qualify as such, the agency shall email a copy of the proposed guidance document (or a summary of it) to the Office of Budget and Program Analysis (OBPA) for review and further direction before issuance. Each proposed guidance document determined to be significant or otherwise of importance to the Department’s interests must be approved by the Mission Area Under Secretary before issuance. In such instances, OBPA shall obtain a Z–RIN and coordinate submission of the proposed guidance document to departmental reviewers as deemed necessary. For purposes of this rule, even if not “significant,” a guidance document shall be considered “otherwise of importance to the Department’s interests” if it may reasonably be anticipated to:

(1) Relate to a major program, policy, or activity of the Department or a high-profile issue pending for decision before the Department;

(2) Involve one of the Secretary’s top policy priorities;

(3) Garner significant press or congressional attention; or

(4) Raise significant questions or concerns from constituencies of importance to the Department, such as Committees of Congress, States or Indian tribes, the White House or other departments of the Executive Branch, courts, consumer or public interest groups, or leading representatives of industry.

(b) USDA shall submit significant guidance documents to OMB for coordinated review. In addition, USDA may determine that it is appropriate to coordinate with OMB in the review of guidance documents that are otherwise of importance to the Department’s interest.

(c) If the guidance document is determined by the proposing agency or OBPA to be not significant, the proposing agency shall issue the guidance document through its standard process.

§ 1.905 Designation procedures.

(a) To obtain a designation from OIRA, USDA agencies shall prepare and submit to OBPA a designation request for guidance documents. Designation requests must include the following information:

(1) A summary of the guidance document; and

(2) The agency’s recommended designation of “not significant,” or “significant,” as well as a justification for that designation.

(b) OBPA shall seek a significance determination from OIRA for guidance documents, as appropriate, in the same manner as for rulemakings. Prior to publishing a guidance document, and with sufficient time to allow OIRA to review the document in the event that it is designated “significant,” USDA shall provide OIRA with an opportunity to review the designation request or the guidance document, if requested, to determine if it meets the definition of “significant” under Executive Order 13891.

§ 1.906 Notice-and-comment procedures.

(a) Except as provided in paragraph (b) of this section, a proposed USDA guidance document determined to be a “significant guidance document” shall be subject to the following informal notice-and-comment procedures. The issuing agency shall publish a notice in the Federal Register announcing that a draft of the proposed guidance document is publicly available, shall post the draft guidance document on its website, shall invite public comment on the draft document for a minimum of 30 days, make the public comments available for public review on its website, and shall prepare and post a public response to major concerns raised in the comments, as appropriate, on its website, either before or when the guidance document is finalized and issued.

(b) The requirements of paragraph (a) of this section will not apply to any significant guidance document or categories of significant guidance documents for which OBPA finds, in consultation with OIRA, the proposing agency, and the Office of the Secretary, good cause that notice and public comment thereon are impracticable, unnecessary, or contrary to the public interest (and incorporates the finding of good cause and a brief statement of reasons therefor in the guidance document issued).

§ 1.907 Petitions for guidance.

Any person may petition a USDA agency to withdraw or modify a particular guidance document. Petitions may be submitted by postal mail to: Guidance Officer, Office of Budget and Program Analysis, USDA, 1400 Independence Avenue SW, Washington, DC 20250–1400. Email petitions may be sent to guidance.inquiries@usda.gov. The agency shall respond to all requests in a timely manner, but no later than 90 days after receipt of the request.

§ 1.908 Rescinded guidance.

No USDA agency may cite, use, or rely on guidance documents that are rescinded, except to establish historical facts.

§ 1.909 Exigent circumstances.

In emergency situations or when the issuing agency is required by statutory deadline or court order to issue guidance documents more quickly than this subpart’s review procedures allow, the issuing agency shall coordinate with OBPA to notify OIRA as soon as possible and, to the extent practicable, shall comply with the requirements of this subpart at the earliest opportunity. Wherever practicable, the issuing agency shall schedule its proceedings to permit sufficient time to comply with the procedures set forth in this subpart.

§ 1.910 Reports to Congress and GAO.

Unless otherwise determined in writing, it is the policy of USDA that upon issuing a guidance document determined to be “significant,” the issuing agency shall submit a report to Congress and the Government Accountability Office in accordance with the procedures described in 5 U.S.C. 801 (the Congressional Review Act).

§ 1.911 No judicial review or enforceable rights.

This subpart is intended to improve the internal management of USDA. As such, it is for the use of USDA personnel only and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies or other entities, its officers or employees, or any other person.

Stephen L. Censky,
Deputy Secretary, U.S. Department of Agriculture.

BILLING CODE 3410–90–P

NUCLEAR REGULATORY COMMISSION

10 CFR Part 50

[NRC–2016–0082]

RIN 3150–AJ74

American Society of Mechanical Engineers 2015–2017 Code Editions Incorporation by Reference; Correction

AGENCY: Nuclear Regulatory Commission.
ACTION: Final rule; correction.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is correcting a rule that was published in the Federal Register on May 4, 2020, regarding its regulations to incorporate by reference the 2015 and 2017 Editions of the American Society of Mechanical Engineers Boiler and Pressure Vessel Code and the 2015 and 2017 Editions of the American Society of Mechanical Engineers Operations and Maintenance of Nuclear Power Plants, Division 1: OM Code: Section IST, for nuclear power plants. This action is necessary to correct a code case reference and an amendatory instruction.

ADDRESSES: Please refer to Docket ID NRC–2016–0082 when contacting the NRC about the availability of information for this action. You may obtain publicly-available information related to this action by any of the following methods:

- NRC’s Office of Federal Register: You may send comments, questions, and other information to the Office of Federal Register, U.S. Government Publishing Office, P.O. Box 7412,Gaithersburg, MD 20887–7412. For assistance with the Federal Register website and for technical support, call (301) 447–1971, or visit the Federal Register website at https://www.federalregister.gov.
- Roll Royce Deutschland Ltd & Co KG, Eschenweg 11, 15827 Blankenfelde-Mahlow, Germany; phone: +49 (0) 33 708 6 0; email: Roll-Royce.deutschland@rolls-royce.com.

SUPPLEMENTARY INFORMATION: In FR Doc. 2020–08855 appearing on page 26576 in the Federal Register of Monday, May 4, 2020, the following corrections are made:

§ 50.55a [Corrected]

1. On page 26576, in the first column, instruction 2.j. is corrected to read “Revise paragraphs (a)(1)(iv)(C)(1) through (3):”;
2. On page 26580, in the first column, in paragraph (g)(6)(ii)(D)(9) the phrase “ASME BPV Code Case N–729–4” is corrected to read “ASME BPV Code Case N–729–6.”

For the Nuclear Regulatory Commission.

Cindy K. Bladey,
Chief, Regulatory Analysis and Rulemaking Support Branch, Division of Rulemaking, Environmental, and Financial Support, Office of Nuclear Material Safety and Safeguards.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

RIN 2120–AA64

Airworthiness Directives; Rolls-Royce Deutschland Ltd & Co KG (Type Certificate Previously Held by Rolls-Royce plc) Turbofan Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; request for comments.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for all Rolls-Royce Deutschland Ltd & Co KG Trent XWB–97 model turbofan engines. This AD requires updating electronic engine control (EEC) software. This AD was prompted by the manufacturer’s finding that a P30 (air pressure) sense line could become partially blocked with a mixture of ice and water, which could cause a time-lag in the P30 signal, interfering with the fuel flow limit calculations. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective June 18, 2020.

The FAA must receive comments on this AD by July 20, 2020.

The FAA receives comments on this AD by July 20, 2020.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- Federal eRulemaking Portal: Go to https://www.regulations.gov. Follow the instructions for submitting comments.
- Hand Delivery: U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this final rule, contact Rolls-Royce Deutschland Ltd & Co KG, Eschenweg 11, 15827 Blankenfelde-Mahlow, Germany; phone: +49 (0) 33 708 6 0; email: rolls-royce.deutschland@rolls-royce.com.

You may view this service information at the FAA, Airworthiness Products Section, Operational Safety Branch, 1200 District Avenue, Burlington, MA 01803. For information on the availability of this material at the FAA, call 781–238–7759. It is also available on the internet at https://www.regulations.gov by searching for and locating Docket No. FAA–2020–0547.

Exercising the AD Docket

You may examine the AD docket on the internet at https://www.regulations.gov for and locating Docket No. FAA–2020–0547; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Stephen Elwin, Aerospace Engineer, ECO Branch, FAA, 1200 District Avenue, Burlington, MA 01803; phone: 781–238–7236; fax: 781–238–7199; email: stephen.l.elwin@faa.gov.

SUPPLEMENTARY INFORMATION:

Discussion

The European Union Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Community, has issued EASA AD 2020–0035, dated February 26, 2020 (referred to after this as “the MCAI”), to address an unsafe condition for the specified products. The MCAI states:

During ground tests, it was found that a P30 (air pressure) sense line could become partially blocked with a mixture of ice and water, which would cause a time-lag in the
