Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until July 17, 2020, unless extended.⁷

Commerce will publish in the **Federal Register** a notice of “Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation” for requests received by the last day of June 2020. If Commerce does not receive, by the last day of June 2020, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, Commerce will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures “gap” period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: May 27, 2020.

Certain Non-Refillable Steel Cylinders From the People’s Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable June 2, 2020.

FOR FURTHER INFORMATION CONTACT: Stephanie Moore, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3692.

SUPPLEMENTARY INFORMATION:

Background

On April 16, 2020, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of certain non-refillable steel cylinders from the People’s Republic of China.¹ Currently, the preliminary determination is due no later than June 22, 2020.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.²

On May 22, 2020, the petitioner in this investigation³ submitted a timely

request that Commerce postpone the preliminary CVD determination.⁴ According to the petitioner, additional time is necessary to allow Commerce to analyze fully the questionnaire responses, request any necessary clarifications, and determine the extent to which countervailable subsidies have benefited the respondents in the preliminary phase of this proceeding.⁵ Consistent with 19 CFR 351.205(e), the petitioner stated the reasons for its request, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, August 24, 2020. Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: May 27, 2020.

Availability of Draft NOAA Education Strategic Plan

AGENCY: Education Council, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of availability; request for comments.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) publishes this notice to solicit comments on the draft 2020–2040 NOAA Education Strategic Plan (Plan). NOAA received broad legislative authority from Congress through the America COMPETES Act (2007, 2010) and the American Innovation and Competitiveness Act (2017) to conduct, develop, support, promote, and coordinate formal and informal education activities at all levels to enhance public awareness and

understanding of ocean, coastal, Great Lakes, and atmospheric science and stewardship by the general public and other coastal stakeholders, including underrepresented groups in ocean and atmospheric science and policy careers. The legislative authority requires NOAA to develop a 20 year plan that is updated every 5 years. This Plan updates the goals for NOAA Education established in the 2015–2035 Education Strategic Plan. NOAA is seeking broad public review of the Plan and encourages all stakeholders and users to review the Plan and provide comments. All comments received will be reviewed and considered in the final drafting of the Plan.

DATES: Comments must be received on or before July 2, 2020.

ADDRESSES: The draft Plan will be available on the following website: <https://www.noaa.gov/office-education/noaa-education-council/strategic-planning-evaluation>.

You may submit comments on this document by the following method:
Electronic Submission: Submit comments via email to Education.Plan@noaa.gov. Please include the identifier, “Education Plan Public Comment” in the subject line.

FOR FURTHER INFORMATION CONTACT: Andrea Sassard, Education Specialist, NOAA Office of Education, (202) 482–2947, andrea.sassard@noaa.gov.

SUPPLEMENTARY INFORMATION: NOAA’s Education Council is soliciting general comments on the NOAA Education Strategic Plan, which describes NOAA’s education goals and strategies. The Plan focuses on conducting, developing, supporting, promoting, and coordinating education activities to enhance awareness and understanding of mission-related sciences.

Since its creation, an important role for NOAA has been imparting scientific knowledge of the Earth’s natural systems to benefit society and support the agency’s mission. During this time, education was guided by the vision of leadership, the findings of researchers, the mandates of legislation for programs within NOAA, and to respond to the needs of society.

In 2007, Congress officially recognized the role of education in NOAA with the passage of the America COMPETES Act (Pub. L. 110–69). This legislation states: “The Administrator, appropriate National Oceanic and Atmospheric Administration programs, ocean atmospheric science and education experts, and interested members of the public shall develop a science education plan setting forth education goals and strategies for the
