

751(a)(2) of the Act: (1) The cash deposit rate for TFM will be 4.61 percent, the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.19 percent, the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period of review. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

The review will continue with respect to Al Jazeera Steel Products Co. SAOG.⁶

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Emulsion Styrene-Butadiene Rubber From Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that the producers/exporters subject to this administrative review made sales of emulsion styrene-butadiene rubber (ESB rubber) from the Republic of Korea (Korea) at less than normal value during the period of review (POR) February 24, 2017 through August 31, 2018.

DATES: Applicable July 14, 2020.

FOR FURTHER INFORMATION CONTACT: Eliza Siordia, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3878.

SUPPLEMENTARY INFORMATION:

Background

This review covers seven producers and/or exporters of the subject merchandise. Commerce selected one mandatory respondent for individual examination: LG Chem, Ltd. (LG Chem). The producers/exporters which were not selected for individual examination are listed in the “Final Results of the Administrative Review” section of this notice.

On November 15, 2018, we published our initiation of an administrative

review of the antidumping duty order on ESB rubber from Korea.¹ On November 26, 2019, we published the *Preliminary Results* of this administrative review.² On December 30, 2019, Lion Elastomers, LLC (the petitioner) submitted a case brief.³ On January 6, 2020, LG Chem submitted a rebuttal brief.⁴

On March 2, 2020, we extended the deadline for the final results of this review to May 21, 2020.⁵ On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days, thereby extending the deadline for these final results until July 10, 2020.⁶ Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by this order is cold-polymerized emulsion styrene-butadiene rubber.⁷ The subject merchandise is currently classifiable under subheadings 4002.19.0015 and 4002.19.0019 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Analysis of Comments Received

Changes to the Preliminary Results

In the *Preliminary Results*, we found that LG Chem was entitled to a constructed export price (CEP) offset.⁸ After further review, we find that a CEP offset is not warranted for LG Chem.⁹ Additionally, we have incorporated several minor changes in the margin program.¹⁰ For a discussion of the above-referenced changes, see the “Changes to the Preliminary Results” section of the Issues and Decision Memorandum.

Rates for Non-Examined Companies

As a result of this review, we calculated a weighted-average dumping margin for LG Chem. Accordingly, Commerce has assigned to the companies not selected for individual examination the margin calculated for LG Chem.

Final Results of the Administrative Review

The weighted-average dumping margins for the final results of this administrative review are as follows:

Exporter/producer	Weighted-average dumping margin (percent)
LG Chem, Ltd	4.19
Daewoo International Corporation ¹¹	4.19
Kumho Petrochemical Co. Ltd	4.19
Sungsan International Co, Ltd ..	4.19
