supports the National Network, working to (1) facilitate the sharing of promising practices and data for broadening participation in STEM, (2) contribute to the knowledge base on broadening participation in STEM through research, and (3) establish a framework for communications and networking among partners, as well as across the National Network. The NSF INCLUDES National Network is composed of over 1200 members that represent: • NSF INCLUDES-funded projects, • Other broadening participation projects and research efforts, including projects funded by other NSF programs (e.g., Louis Stokes Alliances for Minority Participation, Engineering Research Centers, Alliances for Graduate Education and the Professoriate, ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions, Broadening Participation in Computing, Improving Undergraduate STEM Education), • Federally Coordinated in STEM (FC–STEM) agencies, and • Organizations that support the development of talent from all sectors of society to build an inclusive STEM workforce.

NSF is requesting OMB approval for the NSF INCLUDES Coordination Hub to collect information from members of the NSF INCLUDES National Network. The NSF INCLUDES Coordination Hub seeks to collect data from Network members to: (1) Inform Hub activities (e.g., to identify support needs in the coming year; to inform shared measures work and network support and expansion goals); (2) assess development of the NSF INCLUDES National Network; and (3) track progress against the Hub’s theory of action for building collaborative infrastructure at the Network level. This information will be shared with Network members.

Information collected will include respondents’ names, their affiliated organizations, email addresses, and home states. This personally identifiable information (PII) is collected primarily to categorize responses based on respondents’ roles in the NSF INCLUDES National Network. PII will be accessed only by the Coordination Hub. Any public reporting of data will be in aggregate form, and any personal identifiers will be removed.

Use of the Information: The information collected is primarily for the use of the NSF INCLUDES Coordination Hub to understand the utility of the network in supporting their projects; it is not used for informing design decisions the Coordination Hub will make regarding future programming and support provided to network members.

Estimate burden on the public: Estimated at 450 hours, per year, for the duration of the Coordination Hub’s cooperative agreement with NSF. It is beneficial for NSF and the Coordination Hub to have access to this information annually in order to track progress toward the NSF INCLUDES goals of supporting stakeholders in identifying shared goals and objectives and supporting partnerships and networks that help to foster the spread and adaptation of proven effective practices.

Respondents: All members of the NSF INCLUDES National Network will be invited to respond to the survey. The NSF INCLUDES National Network is comprised of individuals who are interested in or working directly to broaden participation in STEM. Some of these individuals are NSF INCLUDES grantees; others who have received NSF awards, or pursue broadening participation in STEM with support from other sources, including grants from federal, state, philanthropic, or business entities. Some are themselves representatives of these various types of funders or businesses, such as program officers at NSF, other Federal agencies, and private foundations.

Estimated number of respondents: 900 (representing a 75% response rate). Average Time per Reporting: The online survey is comprised primarily of closed-ended questions and is designed to be completed by respondents in under 30 minutes.

Frequency: Once per year for the duration of the Coordination Hub’s cooperative agreement with NSF.

Comments: Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility;
(b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information;
(c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and
(d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Please submit one copy of your comments by only one method. All submissions received must include the agency name and collection name identifying this information collection. Comments are strongly encouraged to transmit their comments electronically via email. Comments, including any personal information provided, become a matter of public record. They will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request.

Saturday, July 11, 2020

9:30 a.m.–2:00 p.m.: Preparation of ACRS Reports (Open/Closed)—The Committee will continue its discussion of proposed ACRS reports. [NOTE: A portion of this session may be closed in order to discuss and protect information designated as proprietary, pursuant to 5 U.S.C. 552b(c)(4)]. [NOTE: Portions of this meeting may be closed pursuant to 5 U.S.C. 552b(c)(2) and (6) to discuss organizational and personnel matters that relate solely to internal personnel rules and practices of the ACRS, and information the release of which would constitute a clearly unwarranted invasion of personal privacy.]

Procedures for the conduct of and participation in ACRS meetings were published in the Federal Register on June 13, 2019 (84 FR 27662). In accordance with those procedures, oral or written views may be presented by members of the public, including representatives of the nuclear industry. Persons desiring to make oral statements should notify Quynh Nguyen, Cognizant ACRS Staff and the Designated Federal Official (DFO) (Telephone: 301–415–3974, Email: Quynh.Nguyen@nrc.gov), 5 days before the meeting, if possible, so that appropriate arrangements can be made to allow necessary time during the meeting for such statements. In view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the Cognizant ACRS staff if such rescheduling would result in major inconvenience.

An electronic copy of each presentation should be emailed to the Cognizant ACRS Staff at least one day before meeting.

In accordance with Subsection 10(d) of Public Law 92–463 and 5 U.S.C. 552b(c), certain portions of this meeting may be closed, as specifically noted above. Use of still, motion picture, and television cameras during the meeting may be limited to selected portions of the meeting as determined by the Chairman. Electronic recordings will be permitted only during the open portions of the meeting. ACRS meeting agendas, meeting transcripts, and letter reports are available through the NRC Public Document Room (PDR) at pdr.resource@nrc.gov, or by calling the PDR at 1–800–397–4209, or from the Publicly Available Records System component of NRC’s Agencywide Documents Access and Management System (ADAMS) which is accessible from the NRC website at https://www.nrc.gov/reading-rm/adams.html or https://www.nrc.gov/reading-rm/doc-collections/#ACRS/.

Video teleconferencing service is available for observing open sessions of ACRS meetings. Those wishing to use this service should contact Thomas Dashiell, ACRS Audio Visual Technician at (301–415–7907), between 7:30 a.m. and 3:45 p.m. (Eastern Time), at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the video teleconferencing link. The availability of video teleconferencing services is not guaranteed.

Russell E. Chazell,
Federal Advisory Committee Management Officer, Office of the Secretary.
