INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-512 and 731-TA-1248 (Review)]

Carbon and Certain Alloy Steel Wire Rod From China

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the antidumping and countervailing duty orders on carbon and certain alloy steel wire rod (“wire rod”) from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on December 2, 2019 (84 FR 66007) and determined on March 6, 2020 that it would conduct expedited reviews (85 FR 29483, May 15, 2020).

¹ The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 15, 2020. The views of the Commission are contained in USITC Publication 5064 (June 2020), entitled *Carbon and Certain Alloy Steel Wire Rod from China: Investigation Nos. 701-TA-512 and 731-TA-1248 (Review)*.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-624-625 and 731-TA-1450-1451 (Final)]

Quartz Surface Products From India and Turkey; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of quartz surface products from India and Turkey, provided for in subheading 6810.99.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”), and to be subsidized by the governments of India and Turkey.²

Background

The Commission instituted these investigations effective May 14, 2019, following receipt of petitions filed with the Commission and Commerce by Cambria Company LLC, Eden Prairie, Minnesota. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of quartz surface products from India and Turkey were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C.

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

² The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the countervailing and antidumping duty orders on quartz surface products from India and Turkey.
