

the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

2020–13–07 Rolls-Royce Deutschland Ltd & Co KG (Type Certificate previously held by Rolls-Royce plc): Amendment 39–21152; Docket No. FAA–2020–0612; Project Identifier MCAI–2020–00674–E.

(a) Effective Date

This AD is effective July 13, 2020.

(b) Affected ADs

None.

(c) Applicability

This AD applies to all Rolls-Royce Deutschland Ltd. & Co KG (Type Certificate previously held by Rolls-Royce plc) Trent 1000–D2, Trent 1000–J2, and Trent 1000–K2 model turbofan engines with fuel pump, part number (P/N) G5030FPU01, installed.

(d) Subject

Joint Aircraft System Component (JASC) Code 7314, Engine Fuel Pump.

(e) Unsafe Condition

This AD was prompted by the manufacturer's investigation into an unexpected reduction in fuel pump performance in certain high life fuel pumps. Further troubleshooting of the fuel pump discovered life-related wear-out of the internal components, which causes deterioration in fuel pump efficiency. The FAA is issuing this AD to reduce the risk of reduced thrust during engine operation. The unsafe condition, if not addressed, could result in failure of the fuel pump, loss of thrust control, and loss of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

Remove fuel pump, P/N G5030FPU01, and replace it with a part eligible for installation within the compliance times specified in paragraph (g)(1) or (2) of this AD, whichever occurs later:

(1) Before exceeding 16,000 hours in service or 4,900 engines cycles in service since new, or since last overhaul; or

(2) Within 30 days after the effective date of this AD.

(h) Definition

For the purpose of this AD, a “part eligible for installation” is a fuel pump that has not exceeded the compliance times specified in paragraph (g)(1) of this AD.

Note 1 to paragraph (h): Additional information on a sub-population of parts that are eligible for installation can be found in Appendix 1 of Rolls-Royce plc Alert Non-Modification Service Bulletin Trent 1000 73–AK581, dated May 12, 2020.

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, ECO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (j)(1) of this AD. You may email your request to: ANE-AD-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(j) Related Information

(1) For more information about this AD, contact Stephen Elwin, Aerospace Engineer, ECO Branch, FAA, 1200 District Avenue, Burlington, MA 01803; phone: 781–238–7236; fax: 781–238–7199; email: stephen.l.elwin@faa.gov.

(2) Refer to European Union Aviation Safety Agency (EASA) AD 2020–0124, dated May 29, 2020, for more information. You may examine the EASA AD in the AD docket on the internet at <https://www.regulations.gov> by searching for and locating it in Docket No. FAA–2020–0612.

(k) Material Incorporated by Reference

None.

Issued on June 17, 2020.

Lance T. Gant,

Director, Compliance & Airworthiness Division, Aircraft Certification Service.

14 CFR Part 71

[Docket No. FAA–2019–0842; Airspace Docket No. 18–AGL–15]

RIN 2120–AA66

Amendment of VOR Federal Airways V–59, V–92, V–115, and V–117 in the Vicinity of Newcomerstown, OH

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends VHF Omnidirectional Range (VOR) Federal airways V–59, V–92, V–115, and V–117 in the vicinity of Newcomerstown, OH.

These modifications are necessary due to the planned decommissioning of the VOR portion of the Newcomerstown, OH (CTW), VOR/Distance Measuring Equipment (VOR/DME) navigation aid (NAVAID), which provides navigation guidance for portions of the affected air traffic service (ATS) routes. The Newcomerstown VOR is being decommissioned in support of the FAA's VOR Minimum Operational Network (MON) program and due to service availability issues.

DATES: Effective date 0901 UTC, September 10, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email: fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA–2019–0842 in the **Federal Register** (84 FR 67381; December 10, 2019), amending VOR Federal airways V–59, V–92, V–115, and V–117 due to the planned decommissioning of the VOR portion of the Newcomerstown, OH, VOR/DME NAVAID. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11D dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airway listed in this document will be subsequently published in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Differences From the Proposal

The Choo Choo VOR/Tactical Air Navigation (VORTAC) NAVAID listed in the V–115 description is actually located in Chattanooga, Tennessee. As such, the state abbreviation for the NAVAID listed in the description should reflect the abbreviation “TN” instead of “GA”. This editorial correction to the V–115 description is included in this action.

The Rule

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying VOR Federal airways V–59, V–92, V–115, and V–117. The planned decommissioning of the VOR portion of the Newcomerstown, OH, VOR/DME NAVAID has made this action necessary. The VOR Federal airway changes are described below.

V–59: V–59 extends between the Pulaski, VA, VORTAC and the Newcomerstown, OH, VOR/DME. The airway segment between the Parkersburg, WV, VOR/DME and the Newcomerstown, OH, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

V–92: V–92 extends between the Chicago Heights, IL, VORTAC and the

Goshen, IN, VORTAC; and between the Newcomerstown, OH, VOR/DME and the Bellaire, OH, VOR/DME. The airway segment between the Newcomerstown, OH, VOR/DME and the Bellaire, OH, VOR/DME is removed. The unaffected portion of the existing airway remains as charted.

V–115: V–115 extends between the Crestview, FL, VORTAC and the Franklin, PA, VOR/DME. The airway segment between the Parkersburg, WV, VORTAC and the Franklin, PA, VOR/DME is removed. Additionally, an editorial correction changes the state abbreviation for the Choo Choo VORTAC listed in the description from “GA” to “TN”. The unaffected portions of the existing airway remain as charted.

V–117: V–117 extends between the Parkersburg, WV, VORTAC and the intersection of the Bellaire, OH, VOR/DME 044° radial and the Newcomerstown, OH, VOR/DME 099° radial (WISKE fix). The WISKE fix in the airway description is amended to describe it as the intersection of the Bellaire, OH, VOR/DME 044° and the Briggs, OH, VOR/DME 136° radials. The existing airway remains as charted.

The NAVAID radials listed in the VOR Federal airway descriptions below are stated in True degrees.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of modifying VOR Federal airways V–59, V–92, V–115, and V–117 in the vicinity of Newcomerstown, OH, due to the VOR portion of the Newcomerstown, OH, VOR/DME being

decommissioned, qualifies for categorical exclusion under the National Environmental Policy Act and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5–6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5–2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V–59 [Amended]

From Pulaski, VA; Beckley, WV; to Parkersburg, WV.

* * * * *

V-92 [Amended]

From Chicago Heights, IL; to Goshen, IN.

* * * * *

V-115 [Amended]

From Crestview, FL; INT Crestview 001° and Montgomery, AL, 204° radials; Montgomery; INT Montgomery 323° and Vulcan, AL, 177° radials; Vulcan; Choo Choo, TN; Volunteer, TN; Hazard, KY; Charleston, WV; to Parkersburg, WV.

* * * * *

V-117 [Amended]

From Parkersburg, WV; Bellaire, OH; to INT Bellaire 044° and Briggs, OH, 136° radials.

* * * * *

Issued in Washington, DC, on June 17, 2020.

Scott M. Rosenbloom,

Acting Manager, Rules and Regulations Group.

RIN 2120-AA66

Amendment of VOR Federal Airways V-128 and V-144 in the Vicinity of Kankakee, IL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends VHF Omnidirectional Range (VOR) Federal airways V-128 and V-144 in the vicinity of Kankakee, IL. The FAA is taking this action due to the planned decommissioning of the VOR portion of the Kankakee, IL, VOR/Distance Measuring Equipment (VOR/DME) navigation aid (NAVAID), which provides navigation guidance for portions of the affected air traffic service (ATS) routes. The Kankakee VOR is being decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Effective date 0901 UTC, September 10, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11D, Airspace Designations and Reporting

Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the National Airspace System as necessary to preserve the safe and efficient flow of air traffic.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** for Docket No. FAA-2018-0990 (83 FR 63601; December 11, 2018), amending VOR Federal airways V-128 and V-144 due to the planned decommissioning of the Kankakee, IL, VOR. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11D dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document will be subsequently published in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying VOR Federal airways V-128 and V-144. The planned decommissioning of the VOR portion of the Kankakee, IL, VOR/DME has made these actions necessary. The VOR Federal airway changes are outlined below.

V-128: V-128 extends between the Janesville, WI, VOR/DME and the Casanova, VA, VOR/Tactical Air Navigation (VORTAC). The airway segment between the Janesville, WI, VOR/DME and the Brickyard, IN, VORTAC is removed. The unaffected portions of the existing airway remain as charted.

V-144: V-144 extends between the Bradford, IL, VORTAC and the Linden, VA, VOR/DME. The airway segment between the Bradford, IL, VORTAC and the Fort Wayne, IN, VORTAC is removed. The unaffected portions of the existing airway remain as charted.

The NAVAID radials listed in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when
