Foreign-Trade Zones Board

[B-35-2020]

Foreign-Trade Zone (FTZ) 105— Providence, Rhode Island; Notification of Proposed Production Activity (Night Vision Camera Systems); Jamestown, Rhode Island

Night Vision Technology Solutions, LLC (Night Vision Technology) submitted a notification of proposed production activity to the FTZ Board for its facility in Jamestown, Rhode Island. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 29, 2020.

Night Vision Technology's facility is located within Subzone 105B. The facility is used for the production of night vision camera systems. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Night Vision Technology from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Night Vision

Technology would be able to choose the duty rates during customs entry procedures that apply to electro-optical infra-red (E.O./IR) camera systems containing thermal cameras, often with the addition of visible cameras, laser range finders, and/or analytic software; handheld uncooled longwave infra-red (LWIR) thermal monoculars; uncooled thermal camera modules; and, temperature measurement devices using thermal sensors (duty-free). Night Vision Technology would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: multi-contact pinned cable connectors; enclosures and housings for camera systems; uncooled LWIR thermal sensors; and, germanium lenses for thermal sensors (duty rate ranges from duty-free to 4.4%). The request indicates the materials/components are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is July 20, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: June 3, 2020.

Andrew McGilvray,
Executive Secretary.

Background

Commerce regulations provide that it will publish in the **Federal Register** a list of scope rulings on a quarterly basis.¹ Our most recent notification of scope rulings was published on March 3, 2020.² This current notice covers all scope rulings and anti-circumvention determinations made by Enforcement and Compliance between January 1, 2020 through March 31, 2020.

Scope Rulings Made January 1, 2020 Through March 31, 2020

People's Republic of China (China)

A-570-890: Wooden Bedroom Furniture From China³

Requestor: U.S. Customs and Border Protection, EAPA Investigation No. 7189. A desk/console table with drawers (found to be excluded office furniture), a TV cabinet with minibar (found to have features inconsistent with wooden bedroom furniture), a trunk storage unit (found to be living room furniture), and a bed bench base (found to be excluded seating furniture) are not covered by the scope of the antidumping duty (AD) order on wooden bedroom furniture from China. However, certain TV credenzas/dressers and a console/custom dresser are covered by the scope of the order because these furniture pieces have features consistent with subject chests and/or dressers and are suitable for storing clothing; December 31, 2019.

A-570-983 and C-570-984: Drawn Stainless Steel Sinks From China

Requestor: Simpli Home Ltd. Based on the scope language stated in the orders, the sinks imported as part of Simpli Home Ltd.'s laundry cabinets are covered by the scope of the AD and countervailing duty (CVD) orders on drawn stainless steel sinks (sinks) from China; January 2, 2020.
