[RTID 0648-XX061]

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. The Exempted Fishing Permit would allow commercial fishing vessels to fish outside of scallop regulations in support of research conducted by the Coonamessett Farm Foundation. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before July 17, 2020.

ADDRESSES: You may submit written comments by email to nmfs.gar.efp@noaa.gov. Include in the subject line "CFF Compensation Fishing Gear Research EFP."

FOR FURTHER INFORMATION CONTACT: Shannah Jaburek, Fisheries Management Specialist, 978-282-8456.

SUPPLEMENTARY INFORMATION:

Coonamessett Farm Foundation (CFF) submitted a complete application for an Exempted Fishing Permit (EFP) on April 28, 2020, that would allow gear research to be conducted by vessels on compensation fishing trips associated with projects funded by the 2020 Scallop Research Set-Aside (RSA) Program. The exemptions would allow 20 participating commercial fishing vessels to exceed the crew size regulations at 50 CFR 648.51(c) to place a researcher on the vessel and temporarily exempt the participating vessels from possession limits and minimum size requirements specified in 50 CFR part 648, subparts B and D through O, for biological sampling purposes. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited, including landing fish in excess of a possession limit or below the minimum size.

Experimental fishing activity would test a one-way extended link dredge gear modification to reduce flatfish bycatch and catch of pre-recruit scallops in the scallop dredge fishery. Any modification would comply with existing scallop gear regulations. All trips would take place in scallop open access areas of southern New England and scallop fishing areas open to scallop RSA compensation fishing.

The exemption from crew size limits is needed because a research technician would accompany vessels on the compensation fishing trips to collect catch data associated with the dredge modifications. The crew size exemption would be for approximately 120 days-at-sea and must be used in conjunction with a valid compensation fishing letter of authorization. The technician would only engage in data collection activities and would not process catch to be landed for sale. Exemption from possession limit and minimum sizes would support catch sampling activities and ensure the vessel is not in conflict with possession regulations while collecting catch data. All catch above a possession limit or below a minimum size would be discarded as soon as possible following data collection. The proposed gear modifications are not expected to increase catch above typical commercial fishing practices and gears. All research trips would otherwise be consistent with normal commercial fishing activity and catch would be retained for sale.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if

they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 29, 2020.

Hélène M.N. Scalliet,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[RTID 0648-XX262]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting via webinar.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a joint public meeting of its Ecosystem-Based Fishery Management (EBFM) Committee via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Thursday, July 16, 2020 at 9.30 a.m. Webinar registration URL information: <https://attendee.gotowebinar.com/register/3710429939133088527>.

ADDRESSES: The meeting will be held via webinar.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Ecosystem-Based Fishery Management (EBFM) Committee will receive, review, and provide feedback on additional public outreach materials prepared by Green Fin Studio. The Committee will receive a draft plain

language document on a worked example based on the Hydra operating model. They will also discuss and provide guidance on the framework and focus of public outreach workshops to be conducted during October to December. Other business will be discussed as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 29, 2020.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings via webinar.

SUMMARY: The New England Fishery Management Council's is convening a Public Hearing of Draft Amendment 23 to Northeast Multispecies Fishery Management Plan via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this

group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Thursday, July 16, 2020, from 4 p.m. to 6 p.m.

ADDRESSES: All meeting participants and interested parties can register to join the webinar for the July 16 webinar: <https://attendee.gotowebinar.com/register/7740866831961614094>

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

Meeting addresses: The meeting will be held via webinar INFORMATION.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Public comments: Mail to Thomas A. Nies, Executive Director, New England Fishery Management Council, 50 Water Street, Mill #2, Newburyport, MA 01950. Mark the outside of the envelope "DEIS for Amendment 23 to the Northeast Multispecies FMP". Comments may also be sent via fax to (978) 465-3116 or submitted via email to comments@nefmc.org with "DEIS for Amendment 23 to the Northeast Multispecies FMP" in the subject line.

Agenda

Scheduling of hearings is ongoing due to the COVID-19 pandemic. Additional hearings will be announced in a separate notice. Council staff will brief the public on Draft Amendment 23 before receiving comments on the amendment. The hearing will begin promptly at the time indicated above. If all attendees who wish to do so have provided their comments prior to the end time indicated, the hearing may conclude early. To the extent possible, the Council may extend hearings beyond the end time indicated above to accommodate all attendees who wish to speak.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy

of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.
