

Public Law 104-4, “Unfunded Mandates Reform Act” (2 U.S.C. Ch. 25)

This proposed rule is not subject to the Unfunded Mandates Reform Act because it does not contain a federal mandate that may result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$100 M or more in any one year.

Public Law 96-354, “Regulatory Flexibility Act” (5 U.S.C. Ch. 6)

It has been certified that this proposed rule is not subject to the Regulatory Flexibility Act because it does not have a significant economic impact on a substantial number of small entities. The rule will implement the procedures for processing FOIA requests within the Department of Defense, which do not create such an impact.

Public Law 96-511, “Paperwork Reduction Act” (44 U.S.C. Ch. 35)

This proposed rule does not impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995.

Executive Order 13132, “Federalism”

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a rule that imposes substantial direct requirement costs on state and local governments, preempts state law, or otherwise has federalism implications. This proposed rule will not have a substantial effect on state and local governments, or otherwise have federalism implications.

Public Hearing for Vehicle Test Procedure Adjustments for Tier 3 Certification Test Fuel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of public hearing.

SUMMARY: The Environmental Protection Agency (EPA) is announcing a virtual public hearing to be held July 13, 2020, on its proposed Vehicle Test Procedure

Adjustments for Tier 3 Certification Test Fuel rule, which was published on May 13, 2020. EPA is proposing adjustment factors to apply to vehicle GHG and fuel economy test results for the GHG and CAFE programs and the Fuel Economy and Environment Label as EPA separately implements changes in light-duty vehicle gasoline test fuel properties.

DATES: EPA will hold a virtual public hearing on July 13, 2020. Please refer to the **SUPPLEMENTARY INFORMATION** section for additional information on the public hearing.

ADDRESSES: The virtual public hearing will be held on July 13, 2020. The hearing will begin at 1 p.m. Eastern Time (ET) and end when all parties who wish to speak have had an opportunity to do so. All hearing attendees (including even those who do not intend to provide testimony) should notify the contact person listed under **FOR FURTHER INFORMATION CONTACT** by July 8, 2020. Additional information regarding the hearing appears below under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Tad Wysor, Office of Transportation and Air Quality, Assessment and Standards Division, Environmental Protection Agency, 2000 Traverwood Drive, Ann Arbor, MI 48105; telephone number: 734-214-4332; email address: ASD-Registration@epa.gov.

SUPPLEMENTARY INFORMATION: EPA is proposing adjustment factors to apply to vehicle GHG and fuel economy test results for the GHG and CAFE programs and the Fuel Economy and Environment Label as EPA separately implements changes in light-duty vehicle gasoline test fuel properties under the Tier 3 Motor Vehicle Emission and Fuel Standards (Tier 3 final rule at 79 FR 23414, April 28, 2014).

Participation in virtual public hearing. Please note that EPA is deviating from its typical approach because the President has declared a national emergency. Because of current CDC recommendations, as well as state and local orders for social distancing to limit the spread of COVID-19, EPA cannot hold in-person public meetings at this time.

The virtual public hearing will provide interested parties the opportunity to present data, views, or arguments concerning the proposal (which is available at <https://www.epa.gov/regulations-emissions-vehicles-and-engines/vehicle-test-procedure-adjustments-tier-3-certification>). EPA may ask clarifying questions during the oral presentations but will not respond to the

presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearing. EPA recommends submitting the text of your oral comments as written comments to the rulemaking docket. Due to the date of the hearing, EPA is extending the comment period from August 11, 2020 until August 14, 2020. EPA must receive comments on or before that date.

EPA is also asking all hearing attendees to pre-register for the hearing by sending an email to the address listed in the **FOR FURTHER INFORMATION CONTACT** section above, even those who do not intend to provide testimony. This will help EPA ensure that sufficient phone lines will be available.

Please note that any updates made to any aspect of the hearing logistics, including potential additional sessions, will be posted online at <https://www.epa.gov/regulations-emissions-vehicles-and-engines/vehicle-test-procedure-adjustments-tier-3-certification>. While EPA expects the hearing to go forward as set forth above, please monitor our website or contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to determine if there are any updates.

If you require the services of a translator or special accommodations such as audio description, please pre-register for the hearing and describe your needs by July 1, 2020. EPA may not be able to arrange accommodations without advanced notice.

How can I get copies of the proposed action and other related information? EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2016-0604. EPA has also developed a website for the rule at <https://www.epa.gov/regulations-emissions-vehicles-and-engines/vehicle-test-procedure-adjustments-tier-3-certification>. Please refer to the notice of proposed rulemaking for detailed information on accessing information related to the proposal.

Accelerating Wireless and Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Federal Communications Commission (“Commission” or “FCC”) proposes rule changes that would allow applicants to excavate or deploy wireless facilities outside the boundaries of an existing tower site. The Commission proposes to revise the definition of “site” in the Commission’s rules to make clear that “site” refers to the boundary of the leased or owned property surrounding the tower and any access or utility easements currently related to the site as of the date that the facility was last reviewed and approved by a locality. The Commission also proposes to amend its rules so that a modification of an existing facility that entails ground excavation or deployment of up to 30 feet in any direction outside the facility’s site will be eligible for streamlined processing under the Spectrum Act. The *Notice of Proposed Rulemaking (NPRM)* also seeks comment on whether the Commission should adopt a different definition of “site” than the one proposed.

DATES: Interested parties may file comments on or before July 22, 2020, and reply comments on or before August 3, 2020.

ADDRESSES: 445 12th Street SW, Washington, DC 20554. For detailed instructions for submitting comments and additional information on the rulemaking process, see the **SUPPLEMENTARY INFORMATION** section of this document.
