However, should problems occur, FMCSA will take all steps necessary to protect the public interest, including revocation or restriction of the exemption. DEPARTMENT OF TRANSPORTATION**Federal Motor Carrier Safety Administration**

[Docket No. FMCSA-2019-0244]

Parts and Accessories Necessary for Safe Operation; Application for an Exemption From Lytx Inc.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of correction.

SUMMARY: FMCSA corrects the permissible mounting location for Lytx, Inc.'s (Lytx) advanced driver assistance systems (ADAS) in the windshield of commercial motor vehicles (CMV), as identified in a May 21, 2020, notice of final disposition granting a limited five-year exemption to motor carriers utilizing the Lytx ADAS.

DATES: This correction is applicable June 24, 2020.

FOR FURTHER INFORMATION CONTACT: Mr. José R. Cestero, Vehicle and Roadside Operations Division, Office of Carrier, Driver, and Vehicle Safety, MC-PSV, (202) 366-5541, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC, 20590-0001. If you have questions regarding viewing or submitting material to the docket, contact Docket Operations, (202) 366-9826.

SUPPLEMENTARY INFORMATION: On May 21, 2020 (85 FR 31021), FMCSA published a notice granting a limited 5-year exemption to allow motor carriers to mount the Lytx ADAS lower in the windshield than is currently permitted by the Agency's regulations. In its exemption application, Lytx stated that the ADAS needs to be mounted approximately 204 mm (8 inches) below the upper edge of the windshield wipers to utilize a mounting location that allows optimal functionality of the camera system. In evaluating the Lytx application and the public comments received, FMCSA agreed that the camera system needs to be mounted in this location because the size of the camera system precludes mounting it (1) higher in the windshield, and (2) within 4 inches from the top of the area swept by the windshield wipers to comply with the regulations.

However, in the "Terms and Conditions for the Exemption" section of the May 21 notice of final disposition, FMCSA inadvertently stated that during the temporary exemption period, motor carriers using the Lytx ADAS must ensure that the bottom edge of the camera housing is mounted such that it is approximately 8 inches below the upper edge of the windshield, instead of 8 inches below the upper edge of the area swept by the windshield wipers.

The corrected text should read "During the temporary exemption period, motor carriers will be allowed to operate CMVs equipped with Lytx's ADAS in the approximate center of the top of the windshield and such that the bottom edge of the camera housing is approximately 8 inches below the upper edge of the area swept by the windshield wipers, outside of the driver's and passenger's normal sight lines to the road ahead, highway signs and signals, and all mirrors."

Larry W. Minor,

Associate Administrator for Policy.

Proposed Information Collection Request Submitted for Public Comment; Comment Request Relating to Annual Certification for Multiemployer Defined Benefit Plans

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service, as part of its continuing effort to reduce paperwork and respondent burden, invites the public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Currently, the IRS is soliciting comments concerning guidance to the annual certification for Multiemployer Defined Benefit Plans.

DATES: Written comments should be received on or before August 24, 2020 to be assured of consideration.

ADDRESSES: Direct all written comments to Kinna Brewington, Internal Revenue Service, Room 6529, 1111 Constitution Avenue NW, Washington, DC 20224. Durbala, at Internal Revenue Service, Room 6129, 1111 Constitution Avenue NW, Washington DC 20224, or through the internet, at Rjoseph.Durbala@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: Annual Certification for Multiemployer Defined Benefit Plans. *OMB Number:* 1545-2111.

Regulation Project Number: REG-151135-07.

Abstract: Section 432(b)(3)(A) requires an actuarial certification of whether a multiemployer plan is in endangered status, and whether a multiemployer plan is or will be in critical status, for each plan year. This certification must be completed by the 90th day of the plan year and must be provided to the Secretary of the Treasury and to the plan sponsor. If the certification is with respect to a plan year that is within the plan's funding improvement period or rehabilitation period arising from a prior certification of endangered or critical status, the actuary must also certify whether the plan is making scheduled progress in meeting the requirements of its funding improvement or rehabilitation plan.

Actuaries submit certifications in various formats and lengths. The creation of an established form would limit the submissions to the information required within an annual certification, reducing the burden to all those affected.

Current Actions: This is a new request for a proposed form for actuaries to report the funding status of multiemployer defined benefit retirement plans. Actuaries have been required to submit certifications regarding plans' funding statuses since 2008 under IRC 432, but we are proposing a form to encourage consistency of the format of certifications submitted annually and to simplify the process.

Type of Review: Existing collection in use without an OMB control number.

Affected Public: Not-for-profit institutions, business or other for-profit organizations.

Estimated Number of Respondents: 1,600.

Estimated Time per Respondent: 45 min.

Estimated Total Annual Burden Hours: 1,200.

The following paragraph applies to all the collections of information covered by this notice:
