- The areas described aggregate 74,689 acres.
- PLO 7467 withdrew these lands from
location and entry under the United
States mining laws, but not from leasing
under the mineral leasing laws, for a
period of 20 years. The extension will
continue the withdrawal established by
PLO 7467 to protect the cultural
significance, capital investments and
dispersed recreation in the USFS's San
Francisco Peaks/Mount Elden
Recreation Area.
- The withdrawal extension would
continue the purpose of the withdrawal
established by PLO 7467 to protect the
capital investments and high-quality
recreation values in the USFS's San
Francisco Peaks/Mount Elden
Recreation area.
- The use of a right-of-way, interagency
agreement, or cooperative agreement
would not provide adequate protection
for the capital improvement investments
that the USFS has made to the San
- Francisco Peaks/Mount Elden
Recreation Area.
- No additional water rights would be
needed to fulfill the purpose of the
requested withdrawal extension. There
are no suitable alternative sites since
these lands contain the developed San
Francisco Peaks/Mount Elden
Recreation Area.

to withhold your personal identifying
information from public review, we

- Notice is hereby given that a virtual
(online) public meeting in connection
with the application for withdrawal
extension will be held on August 17,
2020, at 5:00 p.m. The USFS will
publish a notice of the time and online
venue in a local newspaper a minimum
of 15 days before the scheduled date of
the meeting.
