Under the PRA (44 U.S.C. 3501-  
3520), federal agencies must obtain  
approval from the Office of Management  
and Budget (OMB) for each collection of  
information they conduct or sponsor.  
The term "collection of information" is  
defined in 44 U.S.C. 3502(3) and 5 CFR  
1320.3(c) and includes agency requests  
or requirements that members of the  
public submit reports, keep records, or  
provide information to a third party.  
Section 3506(c)(2)(A) of the PRA  
requires federal agencies to publish a  
60-day notice in the **Federal Register**  
concerning each proposed collection of  
information, including each proposed  
extension or reinstatement of an existing  
collection of information, before  
submitting the collection to OMB for  
approval. To comply with this  
requirement, CMS is publishing this  
notice.

**Information Collection**

1. *Type of Information Collection  
Request:* Revision with change of a  
previously approved collection; *Title:*  
Part C Medicare Advantage Reporting  
Requirements and Supporting  
Regulations in 42 CFR 422.516(a); *Use:*  
Section 1852(m) of the Social Security  
Act (the Act) and CMS regulations at 42  
CFR 422.135 allow Medicare Advantage  
(MA) plans the ability to provide  
"additional telehealth benefits" to  
enrollees starting in plan year 2020 and  
treat them as basic benefits. MA  
additional telehealth benefits are  
limited to services for which benefits  
are available under Medicare Part B but  
which are not payable under section  
1834(m) of the Act. In addition, MA  
additional telehealth benefits are  
services that been identified by the MA  
plan for the applicable year as clinically  
appropriate to furnish through  
electronic information and  
telecommunications technology (or  
"electronic exchange") when the  
physician (as defined in section 1861(r)  
of the Act) or practitioner (as defined in  
section 1842(b)(18)(C) of the Act)  
providing the service is not in the same  
location as the enrollee. Per  
§ 422.135(d), MA plans may only  
furnish MA additional telehealth  
benefits using contracted providers.

The data collected in this measure  
will provide CMS with a better  
understanding of the number of  
organizations utilizing Telehealth per  
contract and to also capture those  
specialties used for both in-person and  
Telehealth. This data will allow CMS to  
improve its policy and process  
surrounding Telehealth. In addition, the
