

participant is a foreign national; and (4) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.²² If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.²³ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h).

Assessment Rates

Upon issuance of the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. If Zhongji's or Xiamen Xiashun's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates, in accordance with 19 CFR 351.212(b)(1).²⁴ For Zhongji and Xiamen Xiashun, Commerce intends to calculate an importer-specific per-unit assessment rate by dividing the amount of dumping for reviewed sales to the importer by the total sales quantity associated with those transactions. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. If Zhongji's or Xiamen Xiashun's weighted-average dumping margin is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review where applicable.

For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, Commerce will instruct CBP to liquidate such entries at

the rate for the China-wide entity.²⁵ Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's cash deposit rate) will be liquidated at the rate for the China-wide entity.²⁶ We intend to issue instructions to CBP 15 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Zhongji or Xiamen Xiashun will be the rate established in the final results of this review (except, if the *ad valorem* rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate published for the most recently completed period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

Silicon Metal From Russia: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on silicon metal from Russia would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD order.

DATES: Applicable June 24, 2020.

Commerce initiated the third five-year (sunset) review of the AD order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the AD order on silicon metal from Russia would likely lead to a continuation or recurrence of dumping. Commerce, therefore, notified the ITC of the magnitude of the margins likely to prevail should the AD order be revoked, in accordance with section 752(c)(3) of the Act.³

On June 3, 2020, the ITC determined that revocation of the AD order would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to sections 751(c) and 752(a) of the Act.⁴

Scope of the Order

The product covered by this order is silicon metal, which generally contains at least 96.00 percent but less than 99.99 percent silicon by weight. The merchandise covered by this order also includes silicon metal from Russia containing between 89.00 and 96.00 percent silicon by weight, but containing more aluminum than the silicon metal which contains at least 96.00 percent but less than 99.99 percent silicon by weight. Silicon metal currently is classifiable under subheadings 2804.69.10 and 2804.69.50 of the Harmonized Tariff Schedule of the United States (HTSUS). This order covers all silicon metal meeting the above specification, regardless of tariff classification.

Continuation of the AD Order

As a result of the determinations by Commerce and the ITC that revocation of the AD order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD order on silicon metal from Russia. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports

Cast Iron Soil Pipe Fittings From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Wor-Biz Industrial Product Co., Ltd. (Anhui) (Wor-Biz), an exporter of cast iron soil pipe fittings (soil pipe fittings) from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) February 20 2018 through July 31, 2019. We also preliminarily determine that Qinshui Shunshida Casting Co., Ltd. (Shunshida) is not eligible for a separate rate and is, therefore, part of the China-wide entity. We invite interested parties to comment on these preliminary results.

DATES: Applicable June 24, 2020.

FOR FURTHER INFORMATION CONTACT: Michael Bowen or Samantha Kinney, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0768 or (202) 482–2285, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 7, 2019, Commerce published a notice of initiation of an administrative review of the antidumping duty order on soil pipe fittings from China.¹ This administrative review covers 11 companies, including two mandatory respondents: Wor-Biz² and Shunshida. We preliminarily determine that sales of subject merchandise by Wor-Biz have been made at prices below NV. Shunshida did not respond to our questionnaire and has filed no submissions on the record of this administrative review. We therefore consider Shunshida to be part of the China-wide entity. In addition, we are preliminarily granting separate rates to five producers/exporters, including Wor-Biz.

On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days, thereby extending the deadline for these results until June 22, 2020.³

Scope of the Order⁴

The products covered by the *Order* are soil pipe fittings from China. For a complete description of the scope of this administrative review, see the Preliminary Decision Memorandum.⁵

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 53411 (October 7, 2019) (*Initiation Notice*).

² On January 8, 2020, Commerce determined that Wor-Biz Industrial Product Co., Ltd. (Anhui) is the successor-in-interest to Wor-Biz Trading Co., Ltd (Anhui) and is therefore entitled to that company's cash deposit rate with respect to entries of subject merchandise.
