• The RFI also seeks to identify opportunities to strengthen the U.S. healthcare system, as a whole, through public-private partnerships in data sharing and comprehensive analytics. The RFI seeks to identify organizations that would be interested in discussing the form and function of such collaborations.

• The definition of ''health'' system or services and/or ''healthcare'' system or services, for the purposes of this RFI, is in the broadest sense. We seek to understand resilience implications on the provision of health services in all dimensions.

Comments should be identified by Docket ID: TSA–2013–0001 and sent to the Federal eRulemaking Portal, *http://www.regulations.gov.* Please follow the portal instructions for submitting comments. This process is conducted in accordance with 5 CFR 1320.1.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology (IT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011; telephone (571) 227–2062; email *TSAPRA@tsa.dhs.gov.*

SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on March 4, 2020, 85 FR 12800.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at *http://www.reginfo.gov* upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Abstract: As required by the Government Performance and Results Act (GPRA) codified in Public Law 103–62, the NPS uses the Visitor Survey Card (VSC) to monitor and report performance, accomplishments and progress toward pre-established management goals. The VSC is used to measure each park unit's performance related to NPS Management Policy and GPRA Goals IIa1 (visitor satisfaction) and IIb1 (visitor understanding and appreciation). Each year, approximately 330 participating NPS units use the VSC to collect data to evaluate visitor perception and satisfaction of service and facility quality, awareness of park significance, and basic demographic information. Park managers, superintendents and the NPS Social Science Program use the information collected to understand visitor use and improve park services and facilities to develop long-term strategic plans, annual goals, and performance improvement plans.
