

Philpott. Within GATS, certificates can be transferred to other GATS subscribers or to a third-party tracking system.

As defined by the PJM-GATS Terms, "Certificates" refers to a GATS electronic record of generation data representing all of the Attributes from one MWh of electricity generation from a Generating Unit registered with the GATS tracking system. The GATS will create exactly one Certificate per MWh of generation. These certificates may be used by electricity suppliers and other energy market participants to comply with relevant state policies and regulatory programs and to support voluntary "green" electricity markets.

Southeastern proposes distribution of the GATS-created REC to Preference Customers with allocations of power from the Kerr-Philpott System.

REC Distribution: Southeastern shall maintain an account with GATS and collect RECs from the generation at the Kerr and Philpott projects. Southeastern will verify the total amount of RECs each month. Preference Customers with an allocation of power from the Kerr-Philpott System are eligible to receive RECs by transfer from Southeastern's GATS account to their GATS account or that of their agent. GATS (or a successor application) will be the transfer mechanism for all RECs related to the Kerr-Philpott System. Any further transfer, sale, use, or trade transaction would be the sole responsibility of a Preference Customer. Southeastern will summarize RECs by month for calendar year, quarterly distribution to customers through GATS. Southeastern will determine a total number of RECs to transfer to each customer based on the customer's monthly invoices during the same three-month period. RECs will be project-specific based on the customer's applicable contractual arrangements. Thus, customers receiving energy from Philpott will receive equivalent RECs from Philpott, and customers receiving energy from Kerr will receive equivalent RECs from Kerr.

All RECs distributed by Southeastern shall be transferred within thirty days of the end of the calendar year quarter (quarterly distribution month). Each customer must submit to Southeastern, by the tenth day of a quarterly distribution month, the name, contact information, and identification number of the GATS account to which the RECs are to be transferred initially and for any quarterly distribution month in which the account for transfer changes. The account may be held by a third party. If the customer fails to designate an account by the tenth day of the quarterly distribution month, those RECs shall not be distributed until the following

quarter. Any RECs that were not transferred because a transfer account was not provided to Southeastern will be forfeited if they become non-transferable in the GATS Terms of Use procedures, policies, or definitions of Reporting and Trading Periods, or any subsequent rules and procedures for transfers as established.

The initial transfer process in GATS will be accomplished by the thirtieth day after the end of the first completed calendar year quarter subsequent to publication of the final policy revision. Any balance of RECs that exist in Southeastern's GATS account, other than the first quarter after policy revision publication, may also be transferred to Preference Customers according to the customer's invoiced energy at the time of the REC creation.

Rates: No rates shall be established by Southeastern for RECs transferred to Preference Customers. Any cost to Southeastern, such as the GATS subscription, will be incorporated into marketing costs and included in recovery through the energy and capacity rates of the Kerr-Philpott System.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.epa.gov/regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.
