TFG Transport, LLC—Acquisition Exemption—Decatur Central Railroad, LLC

TFG Transport, LLC (TFGT), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire from Decatur Central Railroad, LLC (DCRR) an approximately 16-mile rail line¹ extending from milepost 12.11 in Cisco, Ill., to milepost 27.63 in Decatur, Ill. (the Line).²

According to the verified notice of exemption, TFGT is a subsidiary of Topflight Grain Cooperative, Inc. (Topflight). TFGT states that Topflight and OmniTRAX Holdings Combined, Inc. (the sole members of DCRR) have executed a dissolution agreement to dissolve and distribute the assets of DCRR. TFGT states that pursuant to this dissolution agreement, TFGT will

¹ TFGT states that it will also acquire appurtenant land and ancillary trackage.

² In *Decatur Central Railroad—Acquisition & Operation Exemption—Topflight Grain Cooperative*, FD 36139 (STB served Sept. 14, 2017), the Line was described as having the same mileposts as TFGT states here and being approximately 15.52 miles long.

acquire the Line and assume the associated common carrier obligations. TFGT states that while no common carrier operations are currently conducted on the Line, it will provide service as needed through contractual arrangements with third party operators.

TFGT certifies that its projected annual revenues are not expected to exceed \$5 million and will not exceed those that would qualify it as a Class III rail carrier. TFGT further certifies that the proposed transaction does not involve any provision or agreement that would limit future interchange with a third-party connecting carrier.

The transaction may be consummated on or after July 16, 2020, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than July 9, 2020 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36416, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on TFGT's representative, Deanna S. Mool, Heyl, Royster, Voelker & Allen, 3731 Wabash Avenue, PO Box 9678, Springfield, IL 62791-9678.

According to TFGT, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b)(1).

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36407]

Mississippi Southern Railroad, LLC—Operation Exemption with Interchange Commitment—The Kansas City Southern Railway Company

Mississippi Southern Railroad, LLC (MSR), a Class III railroad, has filed a

verified notice of exemption pursuant to 49 CFR 1150.41 to: (1) Continue to lease from The Kanas City Southern Railway Company (KCS) and operate approximately 26.5 miles of rail line between milepost 133.0 near Bay Springs, Miss., and milepost 159.5 near Newton, Miss. (Bay Springs Branch), and (2) lease from KCS and operate approximately 114.2 miles of rail line from milepost 87.2 at the switch south of the Columbus & Greenville Railway crossing near West Point, Miss., to milepost 161.7 near Newton (Louisville Subdivision), and approximately 15.5 miles of rail line from milepost 0.0 near Union, Miss., to milepost 15.5 near Sebastopol, Miss. (Pearl River Industrial Lead).

MSR, which has leased and operated the Bay Springs Branch since 2005,¹ states that it has reached an agreement with KCS to modify the lease and extend its term to November 30, 2034, through an amendment. MSR states that it has also agreed with KCS to a separate lease for the Louisville Subdivision and Pearl River Industrial Lead with a term expiring on July 19, 2030. According to MSR, it will provide all common carrier service on the lines subject to these leases.

MSR certifies that the amended lease for the Bay Springs Branch and the new lease for the Louisville Subdivision and Pearl River Industrial Lead contain interchange commitments.² Accordingly, MSR has provided additional information regarding the interchange commitments, as required by 49 CFR 1150.43(h).³

MSR certifies that its projected revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier but states that its projected annual revenues will exceed \$5 million following the transaction. Pursuant to 49 CFR 1150.42(e), if a carrier's projected annual revenues will exceed \$5 million, it must, at least 60 days before the exemption becomes

effective, post a notice of its intent to undertake the proposed transaction at the workplace of the employees on the affected lines, serve a copy of the notice on the national offices of the labor unions with employees on the affected lines, and certify to the Board that it has done so. On May 20, 2020, MSR certified that on May 19 it provided the required notice with respect to its proposed lease of the Louisville Subdivision and Pearl River Industrial Lead. However, along with its verified notice of exemption, MSR filed a petition requesting a waiver of the 60-day advance labor notice requirements with respect to its amended lease for the Bay Springs Branch. MSR's petition for waiver will be addressed in a separate decision. The Board will establish the effective date of the exemption in its separate decision on the waiver request.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 10, 2020.

All pleadings, referring to Docket No. FD 36407, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on MSR's representative, Bradon J. Smith, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606-3208.

According to MSR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

BILLING CODE 4915-01-P

ACTION: Notice of limitation on claims for judicial review of actions by the California Department of Transportation (Caltrans).

SUMMARY: The FHWA, on behalf of Caltrans, is issuing this notice to announce actions taken by Caltrans, that are final. The actions relate to a proposed highway project, foundation/substructure retrofit of three bridges on Interstate 405 at the San Gabriel River in the City of Long Beach, County of Los Angeles, State of California. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before November 30, 2020. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such a claim, then that short time period applies.

FOR FURTHER INFORMATION CONTACT: For Caltrans: Eduardo Aguilar, Senior Environmental Planner/Branch Chief, Caltrans Division of Environmental Planning, District 7, 100 South Main Street, Los Angeles, CA 90012. Office Hours: 8:00 a.m.–5:00 p.m., Pacific Standard Time, telephone (213) 897-8492 or email eduardo.aguilar@dot.ca.gov. For FHWA, contact David Tedrick at (916) 498-5024 or email david.tedrick@dot.gov.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the FHWA assigned, and Caltrans assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that Caltrans has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of California: Caltrans proposes a bridge scour maintenance project at the Interstate 405 (I-405)/Interstate 605 (I-605) interchange—a complex of three (3) bridges that traverse the San Gabriel River, in the City of Long Beach, and at the Los Angeles County/Orange County line, in California. The proposed improvements include a retrofit of the bridge substructure foundation through construction of pier footing extensions at Pier 3 and Pier 4 at each bridge, reinforcement of new footing extensions through placement of new Cast-In-Drilled-Hole (CIDH) piles, and armoring of substructure retrofit through placement of rip-rap/rock protection around each pier. The actions by the Federal agencies, and the laws under

¹ See *Miss. S. R.R.—Lease & Operation Exemption—Kan. City S. Ry.*, Docket No. FD 34684 (STB served Apr. 21, 2005) (authorizing original lease and operation of the Bay Springs Branch); *Miss. S. R.R.—Lease & Operation Exemption—Kan. City S. Ry.*, Docket No. FD 36060 (STB served Sept. 9, 2016) (authorizing continued lease and operation).

² A copy of the amended lease and the new lease were submitted under seal. See 49 CFR 1150.43(h)(1).

³ According to the verified notice, the only interchange affected by the interchange commitments is with the Columbus & Greenville Railway (CAGY) on the Louisville Subdivision at West Point, but there is currently no track connection between the Louisville Subdivision and CAGY's rail line, and the segment of the Louisville Subdivision leading to that location is out of service.
