and Trademark Office has issued an order granting interim extension for a one-year interim extension of the term of U.S. Patent No. 9,364,354.

FOR FURTHER INFORMATION CONTACT: Ali Salimi by telephone at (571) 272–0909; by mail marked to his attention and addressed to the Commissioner for Patents, Mail Stop Hatch-Waxman PTE, P.O. Box 1450, Alexandria, VA 22313–1450; by fax marked to his attention at (571) 273–0909; or by email to ali.salimi@uspto.gov.

SUPPLEMENTARY INFORMATION: Section 156 of Title 35, United States Code, generally provides that the term of a patent may be extended for a period of up to five years if the patent claims a product, or a method of making or using a product, that has been subject to certain defined regulatory review, and that the patent may be extended for interim periods of up to one year if the regulatory review is anticipated to extend beyond the expiration date of the patent.

On May 21, 2020, Neovasc Medical Ltd., the patent owner of record, timely filed an application under 35 U.S.C. 156(d)(5) for an interim extension of the term of U.S. Patent No. 9,364,354. The patent claims the catheter implantable device, Reducer®. The application for patent term extension indicates that a Premarket Approval Application (PMA) P190035 was submitted to the Food and Drug Administration (FDA) on December 31, 2019.

Review of the patent term extension application indicates that, except for permission to market or use the product commercially, the subject patent would be eligible for an extension of the patent term under 35 U.S.C. 156, and that the

patent should be extended for one year as required by 35 U.S.C. 156(d)(5)(B). Because the regulatory review period will continue beyond the original expiration date of the patent, June 6, 2020, interim extension of the patent term under 35 U.S.C. 156(d)(5) is appropriate.

An interim extension under 35 U.S.C. 156(d)(5) of the term of U.S. Patent No. 9,364,354 is granted for a period of one year from the original expiration date of the patent.

Robert Bahr,

Deputy Commissioner for Patent Examination Policy, United States Patent and Trademark Office.
