Take notice that on May 20, 2020, National Fuel Gas Supply Corporation (National) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until November 1, 2020, to construct and place into service Brockway Modernization Project (Project) located in Jefferson and Elk Counties, Pennsylvania authorized on July 3, 2019. The Project will enable replacement of approximately 9.7 miles of 12-inch-diameter pipeline and certain related facilities.

National was initially required to construct the facilities and place them into service by July 5, 2020. National now requests a four-month extension of this deadline through November 1, 2020. National states that due to delays in receiving the required permits, National was unable to begin construction until March 1, 2020.
