SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Advisory Panel will review Amendment 21: The Council has developed alternatives to address three specific issues in this action: (1) Measures related to the Northern Gulf of Maine (NGOM) Management Area, (2) Limited Access General Category (LAGC) individual fishing quota (IFQ) possession limits, and (3) ability of Limited Access vessels with LAGC IFQ to transfer quota to LAGC IFQ only vessels. Review draft environmental assessment and consider developing preliminary preferred alternatives. They will also discuss the impacts of COVID-19: Discuss the timing and outlook for 2020 surveys and 2021/22 specifications process. Discuss options for completing 2020 Council priorities. Other business may be discussed, as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

SUPPLEMENTARY INFORMATION:

I. Abstract

The success of fisheries management programs depends significantly on tracking catch and effort of participants as well as their history of regulatory compliance. The vessel identification requirement is essential to facilitate these objectives. The ability to link fishing or other activity to the vessel owner or operator is crucial to enforcement of the regulations issued under the authority of the Magnuson-
