

by improving the security of a partner country that is a force for political stability and economic progress in Europe.

The proposed sale will improve Ukraine's capability to meet current and future threats by providing a modern, fast, short-range vessel. Ukraine will utilize the vessels to better defend its territorial waters and protect other maritime interests. Ukraine will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be SAFE Boats International, Bremerton, WA. There are no known offset agreements proposed in conjunction with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Ukraine.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Charter Renewal of Department of Defense Federal Advisory Committees

AGENCY: Department of Defense (DoD).

ACTION: Renewal of Federal Advisory Committee.

SUMMARY: The DoD is publishing this notice to announce that it is renewing the charter for the Advisory Committee on Arlington National Cemetery ("the Committee").

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The Committee's charter is being renewed in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C., Appendix) and 41 CFR 102-3.50(a). The charter and contact information for the

Committee's Designated Federal Officer (DFO) are found at <https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation>.

Pursuant to 10 U.S.C. 7723(b) and (c) the Committee shall provide independent advice and recommendations on matters relating to Arlington National Cemetery. The Committee shall make periodic reports and recommendations to the Secretary of the Army with respect to the administration of Arlington National Cemetery, the erection of memorials at the cemetery, and master planning for the cemetery. Any and all advice and recommendations shall also be forwarded to the Secretary of Defense and/or the Deputy Secretary of Defense. The Committee shall be composed of no more than 9 members appointed in accordance with DoD policy and procedures. The members shall be eminent authorities in their respective fields of interest or expertise, specifically bereavement practices and administrative oversight, the erection of memorials, and master planning for extending the life of a cemetery. Of the potential nine members, one member shall be nominated by the Secretary of Veterans Affairs; one member shall be nominated by the Secretary of the American Battle Monuments Commission; and no more than seven members shall be nominated by the Secretary of the Army.

Committee members who are not full-time or permanent part-time Federal civilian officers, employees, or active duty members of the Armed Forces will be appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. Committee members who are full-time or permanent part-time Federal civilian officers, employees, or active duty members of the Armed Forces will be appointed pursuant to 41 CFR. 102-3.130(a), to serve as regular government employee members.

All members of the Committee are appointed to provide advice on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official Committee-

related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the Committee membership about the Committee's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Committee. All written statements shall be submitted to the DFO for the Committee, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: July 13, 2020.

POLICY JUSTIFICATION**Kuwait—Patriot Advanced Capability (PAC-3) Missile Segment Enhancements (MSEs) with Canisters**

The Government of Kuwait has requested to buy eighty-four (84) Patriot Advanced Capability (PAC-3) Missile Segment Enhancements (MSEs) with canisters; two (2) Patriot MSE test missiles 2-Pack per unit of issue; thirty-five (35) remanufactured (upgrades): Patriot modification kit, missile launchers A902+ Series to A903 Series; twenty-six (26) PAC-3 Missile Round Trainer (MRT); and twenty-six (26) Empty Round Trainer (ERT). Also included is one (1) Flight Test Target—Zombie, PAC-3 missile spares held in Continental United States (CONUS) for repair and return, two (2) PAC-3 telemetry kits, training devices, simulators, transportation, organizational equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics support. The total estimated program cost is \$800 million.

The proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that is an important force for political stability and economic progress in the Middle East.

Patriot PAC-3 MSEs will supplement and improve Kuwait's capability to meet current and future threats and provide greater security for its critical oil and natural gas infrastructure. Kuwait will use the enhanced capability to strengthen its homeland air defense by better meeting current and future air threats. The acquisition of these missiles will allow for integration with U.S. forces for training exercises, which contributes to regional security and interoperability. Kuwait will have no difficulty absorbing this equipment and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor involved in this program is Lockheed Martin Corporation (Grand Prairie), Dallas, TX. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of two U.S. Government and three contractor representatives to Kuwait to support delivery of the Patriot PAC-3 MSEs with Canisters and provide support and equipment familiarization.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 20-16

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) Sensitivity of Technology:

1. The Patriot Advanced Capability (PAC-3) Missile Segment Enhancements (MSEs) is a small, highly agile, kinetic kill interceptor for defense against tactical ballistic missiles, cruise missiles and air-breathing threats. The MSE variant of the PAC-3 missile represents the next generation in hit-to-kill interceptors and provided expanded battlespace against evolving threats. The PAC-3 MSE improves upon the original PAC-3 capability with a higher performance solid rocket motor, modified lethality enhancer, more responsible control surfaces, upgraded guidance software and insensitive munitions improvements. The PAC-3 MSE's sensitive/critical technology is primarily in the areas of design and production know-how and manufacturing data and processes. Information on limitations of the PAC-3 MSE, including survivability and vulnerability data, is classified. Classified information could be revealed through reverse engineering or testing the PAC-3 MSE interceptor.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that Kuwait can provide substantially the same degree of protection of this technology as the U.S. Government. This proposed sale is necessary in furtherance of U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Kuwait.
