Office of the Secretary

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; The Environmental Questionnaire and Checklist (EQC)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 30, 2020 (85 FR 17532) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Office of Facilities and Environmental Quality, Office of the Secretary.

Title: The Environmental Questionnaire and Checklist (EQC).

OMB Control Number: 0690–0028.

Form Number(s): CD–593.

Type of Request: Regular submission (an extension of a current information collection).

Number of Respondents: 1,000.

Average Hours per Response: 3 hours.

Burden Hours: 3,000.

Needs and Uses: This request is for an extension of a currently approved information collection. The National Environmental Policy Act (NEPA) (42 U.S.C. 4321–4347) and the Council on Environmental Quality's (CEQ) Regulations for Implementing NEPA (40 CFR parts 1500–1508) require that federal agencies complete an environmental analysis for all major federal actions significantly affecting the environment. Those actions may include a federal agency's decision to fund non-federal projects under grants and cooperative agreements, including infrastructure projects. In order to determine NEPA compliance requirements for a project receiving Department of Commerce (DOC) bureau-level funding, DOC must assess information which can only be provided by the applicant for federal financial assistance (grant).

The Environmental Questionnaire and Checklist (EQC) provides federal financial assistance applicants and DOC staff with a tool to ensure that the necessary project and environmental information is obtained. The EQC was developed to collect data concerning potential environmental impacts that the applicant for federal financial assistance possesses and to transmit that information to the Federal reviewer. The EQC will allow for a more rapid review of projects and facilitate DOC's evaluation of the potential environmental impacts of a project and level of NEPA documentation required. DOC staff will use the information provided in answers to the questionnaire to determine compliance requirements for NEPA and conduct subsequent NEPA analysis as needed. Information provided in the questionnaire may also be used for other regulatory review requirements associated with the proposed project, such as the National Historic Preservation Act.

Affected Public: Individuals or households; Business or other for-profit organizations; Not-for-profit institutions; State, Local or Tribal Government; Federal Government, etc.

Frequency: One-time; Annually.

Respondent's Obligation: Voluntary.

Estimated Total Annual Cost to Public: \$1,200 in mailing costs (\$6 × approximately 200 respondents who choose to mail rather than email attachments).

Legal Authority: 42 U.S.C. 4321 *et seq.*

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Office of the Secretary

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

Fast-track means that each request receives approval five days after submission if no issues are brought to DOC’s attention by OMB within five days.

The information collection activity for this fast-track process will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Department of Commerce’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. SUPPLEMENTARY INFORMATION: The Secretary of Commerce and the Advisor to the President overseeing the Office of Economic Initiatives serve as the co-chairs of the Advisory Board. In addition to the co-chairs, the Advisory Board comprises 25 members that represent various sectors of the economy. The Board advises the National Council for the American Worker.

The June meeting will include updates on implementation of the Call to Action from the May 2020 meeting and recommendations from prior meetings, and discussions of new recommendations under each of the four main goals of the Advisory Board:

- Develop a Campaign to Promote Multiple Pathways to Career Success. Companies, workers, parents, and policymakers have traditionally assumed that a university degree is the best, or only, path to a middle-class career. Employers and job seekers should be aware of multiple career pathways and skill development opportunities outside of traditional 4-year degrees.
- Increase Data Transparency to Better Match American Workers with American Jobs. High-quality, transparent, and timely data can significantly improve the ability of employers, students, job seekers, education providers, and policymakers to make informed choices about education and employment—especially for matching education and training programs to in-demand jobs and the skills needed to fill them.
- Modernize Candidate Recruitment and Training Practices. Employers often struggle to fill job vacancies, yet their hiring practices may actually reduce the pool of qualified job applicants. To acquire a talented workforce, employers must better identify the skills needed for specific jobs and communicate those needs to education providers, job seekers, and students.
