

licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures:* Under the Government Performance Results Modernization Act of 2010, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Educational Technology, Media, and Materials for Individuals with Disabilities Program. These measures are—

- *Program Performance Measure 1:* The percentage of Educational Technology, Media, and Materials Program products and services judged to be of high quality by an outside independent review panel of experts in the field that is arranged by OSEP and qualified to review the substantial content of the products and services.

- *Program Performance Measure 2:* The percentage of Educational Technology, Media, and Materials Program products and services judged by an outside independent review panel of experts in the field that is arranged by OSEP to be of high relevance to improving outcomes for infants, toddlers, children, and youth with disabilities.

- *Program Performance Measure 3:* The percentage of Educational Technology, Media, and Materials Program products and services judged by an outside independent review panel

of experts in the field that is arranged by OSEP to be useful in improving results for infants, toddlers, children, and youth with disabilities.

- *Program Performance Measure 4.1:* The Federal cost per unit of AEM funded by the Educational Technology, Media, and Materials Program.

- *Program Performance Measure 4.2:* The Federal cost per unit of AEM from the National Instructional Materials Accessibility Center funded by the Educational Technology, Media, and Materials Program.

- *Program Performance Measure 4.3:* The Federal cost per unit of video description funded by the Educational Technology, Media, and Materials Program.

These measures apply to projects funded under this competition, and grantees are required to submit data on these measures as directed by OSEP.

Grantees will be required to report information on their project's performance in annual performance reports and additional performance data to the Department (34 CFR 75.590 and 75.591).

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

DEPARTMENT OF ENERGY

Notice of Request for Information on Battery Critical Materials Supply Chain R&D

AGENCY: Advanced Manufacturing Office (AMO), Office of Energy Efficiency and Renewable Energy, Department of Energy (DOE).

ACTION: Extension of public comment period.

SUMMARY: On June 16, 2020, the U.S. Department of Energy (DOE) published a notice of Request for Information (RFI) on Battery Critical Materials Supply Chain. The notice provided an opportunity for submitting electronic, written responses to the RFI by July 16, 2020. The RFI will be posted on EERE Exchange on June 29, 2020. DOE is extending the public comment period for submitting comments to the RFI by 15 days until July 31, 2020.

DATES: The comment period for the RFI published on June 16, 2020 (85 FR 36394) is extended. DOE will accept responses regarding this request for information received no later than July 31, 2020.

ADDRESSES: Interested parties are to submit comments electronically to BatteryCriticalMaterialsRFI@ee.doe.gov. Include Battery Critical Materials Supply Chain R&D in the subject of the title. Only electronic responses will be accepted. The complete RFI document is located at <https://eere-exchange.energy.gov/>.

FOR FURTHER INFORMATION CONTACT: Question may be addressed to Helena Khazdozian at 202–586–9236 or

BatteryCriticalMaterialsRFI@ee.doe.gov. Further instruction can be found in the RFI document posted on <https://eere-exchange.energy.gov/>.

SUPPLEMENTARY INFORMATION: On June 16, 2020, DOE published a notice of RFI for Battery Critical Materials Supply Chain R&D to solicit feedback from industry, academia, research laboratories, government agencies, and other stakeholders on issues related to challenges and opportunities in the upstream and midstream critical materials battery supply chains. EERE is specifically interested in information on raw minerals production and refining and processing of cathode materials including cobalt, lithium, and battery grade (Class I) nickel.¹

The RFI will be published on EERE Exchange on June 29, 2020. DOE believes that extending the comment period to allow additional time for interested parties to submit comments is appropriate. Therefore, DOE is extending the deadline for response until July 31, 2020 to provide interested parties additional time to prepare and submit responses.

Signing Authority

This document of the Department of Energy was signed on June 24, 2020, by Valri Lightner, Acting Director, Advanced Manufacturing Office, Office Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on June 26, 2020.

Treana V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.
