Title; Associated Form; and OMB Number: Air Force Recruiting Information Support System—Total Force (AFRISS-TF); OMB Control Number 0701-0150.

Type of Request: Renewal with Change.

Number of Respondents: 100,000.

Responses per Respondent: 1.

Annual Responses: 100,000.

Average Burden per Response: 15 minutes.

Annual Burden Hours: 25,000 hours.

Needs and Uses: Recruiting requires the collection of specific information on prospective Air Force, Air National Guard, and Air Force Reserve Command enlistees, officers, and health profession personnel entering into duty. The information is used to create the initial personnel record that is used to prescreen and qualify enlistees, line officers, and health professionals fit for service and ultimately induction into one of the three Air Force commands. The information is also collected to process security clearances for those individuals requiring clearances for sensitive and classified positions. The respondents are recruiting applicants of the Air Force who may seek more information or request copies of their personal information. The collection

instrument is a list of questions asked by the recruiter that cannot be found on the SF-86; information taken from the SF-86 can complete the rest of the recruit's application. Collections instruments are completed by applicants and recruiters into the system of record as applicable to their recruiting and application purposes. All completed instruments of collection reside in the system of record which has safeguards in place to protect privacy information. The end result of a successful information collection is the successful accession of an applicant in the Air Force and the safe keeping of said applicant's personal information.

Affected Public: Individuals or households.

Frequency: On occasion.
