**SUPPLEMENTARY INFORMATION:**

**Additions**

On May 8, 2020, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the products listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

**Regulatory Flexibility Act Certification**

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products to the Government.
2. The action will result in authorizing small entities to furnish the products to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the products proposed for addition to the Procurement List.

**End of Certification**

Accordingly, the following products are added to the Procurement List:

*Product*

*NSN(s)—Product Name(s):* MR 13064—Set, Pan, Spring Form, 3 Piece

*Mandatory Source of Supply:* Winston-Salem Industries for the Blind, Inc., Winston-Salem, NC

*Contracting Activity:* Military Resale-Defense Commissary Agency

**Deletions**

On May 8, 2020, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the relevant matter presented, the Committee has determined that the products listed below are no longer suitable for

procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

**Regulatory Flexibility Act Certification**

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the products to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the products deleted from the Procurement List.

**End of Certification**

Accordingly, the following products and service are deleted from the Procurement List:

*Products*

*NSN(s)—Product Name(s):*

7510-01-545-3777—DAYMAX System,

2019 Calendar Pad, Type I

7510-01-545-3732—DAYMAX System,

2019, Calendar Pad, Type II

*Mandatory Source of Supply:* Anthony

Wayne Rehabilitation Ctr for Handicapped and Blind, Inc., Fort Wayne, IN

*Contracting Activity:* GSA/FAS ADMIN

SVCS ACQUISITION BR (2, NEW YORK, NY

*Service*

*Service Type:* Grounds Maintenance, Janitorial

*Mandatory for:* Customs and Border Protection, El Centro Sector, 1111 N Imperial Avenue, El Centro, CA

*Mandatory Source of Supply:* ARC-Imperial Valley, El Centro, CA

*Contracting Activity:* U.S. CUSTOMS AND BORDER PROTECTION, BORDER ENFORCEMENT CTR DIV

**DEPARTMENT OF DEFENSE**

**Office of the Secretary**

**Charter Renewal of Department of Defense Federal Advisory Committees**

**AGENCY:** Department of Defense.

**ACTION:** Renewal of Federal Advisory Committee.

**SUMMARY:** The Department of Defense (DoD) is publishing this notice to announce that it is renewing the charter for the Education for Seapower Advisory Board (“the Board”).

**FOR FURTHER INFORMATION CONTACT:** Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

**SUPPLEMENTARY INFORMATION:** The Board’s charter is being renewed in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C., Appendix) and 41 CFR 102-3.50(d). The charter and contact information for the Board’s Designated Federal Officer (DFO) are found at <https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation>.

The Board shall provide the Secretary of Defense and the Deputy Secretary of Defense, through the Secretary of the Navy, with independent advice and recommendations on matters relating to the Naval University System, and specifically, the Naval Postgraduate School and the Naval War College. The Board shall: (a) Provide advice on naval education strategy and implementation thereof, (b) Provide advice on organizational management, curricula and methods of instruction, facilities, other issues of accreditation, and other matters of interest.

The Board shall be composed of no more than 15 members appointed in accordance with DoD policies and procedures, who are imminent authorities in the fields of academia, business, national defense and security, the defense industry, and research and analysis. Not less than 50 percent of Board members shall be eminent authorities in the field of academia. The Deputy Chief of Naval Operations for Manpower, Personnel, Training and Education, the Deputy Chief of Naval Operations for Warfighting Development, and the Commanding General, U.S Marine Corps Training and Education Command shall serve as ex-officio members of the Board, having voting rights and counting toward the Board’s total membership.

Board members who are not full-time or permanent part-time Federal civilian officers, employees, or active duty members of the Armed Forces will be appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. Board members who are full-time or permanent part-time Federal civilian officers, employees, or active duty members of the Armed Forces will be appointed pursuant to 41 CFR 102-3.130(a), to serve as regular government employee members.

All members of the Board are appointed to provide advice on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official Board-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Board. All written statements shall be submitted to the DFO for the Board, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: June 16, 2020.

**Aaron T. Siegel,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

## DEPARTMENT OF DEFENSE

### Department of the Army, US Army Corps of Engineers

#### Notice of Intent To Prepare an Integrated Feasibility Report and Environmental Impact Statement for the St. Tammany Parish, Louisiana Feasibility Study

**AGENCY:** U.S. Army Corps of Engineers, Department of Defense.

**ACTION:** Notice of intent.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers, New Orleans District (CEMVN) intends to prepare an Integrated Feasibility Report and Environmental Impact Statement (IFR-EIS) to evaluate potential coastal storm risk management measures and flood risk management measures in St. Tammany Parish as part of the St. Tammany Parish, Louisiana Feasibility Study. The IFR-EIS will evaluate reasonable alternatives and anticipated social, economic, and environmental impacts associated with those alternatives, as well as potential mitigation measures if adverse impacts are identified. The IFR-EIS will document the existing condition of significant resources in and around areas considered for construction and potential impacts to those resources as a result of implementing the alternatives and any mitigation measures.

**DATES:** A Scoping Meeting Notice announcing the locations, dates and times for scoping meetings is anticipated to be posted on the study website, <https://www.mvn.usace.army.mil/Media/Public-Meetings/> and published in the local newspapers no later than 15 days prior to the meeting dates.

**ADDRESSES:** U.S. Army Corps of Engineers, New Orleans District, Attn: Mrs. Amy Dixon, Project Manager, Room 335, CEMVN-PMR-C, 7400 Leake Avenue, New Orleans, LA 70118. [StTammanyFS@usace.army.mil](mailto:StTammanyFS@usace.army.mil).

**FOR FURTHER INFORMATION CONTACT:** Questions or comments about the proposed action and requests to be added to the mailing list should be directed to: Mrs. Amy Dixon, U.S. Army Corps of Engineers, New Orleans District, Attn: CEMVN-PMR-C, 7400 Leake Avenue, New Orleans, LA 70118; by phone at: (504) 862-1798; or by email at [StTammanyFS@usace.army.mil](mailto:StTammanyFS@usace.army.mil). For additional information, please visit <https://www.mvn.usace.army.mil/About/Projects/BBA-2018/studies/St-Tammany/>.

**SUPPLEMENTARY INFORMATION:** The lead agency for this proposed action is the U.S. Army Corps of Engineers (USACE). The Louisiana Coastal Protection and Restoration Authority Board is the non-Federal sponsor.

1. *Authority:* Sections 1201 and 1207 of the Water Infrastructure Improvements Act of 2016 authorize the St. Tammany Parish, Louisiana Study for water resource development and conservation that include determining the feasibility of implementing projects for multiple purposes, including but not limited to, flood risk management as set forth in the 2015 and 2016 Reports to Congress on Future Water Resources Development. The St. Tammany Parish Louisiana Feasibility Study was authorized for inclusion as a funded study in the Bipartisan Budget Act of 2018 (Pub. L. 115-123), Division B, Subdivision 1, Title IV (BBA 2018) in a Memorandum from the Office of the Deputy Commanding General for Civil and Emergency Operations. The Memorandum provided that plan formulation will be limited to Coastal Storm Risk Management and Flood Risk Management in accordance with BBA 2018. The Government is authorized by BBA 2018 to conduct the Study at full Federal expense to the extent that appropriations provided under the Investigations heading of the BBA 2018 are available and used for such purpose.

2. *Background:* The study area is comprised of the entirety of St.

Tammany Parish, with a focus on the areas impacted by flooding from rainfall and riverine bank overtopping, waves, and storm surge. The study area is located along the border with the state of Mississippi, with the Pearl River along the eastern boundary of the Parish. Lake Pontchartrain serves as the southern border, and is one of the largest estuaries in the United States, with the site of the Southeastern Louisiana National Wildlife Refuge Complex Headquarters in Lacombe. Tangipahoa Parish is located along the western boundary, and Washington Parish is located to the north. The majority of the Parish's population resides in communities along the edge of Lake Pontchartrain, and many residents commute into New Orleans.

Increased resiliency to flood events is the primary identified need for the affected communities within the study area. In addition, the study area's topography, low elevation, and proximity to the Gulf of Mexico are all contributing factors causing flooding and erosion, and degradation of wetland systems within the Parish. Without additional coastal storm and flood risk management measures, the people, economy, environment, and cultural heritage of St. Tammany Parish are at risk from reoccurring flooding.

The scoping, public involvement, and interagency coordination processes will help identify and define the range of the areas within the Parish that experience repetitive flood events, the types of damages caused by such events, and suggested alternatives to reduce the risk of flooding caused by such events. Important resources and issues evaluated in IFR-EIS could include, but are not limited to, the direct, indirect, and cumulative effects on socioeconomics, navigation, wetlands, uplands, aquatic and biological resources, prime and unique farmlands, essential fish habitat, waterfowl, wildlife resources, geology and soils agricultural land and prime and unique farmland; hydrology and hydraulics, threatened and endangered species and their critical habitat, wildlife resources, and other protected species of concern, cultural resources, recreation, aesthetics and visual resources, hazardous, toxic and radioactive waste, environmental justice, soils, air quality, and water quality. USACE will also consider issues identified and comments made throughout scoping, public involvement, and interagency coordination.

3. *Alternatives:* The USACE will evaluate a range of reasonable alternatives to reduce coastal storm and flood risks including structural and
