

March 10, 2020, pursuant to a request from interested parties,² Commerce initiated an administrative review with respect to 40 companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).³ On May 7, 2020, all interested parties that requested an administrative review timely withdrew their requests.⁴ No other party requested an administrative review of these companies.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication date of the notice of initiation. All interested parties timely withdrew their review requests within 90 days of the publication date of the *Initiation Notice*. No other party requested an administrative review of the order for this POR. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries of hardwood plywood products from China. Countervailing duties shall be assessed at rates equal to the cash deposit rate of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

Notification To Importers

This notice serves as the only reminder to importers whose entries will be liquidated as a result of this rescission notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of countervailing duties prior to liquidation of the relevant entries

to Request Administrative Review, 85 FR 64 (January 2, 2020).

² Commerce received a request for review from 40 exporters/producers (collectively, Interested Parties). See Interested Parties' Letter, "Hardwood Plywood Products from the People's Republic of China: Request for Administrative Review," dated January 31, 2020.

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 13860 (March 10, 2020) (*Initiation Notice*).

during this POR. Failure to comply with this requirement could result in the presumption that reimbursement of the countervailing duties occurred and the subsequent assessment of double countervailing duties.

Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Certain Steel Nails From the United Arab Emirates: Preliminary Results of Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that sales of certain steel nails (steel nails) from the United Arab Emirates (UAE) were made at less than normal value during the period of review (POR) May 1, 2018 through April 30, 2019. We invite interested parties to comment on these preliminary results.

DATES: Applicable July 2, 2020.

FOR FURTHER INFORMATION CONTACT: Matthew Renkey, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2312.

SUPPLEMENTARY INFORMATION:

Background

On July 15, 2019, Commerce initiated an administrative review of the antidumping duty order on steel nails from the UAE in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ This review covers one producer/exporter of the subject merchandise: Middle East Manufacturing Steel LLC (MEM). For details regarding the events that occurred subsequent to the initiation of the review, see the Preliminary Decision Memorandum.²

Pursuant to section 751(a)(3)(A) of the Act, Commerce determined that it was not practicable to complete the preliminary results of this review within 245 days and extended the deadline for issuance of the preliminary results by 119 days, until May 29, 2020.³ On April 24, 2020, Commerce tolled the deadlines in all ongoing administrative reviews by 50 days.⁴

Scope of the Order

The products covered by this order are steel nails from the UAE. For a full description of the scope, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. Export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary

Because the 50-day extension would result in the signature date being on July 18, 2020, a Saturday, the deadline moves to the next business day, Monday, July 20, 2020. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margin exists for the respondent for the period May 1, 2018 through April 30, 2019:

Exporter/producer	Weighted-average dumping margin (percent)
Middle East Manufacturing Steel LLC	27.28

Assessment Rates

Upon completion of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If MEM's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We intend to instruct CBP to assess antidumping duties on all appropriate entries covered by this review where the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. If MEM's weighted-average dumping margin is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.⁵

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by MEM where MEM

did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁶

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for MEM will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rates published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered by this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 4.30 percent,⁷ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.⁸ Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.⁹ Parties who

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. The Exempted Fishing Permit would allow commercial fishing vessels to fish outside of scallop regulations in support of research conducted by the Coonamessett Farm Foundation. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before July 17, 2020.

ADDRESSES: You may submit written comments by email to nmfs.gar.efp@noaa.gov. Include in the subject line "CFF Compensation Fishing Gear Research EFP."

FOR FURTHER INFORMATION CONTACT: Shannah Jaburek, Fisheries Management Specialist, 978-282-8456.

SUPPLEMENTARY INFORMATION: Coonamessett Farm Foundation (CFF) submitted a complete application for an Exempted Fishing Permit (EFP) on April 28, 2020, that would allow gear research to be conducted by vessels on compensation fishing trips associated with projects funded by the 2020 Scallop Research Set-Aside (RSA) Program. The exemptions would allow 20 participating commercial fishing vessels to exceed the crew size regulations at 50 CFR 648.51(c) to place a researcher on the vessel and temporarily exempt the participating vessels from possession limits and minimum size requirements specified in 50 CFR part 648, subparts B and D through O, for biological sampling purposes. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited, including landing fish in excess of a possession limit or below the minimum size.

Experimental fishing activity would test a one-way extended link dredge gear modification to reduce flatfish bycatch and catch of pre-recruit scallops in the scallop dredge fishery. Any modification would comply with existing scallop gear regulations. All trips would take place in scallop open access areas of southern New England and scallop fishing areas open to scallop RSA compensation fishing.

The exemption from crew size limits is needed because a research technician would accompany vessels on the compensation fishing trips to collect catch data associated with the dredge modifications. The crew size exemption would be for approximately 120 days-at-sea and must be used in conjunction with a valid compensation fishing letter of authorization. The technician would only engage in data collection activities and would not process catch to be landed for sale. Exemption from possession limit and minimum sizes would support catch sampling activities and ensure the vessel is not in conflict with possession regulations while collecting catch data. All catch above a possession limit or below a minimum size would be discarded as soon as possible following data collection. The proposed gear modifications are not expected to increase catch above typical commercial fishing practices and gears. All research trips would otherwise be consistent with normal commercial fishing activity and catch would be retained for sale.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if

they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.
