

both FTA and non-FTA countries, and short-term authorization holders that have authority to export non-FTA countries. The additional information FE seeks to collect from this subset of natural gas import and export authorization holders includes: Long-term contracts associated with the supply and sales of natural gas, including compressed natural gas, liquefied natural gas, and associated products; changes in control of authorization holders; registrations of agents who import and export natural gas; and, for long-term LNG export authorization holders, semi-annual reports providing information on the status of the relevant proposed or existing LNG export facility, and the date the proposed LNG facility is expected to commence first exports of LNG (where applicable).

(5) *Annual Estimated Number of Respondents*: 396 respondents.

(6) *Annual Estimated Number of Total Responses*: 4,752.

(7) *Annual Estimated Number of Burden Hours*: 14,256 hours.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$1,142,476 (14,256 annual burden hours multiplied by \$80.14 per hour); FE estimates that respondents will have no additional costs associated with the data proposed for collection other than burden hours.

[Docket No. CP20-459-000]

Golden Pass LNG Terminal LLC; Notice of Application

Take notice that on May 21, 2020, Golden Pass LNG Terminal LLC (Golden Pass LNG), 811 Louisiana Street, Houston, Texas 77002, filed an application pursuant to sections 3 of the Natural Gas Act and Part 153 of the Commission's regulations, for authority to amend its order issued on December 21, 2016, granting Golden Pass LNG authority (Golden Pass Export Project) to site, construct and operate facilities for the exportation of liquefied natural gas to increase the total LNG production capacity of the Golden Pass Export Project from 15.6 million metric tons per annum (MTPA) to 18.1 MTPA, and from 740 billion cubic feet per year (Bcf/yr) to 937 Bcf/yr.

Any questions regarding this application should be addressed to Blaine Yamagata, Vice President and General Counsel, Golden Pass LNG, 811 Louisiana Street, Suite 1500, Houston, Texas 77002, by telephone: (713) 324-6952; or to Kevin M. Sweeney, Law Office of Kevin M. Sweeney, 1625 K Street NW, Washington, DC 20006, by telephone at (202) 609-7709.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is

issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 3 copies of filings made in the proceeding with the Commission and must provide a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list and will be notified of any meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of

filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek court review of the Commission's final order.

As of the February 27, 2018 date of the Commission's order in Docket No. CP16-4-001, the Commission will apply its revised practice concerning out-of-time motions to intervene in any new Natural Gas Act section 3 or section 7 proceeding.¹ Persons desiring to become a party to a certificate proceeding are to intervene in a timely manner. If seeking to intervene out-of-time, the movant is required to "show good cause why the time limitation should be waived," and should provide justification by reference to factors set forth in Rule 214(d)(1) of the Commission's Rules and Regulations.²

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Comment Date: 5:00 p.m. Eastern Standard Time on June 18, 2020.

Dated: May 28, 2020.

Kimberly D. Bose,
Secretary.
