ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R10-OAR-2019-0640, FRL-10007-75-Region10]

Air Plan Approval; OR; Emission Standard Definition Rule Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the Oregon State Implementation Plan (SIP) submitted on September 5, 2019. The submission revises the SIP to incorporate by reference a more recent update to the emission standards for specific industries by defining the specific Code of Federal Regulations (CFR) edition referenced throughout the revised rule. The EPA is also approving non-substantive revisions to the SIP to correct typographical errors. The EPA has determined the changes are consistent with Clean Air Act requirements.

DATES: This final rule is effective July 9, 2020.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R10-OAR-2019-0640. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., confidential business information or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly-available docket materials are available at <https://www.regulations.gov>, or please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Christi Duboiski, EPA Region 10, 1200 6th Avenue—Suite 155, Seattle, WA 98101, at (360) 753-9081, or duboiski.christi@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, whenever “we,” “us,” or “our” is used, it means the EPA.

I. Background

On September 5, 2019, Oregon submitted a revised regulation to the EPA for approval into the Oregon SIP. On February 7, 2020, we proposed to approve the submitted changes (85 FR 7262). The reasons for our proposed approval were stated in the proposed rule and will not be re-stated here.

II. Response to Comment

The public comment period for our proposed action ended on March 9, 2020. We received one comment, submitted anonymously, which generally supported the proposed action. The commenter also expressed the opinion that environmental well-being ought to take on more significance in government policy decisions. The EPA has reviewed the comment and we consider the comment to be outside the scope of this action or a generalized critique of the EPA. We do not consider this comment to be adverse to this action. The comment lacks the required specificity to the proposed SIP revision and the relevant requirements of Clean Air Act (CAA) section 110. Moreover, the comment does not address a specific regulation or provision in question or recommend a different action on the SIP submission from what “we” proposed. Therefore, we are finalizing our action as proposed. The full text of the comment is in the docket for this action.

III. Final Action

The EPA is approving, and incorporating by reference into the Oregon SIP, the submitted change to OAR Chapter 340, Division 236 Emission Standards for Specific Industries, Section 0010 *Definitions*, State effective July 19, 2019. The EPA is also approving the corrected typographical errors as a “housekeeping” exercise.

IV. Incorporation by Reference

In this document, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, we are finalizing the incorporation by reference of Oregon Administrative Rules as described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to

make, these materials generally available through <https://www.regulations.gov> and at the EPA Region 10 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by the EPA for inclusion in the SIP, have been incorporated by reference by the EPA into that plan, are fully federally-enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of the EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.¹

V. Statutory and Executive Order Review

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive

Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and it will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 10, 2020. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. (See section 307(b)(2)).

RIN 0970–AC75

Child Support

AGENCY: Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

ACTION: Final rule; technical corrections.

SUMMARY: This rule is intended to eliminate regulations that are outdated or unnecessary and to make technical amendments to the Flexibility, Efficiency, and Modernization in Child Support Enforcement (FEM) final rule, published on December 20, 2016, including to amend the compliance date for review and adjustment of child support orders. The Office of Child Support Enforcement is also making conforming amendments to the regulations as a result of the Bipartisan Budget Act of 2018.

DATES: This final rule is effective on July 9, 2020. The compliance dates, or the dates that States must comply with the final rule, differ among the various sections of the Federal regulations. The reasons for delaying compliance dates

include State legislative changes, system modifications, procedural updates, etc.

For more information on compliance dates, see **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: The OCSE Division of Policy and Training at *OCSE.DPT@acf.hhs.gov*. Deaf and hearing impaired individuals may call the Federal Dual Party Relay Service at 1–800–877–8339 between 8 a.m. and 7 p.m. Eastern Time.

SUPPLEMENTARY INFORMATION:

Compliance Dates

The compliance date, or the date by which the States must follow the rule, will be August 10, 2020 except, as noted below:

- *Review and adjustment of child support orders* [45 CFR 303.8(b)(7)(ii)]: For those States that consider incarceration to be voluntary unemployment, this final rule will delay the compliance date for sending notices [45 CFR 303.8(b)(7)(ii)] to 1 year after completion of the first quadrennial review of the State’s guidelines that commences on or after December 21, 2017.

- *Annual collection fee for individuals not receiving title IV–A assistance* [45 CFR 302.33(e)]: The compliance date is October 1, 2018 unless the Secretary of Health and Human Services determines that State legislation (other than legislation appropriating funds) is required for a State to meet the requirements in section 454(6)(B)(ii) of the Social Security Act [42 U.S.C. 654(6)(B)(ii)]. In such a case, the State shall not be regarded as failing to meet such requirements before the first day of the first calendar quarter beginning after the first regular session of the State

legislature that begins after February 9, 2018. For the purposes of determining this date, for States with a 2-year legislative session, each year of the session is deemed to be a separate regular session of the State legislature.

- *Quarterly wage and unemployment compensation claims reporting to the National Directory of New Hires* [45 CFR 303.108(c)]: The compliance date for reporting quarterly wage information is 1 year after the publication of the final rule. However, if State law revisions are needed, the compliance date is the first day of the second calendar quarter beginning after the close of the first regular session of the State legislature that begins after July 9, 2020.

- *Functional requirements for computerized support enforcement systems in operation by October 1, 2000* [45 CFR 307.11(c)(3)(i) and(ii)]: The compliance date for system enhancements to add Social Security Retirement (SSR) with concurrent Supplemental Security Income (SSI) to prevent garnishment of these funds from the noncustodial parent’s financial account will be February 4, 2021.

I. Statutory Authority

This final rule is published under the authority granted to the Secretary of Health and Human Services by section 1102 of the Social Security Act (Act) [42 U.S.C. 1302]. Section 1102 of the Act authorizes the Secretary to publish regulations, not inconsistent with the Act, as may be necessary for the efficient administration of the functions for which the Secretary is responsible under the Act. Additionally, the Secretary has authority under section 452(a)(1) of the Act [42 U.S.C. 652(a)(1)], through a designee, to “establish such
