

organizations. Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to the Florida Department of State, Division of Historical Resources. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the Indian Tribes or Native Hawaiian organizations stated in this notice may proceed.

DATES: Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to the Florida Department of State, Division of Historical Resources at the address in this notice by July 10, 2020.

ADDRESSES: Kathryn Miyar, Florida Department of State, Mission San Luis Collections, 2100 West Tennessee Street, Tallahassee, FL 32304, telephone (850) 245-6301, email kathryn.miyar@dos.myflorida.com.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the Florida Department of State, Division of Historical Resources, Tallahassee, FL. The human remains and associated funerary objects were removed from the Manasota Key Offshore site, Sarasota County, FL.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the Florida Department of State, Division of Historical Resources professional staff in consultation with representatives of the Miccosukee Tribe of Indians; Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations); and

The Seminole Nation of Oklahoma (hereafter referred to as "The Tribes").

History and Description of the Remains

From 2016 to 2018, human remains representing, at minimum, 11 individuals were removed from the Manasota Key Offshore site in Sarasota County, FL. In June 2016, the Florida Division of Historical Resources (DHR) Bureau of Archaeological Research (BAR) staff were notified of prehistoric human remains that had washed ashore on Manasota Key in Sarasota County. Underwater archeological staff investigated the incident and discovered the human remains were from an Archaic burial site (7,000 B.P.) now inundated offshore under the Gulf of Mexico. This site is legally protected under Chapter 267 and Section 872.05, Florida Statutes, requiring state archeologists to preserve and protect the site from both human and natural impacts. Underwater archeological excavations were conducted by BAR from 2017 to 2018, in order to develop a protection plan for the underwater cemetery. These excavations resulted in the recovery of in situ remains representing 11 individuals, including seven adults, two infants, and two prenatals. No known individuals were identified. The 49 associated funerary objects include 10 fiber cordage fragments, one modified conch shell, two modified oyster drills, one shell pendant, and 35 wooden stake fragments.

Determinations Made by the Florida Department of State, Division of Historical Resources

Officials of the Florida Department of State, Division of Historical Resources have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on contextual information and osteological analysis.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 11 individuals of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the 49 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains and associated funerary objects and any present-day Indian Tribe.

- According to final judgments of the Indian Claims Commission in 1978, the land from which the Native American human remains and associated funerary objects were removed is the aboriginal land of The Tribes.

- The Treaty with the Florida Tribes of Indians in 1823 (Cession 118) and the Treaty with the Seminoles in 1832 (Cession 173) indicate that the land from which the Native American human remains and associated funerary objects were removed is the aboriginal land of The Tribes.

- Pursuant to 43 CFR 10.11(c)(1), the disposition of the human remains and associated funerary objects may be to The Tribes.

Additional Requestors and Disposition

Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Kathryn Miyar, Florida Department of State, Mission San Luis Collections, 2100 West Tennessee Street, Tallahassee, FL 32304, telephone (850) 245-6301, email kathryn.miyar@dos.myflorida.com, by July 10, 2020. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to The Tribes may proceed.

The Florida Department of State, Division of Historical Resources is responsible for notifying The Tribes that this notice has been published.

Dated: May 15, 2020.

Melanie O'Brien,

Manager, National NAGPRA Program.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket ID: BOEM-2020-0019]

Extension of Post-Sale Evaluation Period for Gulf of Mexico Lease Sale 254

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice to extend post-sale evaluation period.

SUMMARY: This Notice extends the post-sale evaluation period for the Gulf of Mexico, Outer Continental Shelf (OCS) Oil and Gas Lease Sale 254 (Sale 254) by an additional 30 days. BOEM will complete the post-sale evaluation

process for all bids received at Sale 254 by July 16, 2020. This extension is necessary due to operational constraints for the employees located in the BOEM New Orleans office resulting from health and safety concerns associated with the COVID-19 pandemic. Due to current hardware and software infrastructure limitations, BOEM staff are unable to perform geophysical subsurface interpretation while teleworking from their homes. Additional in-office work is still necessary to complete the post-sale evaluation process for these bids. Louisiana has been hit especially hard by the COVID-19 virus. The two most affected Louisiana parishes are Orleans and Jefferson Parishes, where the BOEM office building is located and most of the employees reside. In consideration of these factors, precautions and preventive measures were taken to keep all employees working from the safety of their homes until conditions improve.

DATES: The post-sale evaluation period for Sale 254 will conclude on July 16, 2020.

FOR FURTHER INFORMATION CONTACT: Matthew Wilson, Regional Supervisor, Office of Resource Evaluation, Gulf of Mexico Region, telephone 504-736-2710.

SUPPLEMENTARY INFORMATION: In connection with the Gulf of Mexico Lease Sale 254, held on March 18, 2020, BOEM received 84 bids on 71 tracts. On April 29, 2020, BOEM started the post bid-adequacy determination process in a limited capacity.

The COVID-19 pandemic introduced many operational challenges to BOEM management and staff of the New Orleans office. In compliance with both Federal and State guidelines and to limit the spread and impact of the COVID-19 virus on BOEM employees and the local community, the post-sale evaluation work was delayed. Even though it was deemed safe for mission essential employees to return to the office building on April 29, 2020, required social distancing measures will preclude full staffing and limit the Bureau's ability to timely complete routine work processes.

As a result of the delays in staff being able to return to the office and the required changes in the work environment (*i.e.*, social distancing measures), BOEM requires additional time to conduct and complete the bid review process, originally scheduled to conclude on June 16, 2020, 90 days following the March 18, 2020 sale date. Under the provision of 30 CFR 556.516(b), BOEM is extending the bid

evaluation period for Sale 254 until July 16, 2020.

Authority: This Notice is published pursuant to 30 CFR 556.516(b).

Michael Celata,

*Regional Director, New Orleans Office,
Bureau of Ocean and Energy Management.*

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Completion Drill Bits and Products Containing the Same, DN 3458*; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov.

General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Varel International Industries, LLC on June 4, 2020. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for

importation, and the sale within the United States after importation of certain completion drill bits and products containing the same. The complainant names as respondents: Kingdream Public Ltd. Co. of China; and Taurex Drill Bits, LLC of Norman, OK. The complainant requests that the Commission issue a limited exclusion order, cease and desist orders, and impose a bond upon respondents' alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the
