SUPPLEMENTARY INFORMATION:

Title: Adaptation of Regulations to Incorporate Swaps-Records of Transactions; Exclusion of Utility Operations Related Swaps with Utility Special Entities from De minimis Threshold for Swaps with Special Entities (OMB Control No. 3038-0090). This is a request for extension of a currently approved information collection.

Abstract: Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act, Pub. L. 111-203, 124 Stat. 1376 (2010)) amended the Commodity Exchange Act (CEA) to establish a comprehensive new statutory framework for swaps. These amendments required the Commodity Futures Trading Commission (“the Commission”) to amend several of its regulations to implement the new framework.

The information collection obligations imposed by the “Adaptation of Regulations to Incorporate Swaps” final regulations² are necessary to implement section 721 of the Dodd-Frank Act, which amended the definitions of futures commission merchant (“FCM”) and introducing broker (“IB”) to permit these intermediaries to trade swaps on behalf of customers. They also are necessary to implement section 733 of the Dodd-Frank Act which introduced swap execution facilities (“SEFs”) as a new trading platform for swaps. As a result of the enactment of sections 721 and 733, the Commission needed to amend certain recordkeeping regulations (§§ 1.31, 1.33, 1.35, 1.37, and 1.39) so that records of swap transactions are maintained analogously

to how futures transactions are maintained.

Further, the “Exclusion of Utility Operations-Related Swaps With Utility Special Entities from De Minimis Threshold for Swaps With Special Entities”³ regulation amended the Commission’s swap dealer definition to permit a person to exclude “utility operations-related swaps” with “utility special entities” in their de minimis threshold calculations. The regulation requires a person claiming the exclusion to maintain, in accordance with Commission regulation 1.31, any written representations that the person receives from utility special entities related to this exclusion.

The information collection burdens associated with these regulations (collectively, the “Swap Recordkeeping Requirements”) are restricted to the costs associated with the recordkeeping and reporting requirements that these regulations impose upon affected registrants, registered entities, those registered entities’ members, and other respondents covered by the final rules.

An agency may not conduct or sponsor, a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On April 27, 2020, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 85 FR 23331. The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection for futures commission merchants, retail foreign exchange dealers, introducing brokers, and members of designated contract markets and swap execution facilities. The respondent burden for this collection is estimated to be as follows:⁴

Estimated Number of Respondents: 13,664.

Estimated Annual Burden Hours per Respondent: 163.

Estimated Total Annual Burden Hours: 2,233,722.

Frequency of Collection: As needed.

³ Exclusion of Utility Operations-Related Swaps with Utility Special Entities from De Minimis Threshold for Swaps with Special Entities, 79 FR 57767 (Sept. 26, 2014).

⁴ These estimates represent the aggregate burden for all data associated with the Swap Recordkeeping Requirements in the collection, namely Swap Recordkeeping (Regulation 1.35), Swap Confirmations (Regulation 1.33), and Utility Special Entities (Regulation 1.3). Please refer to the supporting statement for further explanation of burdens associated with each regulatory requirement.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: June 25, 2020.

Robert Sidman,

Deputy Secretary of the Commission.

SUPPLEMENTARY INFORMATION:

Title of Collection: Current Population Survey Supplement.

OMB Control Number: 3045-0139.

Type of Review: Renewal.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 90,000.

Total Estimated Number of Annual Burden Hours: 15,000.

Abstract: CNCS is soliciting comments concerning its proposed renewal of The Volunteering and Civic Life Assessment: September Current Population Survey Supplement. This is a national survey conducted by the U.S. Census and CNCS. CNCS is directed by Congress to collect data and produce yearly reports on the nation's civic health and volunteering activity (42 U.S.C. 12639(a)); 13 U.S.C. 8(b)). CNCS also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on August 31, 2020.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing

and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on regulations.gov.

Dated: June 25, 2020.
