

as amended; 47 U.S.C. 151, 154(i), 155, 201, 205, 214, 219, 220, 254, 303(r), 403, and 1302.

*Total Annual Burden:* 8,531,854 hours.

*Total Annual Cost:* \$937,500.

*Privacy Impact Assessment:* Yes. The Commission completed a Privacy Impact Assessment (PIA) for some of the information collection requirements contained in this collection. The PIA was published in the **Federal Register** at 82 FR 38686 on August 15, 2017. The PIA may be reviewed at: [http://www.fcc.gov/omd/privacyact/Privacy\\_Impact\\_Assessment.html](http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html).

*Nature and Extent of Confidentiality:* Some of the requirements contained in this information collection affect individuals or households, and thus, there are impacts under the Privacy Act. The FCC's system of records notice (SORN) associated with this collection is FCC/WCB-1, "Lifeline Program."

The Commission will use the information contained in FCC/WCB-1 to cover the personally identifiable information (PII) that is required as part of the Lifeline Program (Lifeline).

As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Commission published FCC/WCB-1 Lifeline Program in the **Federal Register** on August 15, 2017 (82 FR 38686).

Also, respondents may request materials or information submitted to the Commission or to the Universal Service Administrative Company (USAC or Administrator) be withheld from public inspection under 47 CFR 0.459 of the FCC's rules. We note that USAC must preserve the confidentiality of all data obtained from respondents; must not use the data except for purposes of administering the universal service programs; and must not disclose data in company-specific form unless directed to do so by the Commission.

*Needs and Uses:* This collection is used to restore the traditional state and federal roles in designating eligible telecommunications carriers (ETC) and eliminate the Lifeline Broadband Provider (LBP) category as a result of the *2019 Lifeline Order*. This revision codifies a requirement that enrollment representatives must register with USAC before interacting with USAC's systems. This revision also implements several process and procedural changes to further bolster program integrity efforts, requiring minor modifications to the previously approved requirements. These changes have a moderate impact

on the overall burden, increasing the burden hours for some requirements and decreasing the burden hours for other requirements.

Federal Communications Commission.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 200227-0066; RTID 0648-XY095]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Kamchatka Flounder in the Bering Sea and Aleutian Islands Management Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting directed fishing for Kamchatka flounder in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2020 Kamchatka flounder initial total allowable catch (ITAC) in the BSAI.

**DATES:** Effective 1200 hours, Alaska local time (A.l.t.), July 8, 2020, through 2400 hours, A.l.t., December 31, 2020.

**FOR FURTHER INFORMATION CONTACT:**

Steve Whitney, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2020 Kamchatka flounder ITAC in the BSAI is 5,780 metric tons (mt) as established by the final 2020 and 2021 harvest specifications for groundfish in the BSAI (85 FR 13553, March 9, 2020).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2020 Kamchatka flounder ITAC in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,000 mt, and is setting aside the remaining 3,780 mt as incidental catch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Kamchatka flounder in the BSAI.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Kamchatka flounder to directed fishing in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 7, 2020.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: July 8, 2020.

**Ngagne Jafnar Gueye,**

*Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*
