BILLING CODE 4910-13-P

DEPARTMENT OF JUSTICE**Drug Enforcement Administration****21 CFR Part 1308**

[Docket No. DEA-510]

Listing of Ethylone in Schedule I of Controlled Substances and Assignment of an Administration Controlled Substances Code Number

AGENCY: Drug Enforcement Administration, Department of Justice.
ACTION: Final rule.

SUMMARY: This is a final rule issued by the Drug Enforcement Administration (DEA) establishing a specific listing and administration controlled substances code number for ethylone (also known as 1-(1,3-benzodioxol-5-yl)-2-(ethylamino)propan-1-one; 3,4-methylenedioxy-N-ethylcathinone; bk-MDEA; MDEC) in schedule I of the Controlled Substances Act (CSA).

DATES: Effective June 8, 2020.

FOR FURTHER INFORMATION CONTACT: Scott A. Brinks, Regulatory Drafting and Policy Support Section, Diversion Control Division, Drug Enforcement Administration; Mailing Address: 8701 Morrisette Drive, Springfield, Virginia 22152; Telephone: (571) 362-3261.

SUPPLEMENTARY INFORMATION:**Ethylone Control**

Ethylone (1-(1,3-benzodioxol-5-yl)-2-(ethylamino)propan-1-one; 3,4-methylenedioxy-N-ethylcathinone; bk-MDEA; MDEC) is a chemical substance which is structurally related to butylone. Butylone is listed as a hallucinogenic substance in schedule I at 21 CFR 1308.11(d)(62), which includes "any of its salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible," and for which "the term 'isomer' includes the optical, position and geometric isomers." When compared to the chemical structure of butylone, ethylone meets the statutory definition of a positional isomer in 21 CFR 1300.01(b). Both butylone and ethylone possess the same molecular formula, core structure, and have the same functional groups. They only differ from one another by a rearrangement of an alkyl moiety between functional groups. Accordingly, under 21 CFR 1308.11(d), ethylone has been and continues to be a schedule I controlled substance.

DEA's Authority To Control Ethylone

This rule is prompted by a letter dated April 21, 2017, in which the United States Government was informed by the Secretary-General of the United Nations that ethylone has been added to Schedule II of the Convention on Psychotropic Substances of 1971 (1971 Convention). This letter was prompted by a decision at the 60th Session of the Commission on Narcotic Drugs in March 2017 to schedule ethylone under Schedule II of the 1971 Convention. Preceding this decision, the Food and Drug Administration (FDA), on behalf of the Secretary of Health and Human Services (HHS), published notice in the **Federal Register** with an opportunity to submit domestic information and opportunity to comment on this action, 81 FR 64162 and 82 FR 3326. In both instances, FDA noted that ethylone was already controlled as a positional isomer of butylone, and that no additional controls would be necessary. However, as a signatory Member State to the 1971 Convention, the United States is obligated to control ethylone under its national drug control legislation, *i.e.*, the CSA.

Ethylone is currently controlled domestically in schedule I of the CSA as a positional isomer of butylone, and, as such, all regulations and criminal sanctions applicable to schedule I substances have been and remain applicable to ethylone. Drugs controlled in schedule I of the CSA satisfy and exceed the required domestic controls of Schedule II under Article 2 of the 1971 Convention. Article 23 of the 1971 Convention allows for adoption of stricter domestic measures of control than those required under the Convention, if those measures are desirable or necessary for the protection of the public health and welfare.

This action has the net effect of establishing a specific listing for ethylone in schedule I of the CSA and assigns an Administration Controlled Substances Number for the substance. This action will allow DEA to establish an aggregate production quota and grant individual manufacturing and procurement quotas to DEA registered manufacturers of ethylone who had previously been granted individual quotas for such purposes under drug code for butylone.

Regulatory Analyses

Administrative Procedure Act

An agency may find good cause to exempt a rule from certain provisions of the Administrative Procedure Act (5 U.S.C. 553), including notice of proposed rulemaking and the opportunity for public comment, if it is determined to be unnecessary, impracticable, or contrary to the public interest. This rule is promulgated in order to comply with international treaty obligations, and because ethylone is currently controlled in schedule I and has no accepted medical use, DEA has no discretion with respect to these changes.

Pursuant to 5 U.S.C. 553(b)(B), DEA finds that notice and comment rulemaking is unnecessary and that good cause exists to dispense with these procedures because the inclusion of ethylone and its Administration Controlled Substances Code Number in the list of schedule I substances in 21 CFR 1308.11(b) is “a minor or merely technical amendment in which the public is not particularly interested.” *National Nutritional Foods Ass’n v. Kennedy*, 572 F.2d 377, 385 (2d Cir. 1978) (quoting S. Rep. No. 79–752, at 200 (1945)). See also *Utility Solid Waste Activities Group v. E.P.A.*, 236 F.3d 749, 755 (D.C. Cir. 2001) (the “unnecessary” prong “is confined to those situations in which the administrative rule is a routine determination, insignificant in

nature and impact, and inconsequential to the industry and public”) (int. quotations and citation omitted). This rule is a “technical amendment” to 21 CFR 1308.11(b) as it is “insignificant in nature and impact, and inconsequential to the industry and public.” Therefore, publishing a notice of proposed rulemaking and soliciting public comment are unnecessary.

In addition, because ethylone is already subject to domestic control under schedule I as a positional isomer of butylone and no additional requirements are being imposed through this action, DEA finds good cause exists to make this rule effective immediately upon publication in accordance with 5 U.S.C. 553(d)(3). As ethylone is already subject to domestic control under schedule I and no additional requirements are being imposed through this action, DEA believes that delaying the effective date of this rule could cause confusion regarding the regulatory status of ethylone. Ethylone is currently controlled as a schedule I controlled substance, and this level of control does not change with this rulemaking.

Executive Order 12866, 13563, and 13771, Regulatory Planning and Review, Improving Regulation and Regulatory Review, and Reducing Regulation and Controlling Regulatory Costs

This regulation has been drafted and reviewed in accordance with the principles of Executive Orders (E.O.) 12866 and 13563. This rule is not a significant regulatory action under E.O. 12866. Ethylone has been controlled in the United States as a positional isomer of a schedule I hallucinogen. In this final rule, DEA is merely amending its regulations to formally list ethylone in schedule I and to assign the Administration Controlled Substances Code Number 7547 to the substance. Listing ethylone and its Administration Controlled Substances Code Number will not alter the status of ethylone as a schedule I controlled substance. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

Because this final rule is not significant under E.O. 12866, it is not subject to the requirements of E.O. 13771.¹

Executive Order 12988, Civil Justice Reform

This regulation meets the applicable standards set forth in sections 3(a) and

3(b)(2) of E.O. 12988 Civil Justice Reform to eliminate drafting errors and ambiguity, provide a clear legal standard for affected conduct, and promote simplification and burden reduction.

Executive Order 13132, Federalism

This rulemaking does not have federalism implications warranting the application of E.O. 13132. The rule does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

This rule does not have tribal implications warranting the application of E.O. 13175. It does not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612) applies to rules that are subject to notice and comment under section 553(b) of the APA or other laws. As explained above, the DEA determined that there was good cause to exempt this final rule from notice and comment. Consequently, the RFA does not apply to this interim final rule.

Paperwork Reduction Act of 1995

This action does not impose a new collection of information requirement under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521. This action would not impose recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act of 1995

In accordance with the Unfunded Mandates Reform Act (UMRA) of 1995, 2 U.S.C. 1532, DEA has determined that this action would not result in any Federal mandate that may result “in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted for inflation) in any one year.” Therefore, neither a Small Government Agency Plan nor any other action is required under UMRA of 1995.

Congressional Review Act

This rule is not a major rule as defined by section 804 of the Congressional Review Act (CRA), 5 U.S.C. 804. However, pursuant to the CRA, DEA is submitting a copy of this rule to both Houses of Congress and to the Comptroller General.

BILLING CODE 4410-09-P

DEPARTMENT OF LABOR**Wage and Hour Division****29 CFR Part 541**

RIN 1235-AA20

Defining and Delimiting the Exemptions for Executive, Administrative, Professional, Outside Sales and Computer Employees; Correction

AGENCY: Wage and Hour Division, Department of Labor.

ACTION: Final rule; technical correction and correcting amendments.

SUMMARY: On September 27, 2019, the Department of Labor published in the *Federal Register* a final rule updating and revising the regulations issued under the Fair Labor Standards Act implementing the exemptions from minimum wage and overtime pay requirements for executive, administrative, professional, outside

sales, and computer employees. This final rule was effective on January 1, 2020. Through publication of this document, the Department corrects certain regulatory text.

DATES: This rule is effective June 8, 2020.

FOR FURTHER INFORMATION CONTACT:

Amy DeBisschop, Director, Division of Regulations, Legislation, and Interpretation, Wage and Hour Division, U.S. Department of Labor, Room S-3502, 200 Constitution Avenue NW, Washington, DC 20210, telephone: (202) 693-0406 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department of Labor published a final rule in the *Federal Register* on September 27, 2019 titled, *Defining and Delimiting the Exemptions for Executive, Administrative, Professional, Outside Sales and Computer Employees*. 84 FR 51230. Due to an error in the instructions for amending 29 CFR 541.601 (Highly compensated employees), the final rule erroneously deleted regulatory text of § 541.601(b)(3) and (4) (page 51307), when the Department's intent was only to revise § 541.601(b)(1) and (2), but to leave paragraphs (b)(3) and (4) unchanged. The Department restores these two provisions in this correction. Further, the Department here deletes § 541.607 (Automatic updates to amounts of salary and compensation required), which should have been deleted in the final rule. In the Notice of Proposed Rulemaking, the Department proposed to delete § 541.607, while affirming its intention to propose increasing the earnings thresholds every four years. 84 FR 10900, 10915 (Mar. 22, 2019). In the final rule the Department declined to finalize its proposal to propose updates quadrennially, and instead reaffirmed its commitment to better implement Congress's instruction to define and delimit the EAP exemptions "from time to time" through regulations. 84 FR 51252 (citing 29 U.S.C. 213(a)(1)). However, due to an error, the Department failed to remove and reserve the regulatory text section in the instructions. The Department corrects these errors with this action.

Section 553(b)(3) of the Administrative Procedure Act (APA) provides that an agency is not required to publish a notice of proposed rulemaking and solicit public comments when the agency has good cause to find that doing so would be "impracticable, unnecessary, or contrary to the public interest." 5 U.S.C. 553(b)(3). The Department finds that good cause exists to dispense with the notice and public

comment procedures for this correction to its regulations, as it concludes that such procedures are unnecessary because this rule merely corrects inadvertent errors in regulatory instructions. Section 553(d) of the APA also provides that substantive rules should take effect not less than 30 days after the date they are published unless "otherwise provided by the agency for good cause found[.]" 5 U.S.C. 553(d)(3). Since this rule is a correction that does not change the substance of the Department's regulations, the Department finds that it is unnecessary to delay the effective date of the rule. Therefore, the Department is issuing this correction as a final rule effective on the date of publication.

List of Subjects in 29 CFR Part 541

Labor, Minimum wages, Overtime pay, Salaries, Teachers, Wages.

For the reasons set out in the preamble, the Department of Labor corrects 29 CFR part 541 by making the following correcting amendments:

An employer may make one final payment as under paragraph (b)(2) of this section within one month after the end of employment.

(4) The employer may utilize any 52-week period as the year, such as a calendar year, a fiscal year, or an anniversary of hire year. If the employer does not identify some other year period
