The interpretation established a deadline of March 30, 2020, for submitting comments. This document reopens the comment period.

SUPPLEMENTARY INFORMATION: On February 28, 2020, the Department published in the **Federal Register** (85 FR 11848) a notice of policy interpretation and request for comment concerning a change in policy regarding the use of Federal VR funds reserved for pre-employment transition services.

Specifically, the Department issued this notice of interpretation to—(1) clarify current policy regarding the use of Federal VR funds reserved for the provision of pre-employment transition services to pay for auxiliary aids and services needed by all students with disabilities in order to access or participate in required pre-employment transition services under section 113(b) of the Rehabilitation Act of 1973, as amended; and (2) announce a change in policy with respect to additional VR services needed by eligible students with disabilities that may be paid for with the 15 percent minimum of Federal VR grant funds reserved for the provision of pre-employment transition services and the circumstances under which those funds may be used to pay for those additional VR services.

The comment period closed on March 30, 2020. Because the novel coronavirus pandemic has disrupted operations of VR agencies, service providers, educational agencies, and other stakeholders nationwide, and because we have received a number of requests to reopen the comment period on this important issue, we are reopening the comment period until July 1, 2020.

Note: All information in the notice of policy interpretation and request for comment concerning a change in policy regarding the use of Federal VR funds reserved for the provision of pre-employment transition services remains the same, except for the deadline for comments. For purposes of making comments, the notice of interpretation is published in full at 85 FR 11848 (Feb. 28, 2020).

[EPA-R04-OAR-2019-0217; FRL-10009-27-Region 4]

Air Plan Approval; Kentucky; Infrastructure Requirements for the 2015 8-Hour Ozone National Ambient Air Quality Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving portions of a State Implementation Plan (SIP) submission, provided by the Commonwealth of Kentucky, Energy and Environment Cabinet, Department for Environmental Protection, through the Kentucky Division for Air Quality (KDAQ), on January 9, 2019, to demonstrate that the Commonwealth meets the infrastructure requirements of the Clean Air Act (CAA or Act) for the 2015 8-hour ozone national ambient air quality standard (NAAQS). Whenever EPA promulgates a new or revised NAAQS, the CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of each such NAAQS. KDAQ certified that the Kentucky SIP contains provisions that ensure the 2015 8-hour ozone NAAQS is implemented, enforced, and maintained in Kentucky. EPA has in this action determined that the Kentucky infrastructure SIP submissions satisfy certain required infrastructure elements for the 2015 8-hour ozone NAAQS.
