

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
All Others	5.17	5.13

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. At the request of exporters that account for a significant proportion of quartz surface products from India and Turkey, we extended the four-month period to six months in the *Preliminary Determinations* published on December 13, 2019. Therefore, the extended period, beginning on the date of publication of the preliminary determination, ended on June 9, 2020. Pursuant to section 737(b) of the Act, the collection of cash deposits at the rates listed above will begin on the date of publication of the ITC’s final injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of quartz surface products from India and Turkey entered, or withdrawn from warehouse, for consumption on or after June 10, 2020, the first day provisional measures were no longer in effect, until and through the day preceding the date of publication of the ITC’s final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC’s final determination in the **Federal Register**.

Notification to Interested Parties

This notice constitutes the antidumping duty orders with respect to quartz surface products from India and Turkey pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

These orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: June 16, 2020.

Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Orders

The merchandise covered by these Orders is certain quartz surface products. Quartz surface products consist of slabs and other surfaces created from a mixture of materials that includes predominately silica (e.g., quartz, quartz powder, cristobalite, glass powder) as well as a resin binder (e.g., an unsaturated polyester). The incorporation of other materials, including, but not limited to, pigments, cement, or other additives does not remove the merchandise from the scope of these Orders. However, the scope of these Orders only includes products where the silica content is greater than any other single material, by actual weight. Quartz surface products are typically sold as rectangular slabs with a total surface area of approximately 45 to 60 square feet and a nominal thickness of one, two, or three centimeters. However, the scope of these Orders includes surface products of all other sizes, thicknesses, and shapes. In addition to slabs, the scope of these Orders includes, but is not limited to, other surfaces such as countertops, backsplashes, vanity tops, bar tops, work tops, tabletops, flooring, wall facing, shower surrounds, fire place surrounds, mantels, and tiles. Certain quartz surface products are covered by these Orders whether polished or unpolished, cut or uncut, fabricated or not fabricated, cured or uncured, edged or not edged, finished or unfinished, thermoformed or not thermoformed, packaged or unpackaged, and regardless of the type of surface finish. In addition, quartz surface products are covered by these Orders whether or not they are imported attached to, or in conjunction with, non-subject merchandise such as sinks, sink bowls, vanities, cabinets, and furniture. If quartz surface products are imported attached to, or in conjunction with, such non-subject merchandise, only the quartz surface product is covered by the scope.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise fabricated in a third country, including by cutting, polishing, curing, edging, thermoforming, attaching to, or packaging with another product, or any other finishing, packaging, or fabrication that would not otherwise remove the merchandise from the scope of these Orders if performed in the country of manufacture of the quartz surface products. The scope of these Orders does not cover quarried stone surface products, such as granite, marble, soapstone, or quartzite. Specifically excluded from the scope of these Orders are crushed glass surface products.

Crushed glass surface products must meet each of the following criteria to qualify for this exclusion: (1) The crushed glass content is greater than any other single material, by actual weight; (2) there are pieces of crushed glass visible across the surface of the product; (3) at least some of the individual pieces of crushed glass that are visible across the surface are larger than 1 centimeter wide as measured at their widest cross-section (Glass Pieces); and (4) the distance between any single Glass Piece and the closest separate Glass Piece does not exceed three inches.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under the following subheading: 6810.99.0010. Subject merchandise may also enter under subheadings 6810.11.0010, 6810.11.0070, 6810.19.1200, 6810.19.1400, 6810.19.5000, 6810.91.0000, 6810.99.0080, 6815.99.4070, 2506.10.0010, 2506.10.0050, 2506.20.0010, 2506.20.0080, and 7016.90.1050. The HTSUS subheadings set forth above are provided for convenience and U.S. Customs purposes only. The written description of the scope is dispositive.

Large Diameter Welded Pipe From Greece: Final Results of Antidumping Duty Changed Circumstances Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 6, 2020, the Department of Commerce (Commerce) published the preliminary results of the changed circumstances review (CCR) of the antidumping duty (AD) order on large diameter welded pipe (welded pipe) from Greece which revoked, in part, this order as it relates to certain specific welded pipe products. Commerce has adopted the scope exclusion language in these final results.

DATES: Applicable June 22, 2020.

FOR FURTHER INFORMATION CONTACT: Brittany Bauer, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3860.

SUPPLEMENTARY INFORMATION:

Background

On May 2, 2019, Commerce published the AD order on welded pipe from Greece.¹ On May 6, 2020, Commerce published the *Preliminary Results*,² in which Commerce preliminarily revoked, in part, the *Order* with respect to certain welded pipe products with specific combinations of grades, diameters, and wall thicknesses. These products have been incorporated into the exclusion language of the scope, below in bold.

Corinth Pipeworks Pipe Industry S.A. (Corinth) placed comments made by the petitioners, representing “substantially all” of the domestic industry,³ in the CCRs of welded pipe from India on the record of this CCR. These comments indicate that the domestic industry does not currently produce the particular welded pipe products subject to this partial revocation request, and the investment needed to do so far exceeds the potential benefit of such investment. In addition, in these same comments, the domestic producers provided an explanation indicating that the commercial reality has changed since the *Order* was put in place.

Both in the CCRs of welded pipe from India and the *Preliminary Results*, we found that there was “good cause” to conduct the CCRs less than 24 months after the date of publication of notices of the final determinations in the investigations.⁴ In addition, in the *Preliminary Results*, we provided all interested parties an opportunity to comment and to request a public hearing regarding our preliminary findings.⁵ No interested party submitted comments.

Scope of the Order

The merchandise covered by this *Order* is welded carbon and alloy steel line pipe (other than stainless steel pipe), more than 406.4 mm (16 inches) in nominal outside diameter (large diameter welded line pipe), regardless

of wall thickness, length, surface finish, grade, end finish, or stenciling. Large diameter welded pipe may be used to transport oil, gas, slurry, steam, or other fluids, liquids, or gases.

Large diameter welded line pipe is used to transport oil, gas, or natural gas liquids and is normally produced to the American Petroleum Institute (API) specification 5L. Large diameter welded line pipe can be produced to comparable foreign specifications, grades and/or standards or to proprietary specifications, grades and/or standards, or can be non-graded material. All line pipe meeting the physical description set forth above, including any dual- or multiple-certified/stenciled pipe with an API (or comparable) welded line pipe certification/stencil, is covered by the scope of the *Order*.

Subject merchandise also includes large diameter welded line pipe that has been further processed in a third country, including but not limited to coating, painting, notching, beveling, cutting, punching, welding, or any other processing that would not otherwise remove the merchandise from the scope of the *Order* if performed in the country of manufacture of the in-scope large diameter welded line pipe.

Excluded from the scope of the *Order* is structural pipe, which is produced only to American Society for Testing and Materials (ASTM) standards A500, A252, or A53, or other relevant domestic specifications, or comparable foreign specifications, grades and/or standards or to proprietary specifications, grades and/or standards. Also excluded is large diameter welded pipe produced only to specifications of the American Water Works Association (AWWA) for water and sewage pipe. Also excluded is large diameter welded pipe in the following combinations of grades, outside diameters, and wall thicknesses:

- Grade X60, X65, or X70, 18 inches outside diameter, 0.688 inches or greater wall thickness;
- Grade X60, X65, or X70, 20 inches outside diameter, 0.688 inches or greater wall thickness;
- Grade X60, X65, X70, or X80, 22 inches outside diameter, 0.750 inches or greater wall thickness; and
- Grade X60, X65, or X70, 24 inches outside diameter, 0.750 inches or greater wall thickness.

The large diameter welded line pipe that is subject to this *Order* is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060,

7305.12.5000, 7305.19.1030, 7305.19.1060, and 7305.19.5000. Merchandise currently classifiable under subheadings 7305.31.4000, 7305.31.6090, 7305.39.1000 and 7305.39.5000 and that otherwise meets the above scope language is also covered. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive.

Final Results of CCR

Section 751(b) authorizes Commerce to modify the scopes of AD and CVD orders only for those orders in which we conduct a CCR.⁶ Further, 19 CFR 351.216(c) states that “good cause” exists when Commerce conducts a CCR within 24 months of the publication of a final determination of an investigation. In the *Initiation*, Commerce found that “good cause” existed to initiate this CCR.⁷ No parties submitted comments regarding the *Preliminary Results*. Therefore, for the reasons stated in the *Initiation* and *Preliminary Results*, Commerce continues to find that it is appropriate to revoke the *Order*, in part, in accordance with 19 CFR 351.222(g)(1) with respect to certain welded pipe products with specific combinations of grades, diameters, and wall thicknesses, as reflected in the “Scope of the Order” section of this notice.

We will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation for all shipments of the products subject to this changed circumstances review that were entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice of revocation in the **Federal Register**. All entries of the revoked products that were suspended on or after the date of publication of this revocation notice will be liquidated without regard to antidumping duties (*i.e.*, refund all cash deposits).

Notification to Interested Parties

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

[C–570–130]

Certain Walk-Behind Lawn Mowers and Parts Thereof From the People's Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable June 15, 2020.

FOR FURTHER INFORMATION CONTACT: Terre Keaton Stefanova or Jacob Garten, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1280 or (202) 482–3342, respectively.

SUPPLEMENTARY INFORMATION:

The Petition

On May 26, 2020, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) petition concerning imports of certain walk-behind lawn mowers and parts thereof (lawn mowers) from the People's Republic of China (China) filed in proper form on behalf of MTD Products, Inc. (the petitioner).¹ The Petition was accompanied by an antidumping duty (AD) petition concerning imports of lawn mowers from China and the Socialist Republic of Vietnam.

On May 29, 2020, Commerce requested supplemental information pertaining to certain aspects of the

Petition,² to which the petitioner filed responses on June 2, 2020.³

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of China (GOC) is providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of lawn mowers in China and that such imports are materially injuring, or threatening material injury to, the domestic industry producing lawn mowers in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition is supported by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petition on behalf of the domestic industry because the petitioner is an interested party as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the requested CVD investigation.⁴

Period of Investigation

Because the Petition was filed on May 26, 2020, the period of investigation (POI) is January 1, 2019 through December 31, 2019.⁵

Scope of the Investigation

The merchandise covered by this investigation is lawn mowers from China. For a full description of the scope of this investigation, see the appendix to this notice.

Comments on Scope of the Investigation

As discussed in the *Preamble* to Commerce's regulations, we are setting

² See Commerce's Letters, "Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Certain Walk-Behind Lawn Mowers and Parts Thereof from the People's Republic of China and the Socialist Republic of Vietnam: General Issues Supplemental Questions," and "Petition for the Imposition of Countervailing Duties on Imports of Certain Walk-Behind Lawn Mowers and Parts Thereof from the People's Republic of China: Supplemental Questions," both dated May 29, 2020.

³ See Petitioner's Letters, "Petitions for the Imposition of Antidumping Duties on Imports of Certain Walk-Behind Lawn Mowers from the People's Republic of China and the Socialist Republic of Vietnam, and Countervailing Duties from the People's Republic of China: General Issues Supplemental Questions Response Volume I," (General Issues Supplement), and "Petitions for the Imposition of Countervailing Duties on Imports of Certain Walk-Behind Lawn Mowers from the People's Republic of China: Supplemental Questionnaire Response Volume IV," both dated June 2, 2020.

⁴ See "Determination of Industry Support for the Petition" section, *infra*.

⁵ See 19 CFR 351.204(b)(2).

aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁶ Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determination. If scope comments include factual information,⁷ all such factual information should be limited to public information. To facilitate preparation of its questionnaires, Commerce requests that all interested parties submit scope comments by 5:00 p.m. Eastern Time (ET) on July 6, 2020, which is 20 calendar days from the signature date of this notice.⁸ Any rebuttal comments, which may include factual information, must be filed by 5:00 p.m. ET on July 16, 2020, which is 10 calendar days from the initial comment deadline.⁹

Commerce requests that any factual information the parties consider relevant to the scope of the investigation be submitted during this time period. However, if a party subsequently finds that additional factual information pertaining to the scope of the investigation may be relevant, the party may contact Commerce and request permission to submit the additional information. All such comments must also be filed on the record of the concurrent AD investigations.

Filing Requirements

All submissions to Commerce must be filed electronically using Enforcement and Compliance's (E&C's) Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS), unless an exception applies.¹⁰ An electronically filed document must be received successfully

⁶ See *Antidumping Duties; Countervailing Duties*, 62 FR 27296, 27323 (May 19, 1997) (*Preamble*).

⁷ See 19 CFR 351.102(b)(21) (defining "factual information").

⁸ Commerce's practice dictates that where a deadline falls on a weekend or Federal holiday, the appropriate deadline is the next business day (in this instance, May 11, 2020). See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).
