

Milwaukee Harbor during the swim portion of a triathlon. It is categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Memorandum for Record supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05-1.

■ 2. Add § 100.T09-0207 to read as follows:

§ 100.T09-0207 **Special Local Regulation; USA Triathlon, Milwaukee Harbor, Milwaukee, WI.**

(a) *Regulated area.* This area includes all waters of the Lake Shore State Park Lagoon in the Milwaukee Harbor within an area bound by coordinates 43°02.20' N, 087°53.69' W, then South to 43°01.75' N, 087°53.71' W, then Southwest to 43°01.73' N, 087°53.96' W, then Northeast to 43°02.20' N, 087°53.83' W, then East to point of origin.

(b) *Special Local Regulations.* (1) The regulations in this section, along with the regulations of § 100.901, apply to this marine event. No vessel may enter, transit through, or anchor within the regulated area without the permission of the Captain of the Port Lake Michigan (COTP) or the Patrol Commander.

(2) Vessel operators desiring to enter or operate within the regulated area shall contact the COTP or the Patrol Commander on VHF-FM Channel 16 to obtain permission to do so. Vessel operators given permission to enter or operate within the regulated area must comply with all directions given to

them by the COTP or the Patrol Commander.

(c) *Effective dates.* These regulations are in effect from 8 a.m. on August 7, 2020 through 2 p.m. on August 9, 2020. Public notice of specific enforcement times will be made available through Broadcast Notice to Mariners.

Dated: June 4, 2020

T.J. Stuhreier,

Captain, U.S. Coast Guard, Captain of the Port Lake Michigan.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket Number USCG-2020-0217]

RIN 1625-AA08

Special Local Regulation; Great Western Tube Float; Colorado River, Parker, AZ

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the location of the special local regulation for the annual Great Western Tube Float, which is held on the navigable waters of the Colorado River in Parker, AZ. The change of the location for the special local regulation is necessary to provide for the safety of life on the navigable waters during the event. This action will restrict vessel traffic in certain waters of the Colorado River, from 7 a.m. to 6 p.m. one Saturday in June, from Buckskin Mountain State Park to La Paz County Park.

DATES: This rule is effective July 22, 2020.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2020-0217 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or Lieutenant Briana Biagas, Waterways Management, U.S. Coast Guard; telephone 619-278-7656, email D11MarineEventsSD@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Great Western Tube Float is an annual recurring event listed in Table 1, Item 9 of 33 CFR 100.1102, Annual Marine Events on the Colorado River, between Davis Dam (Bullhead City, Arizona) and Headgate Dam (Parker, Arizona). Special local regulations exist for the marine event to allow for special use of the Colorado River, Parker, AZ for this event.

On March 17, 2020, the Parker Area Chamber of Commerce notified the Coast Guard that the location of the marine event was being changed. The new location for the Great Western Tube Float will provide effective control over the marine event and insure safety of life in the regatta or marine parade area. In response, on April 27, 2020, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulation; Great Western Tube Float; Colorado River, Parker, AZ (85 FR 23264). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this annual marine event. During the comment period that ended May 12, 2020, we received 1 comment.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041. The Captain of the Port San Diego (COTP) has determined this rule is needed to change the location of the marine event to the navigable waters of the Colorado River from Buckskin Mountain State Park to La Paz County Park, to reflect the actual location of this event. This change is needed to accommodate the sponsor's event plan and ensure that adequate regulations are in place to protect the safety of vessels and individuals that may be present in the regulated area.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received 1 comment on our NPRM published April 27, 2020. The commenter supported the Coast Guard's proposal to change the location of the marine event. The commenter noted they have rafted down the Colorado River many times and know how treacherous the river can be. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule changes the location of the Great Western Tube Float, an annual

event normally held on a Saturday in June on the waters of the Colorado River, Parker, AZ.

33 CFR 100.1102 lists the annual marine events and special local regulations on the Colorado River, between Davis Dam (Bullhead City, Arizona) and Headgate Dam (Parker, Arizona). The enforcement date and regulated location for this marine event are listed in Table 1, Item 9 of Section 100.1102.

This rule changes the location to the navigable waters of the Colorado River from Buckskin Mountain State Park to La Paz County Park, to reflect the actual location of this event. This change is needed to accommodate the sponsor's event plan and ensure that adequate regulations are in place to protect the safety of vessels and individuals that may be present in the regulated area.

The special local regulations are necessary to provide for the safety of the crew, spectators, participants, and other vessels and users of the Colorado River waterway. Persons and vessels will continue to be prohibited from anchoring, blocking, loitering, or impeding within this regulated waterway during the enforcement period unless authorized by the COTP, or his designated representative. Additionally, movement of all vessels within the regulated area and entry of all vessels into the regulated area will be restricted. Before the effective period, the Coast Guard will publish information on the event in the weekly LNM. The proposed regulatory text appears at the end of this document.

V. Regulatory Analysis

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. This event takes place annually on one Saturday in June and will utilize only a small portion of the Colorado River during the event. This event is already included in our regulations, the only change is to the location on the river where the event would take place. The Coast Guard will publish a local notice to mariners in the weeks before the event that details the vessel restrictions of the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 00 comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain

about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132. Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of marine event special local regulations on the navigable waters of the Colorado River. It is

categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to

coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05-1.

■ 2. In § 100.1102, in Table 1 to § 100.1102, revise item “9” to read as follows:

§ 100.1102 Annual Marine Events on the Colorado River, between Davis Dam (Bullhead City, Arizona) and Headgate Dam (Parker, Arizona).

BILLING CODE 9110-04-P

LIBRARY OF CONGRESS

Copyright Office

37 CFR Parts 201 and 202

[Docket No. 2018-12]

Group Registration of Short Online Literary Works

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Final rule.

SUMMARY: The U.S. Copyright Office is amending its regulations to establish a new group registration option for short online literary works. This final rule largely adopts the eligibility requirements set forth in the Office’s December 2018 notice of proposed rulemaking, with certain updates. To qualify for this option, each work must contain at least 50 but no more than 17,500 words. The works must be created by the same individual, or jointly by the same individuals, and each creator must be named as the

copyright claimant or claimants for each work. The works must all be published online within a three-calendar-month period. If these requirements have been met, the applicant may submit up to 50 works with one application and one filing fee. The applicant must complete an online application designated for a group of “Short Online Literary Works” and upload a .ZIP file containing a separate digital file for each work. The Office will examine each work to determine if it contains a sufficient amount of creative authorship, and if the Office registers the claim, the registration will cover each work as a separate work of authorship.

DATES: Effective August 17, 2020.

FOR FURTHER INFORMATION CONTACT: Regan A. Smith, General Counsel and Associate Register of Copyrights; Robert J. Kasunic, Associate Register of Copyrights and Director of Registration Policy and Practice; Kevin R. Amer, Deputy General Counsel; or Erik Bertin, Deputy Director of Registration Policy and Practice, by telephone at 202-707-3000, or by email at regans@copyright.gov, rkas@copyright.gov, kamer@copyright.gov, or ebertin@copyright.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The Copyright Act authorizes the Register of Copyrights to specify by regulation the administrative classes of works for the purpose of seeking a registration and the deposit required for each class.¹ The Act also gives the Register the discretion to allow groups of related works to be registered with one application and one filing fee.² This procedure is known as group registration.³

This rulemaking was initiated in response to a petition jointly submitted by the National Writers Union (“NWU”), the American Society of Journalists and Authors, the Science Fiction and Fantasy Writers of America, Inc. (“SFWA”), and the Horror Writers Association, requesting a rulemaking to create a new group registration option to accommodate works distributed online by individual writers, that would not qualify as contributions to periodicals.⁴ The petition requested that the Office create a new group registration procedure for “short-form works” which

¹ 17 U.S.C. 408(c)(1).
