Offshore Wind Integration in RTOs/ISOs; Notice of Technical Conference

Take notice that Federal Energy Regulatory Commission (Commission) staff will convene a technical conference to discuss whether existing Commission transmission, interconnection, and merchant transmission facility frameworks in RTOs/ISOs can accommodate anticipated growth in offshore wind generation in an efficient and effective manner that safeguards open access transmission principles and to consider possible changes or improvements to the current framework should they be needed to accommodate such growth. Commissioners may participate in the technical conference.

The technical conference will be held on Tuesday, October 27, 2020, from approximately 9:00 a.m. to 5:00 p.m. Eastern Time. The technical conference will be held either in-person at the Commission's headquarters at 888 First Street NE, Washington, DC 20426 in the Commission Meeting Room (with a WebEx option available) or solely electronically. A supplemental notice will be issued prior to the technical conference with further details regarding the agenda, whether it will be held in-person or electronically, and if there are changes to the date or time of the technical conference.

Individuals interested in participating as panelists should submit a self-nomination form by 5:00 p.m. on Friday, August 14, 2020 at: <https://www.ferc.gov/whats-new/registration/10-27-20-speaker-form.asp>. Individuals who are interested in registering for the conference can do so here: <https://www.ferc.gov/whats-new/registration/10-27-20-form.asp>.

The conference will be transcribed. Transcripts will be available for a fee from Ace Reporting (202–347–3700).

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1–866–208–3372 (voice) or 202–208–8659 (TTY), or send a fax to 202–208–2106 with the required accommodations.

French Hydro LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a subsequent license for the French Paper Hydroelectric Project (project) and has prepared an Environmental Assessment (EA). The project is located on the St. Joseph River in the City of Niles, Berrien County, Michigan, and does not occupy federal land.

The EA analyzes the potential environmental effects of continuing to operate the project and concludes that issuing a subsequent license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission provides all interested persons an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the eLibrary link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. At this time, the Commission has suspended access to Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020.
