requires the employer to make a thorough periodic inspection of alloy steel chain slings in use on a regular basis, but at least once a year. Paragraph (b)(6)(iii) requires the employer to make and maintain a record of the most recent month in which each alloy steel chain was inspected and make the record available for examination.

Paragraph (c)(15)(ii) requires that all welded end attachments of wire rope slings be proof tested by the manufacturer at twice their rated capacity prior to initial use, and that the employer retain a certificate of the proof test and make it available for examination.

Paragraphs (e)(1)(i), (ii), and (iii) require that synthetic web slings be marked or coded to show the manufacturer’s name or trademark, the rated capacity for the type of hitch, and the type of synthetic webbing material.

Paragraph (f)(2) requires that all hooks for which no applicable manufacturer’s recommendations are available be tested twice before they are put into use. The employer shall maintain a record of the dates and results of the tests.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency’s functions, including whether the information is useful;
- The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must-comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

There is an adjustment decrease of 3,269 burden hours (from 52,428 hours to 49,159 hours). This decrease is a result of new data indicating a decrease in the number of cranes and derricks from 122,091 to 115,829.

Type of Review: Extension of a currently approved collection.

Title: Rigging Equipment for Material Handling (29 CFR 1926.251).

OMB Control Number: 1218–0233.

Affected Public: Business or other for-profits.

Number of Respondents: 115,829.

Total Responses: 306,729.

Frequency of Responses: On occasion.

Average Time per Response: Average of 3 minutes (3/60 hour) for an

employer to maintain and disclose a certificate to 30 minutes (30/60 hour) for an employer to acquire information and make a tag for a sling.

Estimated Total Burden Hours: 49,159.

Estimated Cost (Operation and Maintenance): $0.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at http://www.regulations.gov, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the agency name and the OSHA docket number for the ICR (OSHA Docket No. 2010–0038). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled ADDRESSES). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY (877) 889–5627).

Comments and submissions are posted without change at http://www.regulations.gov. Therefore, OSHA cautions commenters about submitting personal information, such as social security numbers and dates of birth. Although all submissions are listed in the http://www.regulations.gov index, some information (e.g., copyrighted material) is not publicly available to read or download through this website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the http://www.regulations.gov website to submit comments and access the dockets is available at the website’s “User Tips” link. Contact the OSHA Docket Office for information about materials not available through the website, and for assistance in using the internet to locate docket submissions.

SUPPLEMENTARY INFORMATION:

I. Abstract

NASA is requesting an extension with change to this existing collection in order to continue to gather information consistent with OMB and NASA COVID guidance. This data will help inform NASA about the status and ongoing implementation issues surrounding COVID mitigation for NASA grantees and will improve the quality and responsiveness of NASA in responding to grantees issues which impact scientific research funded by NASA.

This information may be disclosed as necessary to NASA personnel, contractors, and partners to administer NASA Education programs. It also may be disclosed to NASA administrators and managers, Office of Management and Budget (OMB) officials, and members of Congress for the purposes of accountability and tracking of program and project efficiency and effectiveness.
