

Program Income collected during the reporting period, In-kind Contributions during the reporting period, Allocation and Expenditures of each Site's research funds by project

Site Research Projects Summary

○ A list all projects in which the Site participated, including each project's goals; research tasks; key milestones, metrics/deliverables; developing results or outcomes; project budgets; and personnel.

• Assessment Coordinator Report

○ An independent assessment of the annual Center activities (this report is done by an independent evaluator, and uploaded by the Principal Investigator as part of the NSF annual reporting requirement).

Logistical Information

• IUCRC Directory

○ IUCRCs must provide accurate and current information for the online IUCRC directory (<http://iucrc.org/centers>). Instructions for updating and reporting information can be found at <http://www.nsf.gov/eng/iip/iucrc/directory/instructions.jsp>.

Optional

• IUCRC Impact Stories for Public Distribution

IUCRCs are highly encouraged to submit information on their emerging research highlights and significant breakthrough stories to NSF to showcase their impact to the public and industry (see <http://www.nsf.gov/eng/iip/iucrc>), including new products, technology creation and/or enhancements, intellectual property of significant commercial relevance, and major improvements in cost-savings, efficiency, sustainability, productivity, and job growth.

Not only do these data provide valuable information on program activities, products, outcomes, and impact, they also help to paint a detailed longitudinal view of the program, provide insights for benchmarking individual Center performance, advancing industry-university engagement approaches, strengthening future workforce, and contribute to the Nation's research and technology ecosystem.

Use of the Information: The information collected is for internal use by NSF, congressional requests, and for securing future funding for continued IUCRC program maintenance and growth.

Estimate Burden on the Public: Estimated at 16 hours per award for 250 sites for a total of 4,000 hours (per year).

Respondents: IUCRC Awardees (Academic Institutions).

Estimated Number of Respondents: One from each IUCRC site (estimated: 250 active sites/year).

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: June 23, 2020.
