Calcium Hypochlorite From China

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping and countervailing duty orders on calcium hypochlorite from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.²

Background

The Commission instituted these reviews on December 2, 2019 (84 FR 66002) and determined on March 6, 2020 that it would conduct expedited reviews (85 FR 29740, May 18, 2020).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 17, 2020. The views of the Commission are contained in USITC Publication 5065 (June 2020), entitled *Calcium Hypochlorite from China: Investigation Nos. 701–TA–510 and 731–TA–1245 (Review)*.
