**SUPPLEMENTARY INFORMATION:** The BLM will announce date(s) and location(s) of any public involvement opportunities through a news release and the BLM website at: <https://www.blm.gov/news/utah>. In order to be considered during the preparation of the Draft EIS, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

On June 15, 2017, CICWCD applied for a ROW grant for the PVWS Project on BLM-managed public land in western Iron and Beaver counties, Utah. The proposed project would include the development of a system for the extraction and transport of water, which the CICWCD holds rights to as permitted by the Utah Division of Water Resources, from Pine Valley to Cedar Valley.

The EIS will analyze the development of 15 drilled production wells contained within above-ground well-houses, 10 of which are on BLM-managed public lands, all within the Pine Valley in Beaver County. The project also includes the development of buried feeder pipelines, access roads, above-ground power distribution lines, a solar field (on private land), large underground storage tank (on private land), and a main buried pipeline to transport water to Iron County communities. All portions of the project located on non-Federal land will be analyzed in the EIS as connected actions. The CICWCD proposed a 66.31-mile long buried water transmission pipeline, including lateral lines to connect the wells to the main line, with a total of approximately 42.61 miles of buried pipeline crossing BLM-managed public land. The CICWCD also applied for a 50-foot-wide, 30-year, 250-acre ROW, and during construction, an additional 70-foot-wide temporary ROW totaling approximately 382 acres. The CICWCD is requesting an additional width of 70 feet for temporary use along the pipeline corridor during construction. The total combined ROW width (including the ROW and the temporary ROW) during construction would be 120 feet. The BLM will prepare an EIS to consider the CICWCD

application and a reasonable range of alternatives.

#### NEPA Process

The BLM will use an interdisciplinary approach to develop the EIS in order to consider the variety of resource issues and concerns identified during the scoping period. Potential direct, indirect, residual, and cumulative impacts from the proposed actions will be analyzed in the EIS.

The purpose of the public scoping process is to identify relevant subject areas that will influence the scope of the environmental analysis, including potential alternatives, and guide the process for developing the EIS. At present, the BLM has identified the following preliminary subject areas: Impacts to ground water, threatened and endangered species, including the federally listed Utah prairie dog, greater sage-grouse, and socioeconomic factors.

The BLM will follow the NEPA public participation requirements to satisfy the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). Any information about historic and cultural resources within the area potentially affected by the proposed project will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian Tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. The BLM actively coordinates with other Federal, State, and local agencies, along with Tribes and other stakeholders that may be interested in or affected by the proposed PVWS Project.

**Polyethylene Terephthalate Film, Sheet, and Strip From China and the United Arab Emirates; Scheduling of Expedited Five-Year Reviews.**

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 ("the Act") to determine whether revocation of the antidumping duty orders on polyethylene terephthalate film, sheet, and strip from China and the United Arab Emirates would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

**DATES:** April 6, 2020.

**FOR FURTHER INFORMATION CONTACT:**

Alejandro Orozco (202-205-3177), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.

Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-

205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

**SUPPLEMENTARY INFORMATION:**

*Background.*—On April 6, 2020, the Commission determined that the domestic interested party group response to its notice of institution (85 FR 114, January 2, 2020) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

*Staff report.*—A staff report containing information concerning the subject matter of these reviews will be placed in the nonpublic record on July 20, 2020, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

*Written submissions.*—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,<sup>2</sup> and any party

<sup>1</sup> A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.
