Notice is hereby given by the U.S. Environmental Protection Agency, Region 6, of a proposed bona fide prospective purchaser settlement agreement, embodied in an Administrative Settlement Agreement for Certain Response Action Activities by Bona Fide Prospective Purchaser, with Conroe Logistics Center, LLC. This agreement pertains to a portion of the former Conroe Creosoting Company Superfund Site (Site) located at 1776 East Davis Street in Conroe, Montgomery County, Texas. Conroe Logistics Center, LLC, an affiliate of Trammell Crow Company, intends to purchase a portion of the Site, conduct a response action, and construct a distribution facility. This project will result in a formerly contaminated property being restored to beneficial use.

The settlement includes a covenant by EPA not to sue or take administrative action against Conroe Logistics Center, LLC pursuant to Sections 106 and 107(a) of CERCLA for Existing Contamination, as that term is defined in the settlement agreement. For fifteen (15) days following the date of publication of this notice, EPA will receive written comments relating to the settlement. EPA will consider all comments received and may modify or withdraw its consent to the settlement agreement if comments received disclose facts or considerations that indicate that the proposed settlement is inappropriate, improper, or inadequate. EPA's response to any comments received will be available for public inspection at EPA Region 6, 1201 Elm Street, Suite 500, Dallas, Texas 75270.

Dated: July 7, 2020.

David Gray,

Acting Regional Administrator, Region 6.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2013-0677; FRL-10011-15]

Receipt of Information Under the Toxic Substances Control Act (CASRN 81-33-4)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing its receipt of information submitted pursuant to a rule, order, or consent agreement issued under the Toxic Substances Control Act (TSCA). As required by TSCA, this document identifies each chemical substance and/or mixture for which information has been received; the uses or intended uses of such chemical substance and/or mixture; and describes the nature of the information received. Each chemical substance and/or mixture related to this announcement is identified in Unit I. under

SUPPLEMENTARY INFORMATION.

FOR FURTHER INFORMATION CONTACT: *For technical information contact:* Hannah Blaufuss, Chemical Control Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-5614; email address: blaufuss.hannah@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Chemical Substances and/or Mixtures

Information received about the following chemical substance(s) and/or mixture(s) is provided in Unit IV.: *Anthra[2,1,9-def:6,5,10-d'e'f]diisoquinoline-1,3,8,10(2H,9H)-tetrone or C.I. Pigment Violet 29 (CASRN 81-33-4).*

II. Authority

Section 4(d) of TSCA (15 U.S.C. 2603(d)) requires EPA to publish a notice in the **Federal Register** reporting the receipt of information submitted pursuant to a rule, order, or consent agreement promulgated under TSCA section 4 (15 U.S.C. 2603).

III. Docket Information

A docket, identified by the docket identification (ID) number EPA-HQ-OPPT-2013-0677, has been established for this **Federal Register** document,

which announces the receipt of the information. Upon EPA's completion of its quality assurance review, the information received will be added to the docket identified in Unit IV., which represents the docket used for the TSCA section 4 rule, order, and/or consent agreement. In addition, once completed, EPA reviews of the information received will be added to the same docket. Use the docket ID number provided in Unit IV. to access the information received and any available EPA review.

EPA's dockets are available electronically at <http://www.regulations.gov> or in person at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280.

Please note that due to the public health emergency the EPA Docket Center (EPA/DC) and Reading Room was closed to public visitors on March 31, 2020. Our EPA/DC staff will continue to provide customer service via email, phone, and webform. For further information on EPA/DC services, docket contact information and the current status of the EPA/DC and Reading Room, please visit <https://www.epa.gov/dockets>.

IV. Information Received

As specified by TSCA section 4(d), this unit identifies the information received by EPA: *Anthra[2,1,9-def:6,5,10-d'e'f]diisoquinoline-1,3,8,10(2H,9H)-tetrone or C.I. Pigment Violet 29 (CASRN 81-33-4).*

1. *Chemical use(s):* Anthra[2,1,9-def:6,5,10-d'e'f]diisoquinoline-1,3,8,10(2H,9H)-tetrone or C.I. Pigment Violet 29 (CASRN 81-33-4) is a specialty pigment that is primarily used in paints and plastics in the automotive sector as well as a chemical intermediate used to make other pigments.

2. *Applicable rule, Order, or Consent agreement:* C.I. Pigment Violet 29 TSCA Section 4(a)(2) Test Order.

3. *Information received:* EPA received the following information:

a. *Physical-Chemical Properties:* Water solubility.

b. *Physical-Chemical Properties:* Octanol solubility.

The docket ID number assigned to this information is EPA–HQ–OPPT–2020–0070.

Authority: 15 U.S.C. 2601 *et seq.*

Dated: July 6, 2020.

Madison Le,

Director, Chemical Control Division, Office of Pollution Prevention and Toxics.

Notice of Availability of the Deepwater Horizon Oil Spill Louisiana Trustee Implementation Group Final Supplemental Restoration Plan and Environmental Assessment for the Cypremort Point State Park Improvements Project Modification and Finding of No Significant Impact

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: In accordance with the Oil Pollution Act of 1990 (OPA) and the National Environmental Policy Act (NEPA), the Federal and State natural resource trustee agencies for the Louisiana Trustee Implementation Group (Louisiana TIG) have prepared the Final Supplemental Restoration Plan and Environmental Assessment for the Cypremort Point State Park Improvements Project Modification (Final Supplemental RP/EA). The Final Supplemental RP/EA describes and, in conjunction with the associated Finding of No Significant Impact (FONSI), selects the modified Cypremort Point State Park Improvements (Cypremort Improvements) project considered by the Louisiana TIG to compensate for recreational use services lost as a result of the *Deepwater Horizon* oil spill.

ADDRESSES: *Obtaining Documents:* You may download the Final Supplemental RP/EA and FONSI at any of the following sites:

- <http://www.gulfspillrestoration.noaa.gov>
- <http://www.la-dwh.com>

Alternatively, you may request a CD of the Final Supplemental RP/EA and FONSI (see **FOR FURTHER INFORMATION CONTACT**). You may also view the document at any of the public facilities listed at <http://www.gulfspillrestoration.noaa.gov>; check with each facility for their hours of operation.

FOR FURTHER INFORMATION CONTACT:

- Louisiana—Joann Hicks, 225–342–5477
- EPA—Douglas Jacobson, 214–665–6692

SUPPLEMENTARY INFORMATION: The Louisiana TIG evaluated project alternatives under criteria set forth in the OPA natural resource damage assessment (NRDA) regulations and evaluated the environmental consequences of the alternatives in accordance with the NEPA. The selected project is consistent with the restoration alternatives selected in the *Deepwater Horizon* oil spill Final Programmatic Damage Assessment and Restoration Plan/Programmatic Environmental Impact Statement (PDARP/PEIS). The Federal Trustees of the Louisiana TIG have determined that the implementation of the Final Supplemental RP/EA is not a major federal action significantly affecting the quality of the human environment within the context of the NEPA. They have concluded a FONSI is appropriate, and, therefore, an Environmental Impact Statement will not be prepared. This notice informs the public of the approval and availability of the Final Supplemental RP/EA and FONSI.

Introduction

On April 20, 2010, the mobile offshore drilling unit *Deepwater Horizon*, which was being used to drill a well for BP Exploration and Production, Inc. (BP), in the Macondo prospect (Mississippi Canyon 252–MC252), experienced a significant explosion, fire, and subsequent sinking in the Gulf of Mexico, resulting in the release of an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed. The *Deepwater Horizon* oil spill is the largest offshore oil spill in U.S. history, discharging millions of barrels of oil over a period of 87 days. The Trustees conducted the natural resource damage assessment for the *Deepwater Horizon* oil spill under the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*). Under the OPA, Federal and State agencies act as trustees on behalf of the public to assess natural resource injuries and losses and to determine the actions required to compensate the public for those injuries and losses. The OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship, including the loss of use and services from those resources from the time of injury until the time of restoration to baseline (the resource

quality and conditions that would exist if the spill had not occurred) is complete.

The *Deepwater Horizon* oil spill Trustees are:

- U.S. Environmental Protection Agency (EPA);
- U.S. Department of the Interior (DOI), as represented by the National Park Service, U.S. Fish and Wildlife Service, and Bureau of Land Management;
- National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce;
- U.S. Department of Agriculture (USDA);
- State of Louisiana Coastal Protection and Restoration Authority (CPRA), Oil Spill Coordinator's Office (LOSCO), Department of Environmental Quality (LDEQ), Department of Wildlife and Fisheries (LDWF), and Department of Natural Resources (LDNR);
- State of Mississippi Department of Environmental Quality;
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission; and
- State of Texas Parks and Wildlife Department, General Land Office, and Commission on Environmental Quality.

On April 4, 2016, the Trustees reached and finalized a settlement of their natural resource damage claims with BP in a Consent Decree approved by the United States District Court for the Eastern District of Louisiana. Pursuant to that Consent Decree, restoration projects in the Louisiana Restoration Area are chosen and managed by the Louisiana TIG. The Louisiana TIG is composed of the following Trustees: CPRA, LOSCO, LDEQ, LDWF, LDNR, EPA, DOI, NOAA, and USDA.

Background

The original scope of the Cypremort Improvements project was evaluated in the Louisiana TIG Final Restoration Plan and Environmental Assessment #4: Nutrient Reduction (Nonpoint Source) and Recreational Use (RP/EA #4), which was published in the **Federal Register** at 83 FR 34571 on July 20, 2018. As proposed in the RP/EA #4, the project would entail a variety of park enhancements including beach restoration, marsh boardwalk and trail construction, road and jetty repairs, and replacement of the breakwater system that helps protect the park's recreational beach. Following completion of the RP/EA #4, the Louisiana Office of State Parks was successful in securing other
