

particular placing restrictions on interviewing staff in front of first line supervisors.

++ Requiring additional training for surveyors and making modifications instructing surveyors regarding the level of detail provided to the facility during TJC's daily briefing, to ensure it does not change the integrity of the survey process.

++ Requiring additional training for TJC's surveyors and adjusting TJC's survey processes as they relate to in-depth review of medical records.

++ Making modifications to TJC's survey processes as they relate to the "Governing Body" Condition of Participation (§ 482.12). Specifically:

— Clarifications to TJC's governing body Tracer and Leadership sessions, as they relate to discussion-based investigation techniques and record reviews.

— Determinations of deficiencies and TJC's preliminary decision making processes, such as determining the severity of deficiencies, and TJC's process for citing the governing body based on the deficiencies found at a facility.

— Citing the governing body for deficiencies within a facility's physical environment based on the severity of deficiencies.

++ Clarifying timeframes for Plans of Corrections to be submitted by the facility to TJC and TJC's performance of Evidence of Standard Compliance (ESC) processes, as well as onsite follow up surveys as part of TJC's ESC survey activities.

++ Modifying TJC's survey process related to providing each patient in the sample a unique identifier in deficiency reports and for TJC surveyors to have appropriate identifiable information on a separate identifier list which can be provided to the facility upon exit.

++ Clarifying and providing additional training to surveyors related to survey processes and procedures for review of credentialing and human resources and or personnel file reviews.

B. Term of Approval

Based on our review and observations described in section III. and section V. of this final notice, we approve TJC as a national accreditation organization for hospitals that request participation in the Medicare program. The decision announced in this final notice is effective July 15, 2020 through July 15, 2022 (2 years). In accordance with § 488.5(e)(2)(i) the term of the approval will not exceed 6 years. This shorter term of approval is based on our concerns related to the comparability of

TJC's survey processes to those of CMS, as well as what CMS has observed of TJC's performance on the survey observation. Some of these concerns stem from the level of detail TJC provides in the daily briefings it provides to facilities, as well as TJC's processes surrounding its staff interview practices. Additionally, we are concerned about TJC's review of medical records and surveying off-site locations, in particular for the Physical Environment condition of participation. Based on these observations and review of TJC's processes as discussed at section V.A. (Differences Between TJC's Standards and Requirements for Accreditation and Medicare Conditions and Survey Requirements), we remain concerned about the thoroughness of review conducted within the facilities. While TJC has taken action based on the findings annotated in section V.A., as authorized under § 488.8, we will continue ongoing review of TJC's survey processes across all their approved accrediting programs to ensure that all our recommended changes have been implemented. In keeping with CMS's initiative to increase AO oversight, and ensure that our requested revisions by TJC are complied with, CMS expects more frequent review of TJC's activities to avoid any continued inconsistencies.

VI. Collection of Information and Regulatory Impact Statement

This document does not impose information collection requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). In accordance with the provisions of Executive Order 12866, this regulation was not reviewed by the Office of Management and Budget.

The Administrator of the Centers for Medicare & Medicaid Services (CMS), Seema Verma, having reviewed and approved this document, authorizes Evell J. Barco Holland, who is the Federal Register Liaison, to electronically sign this document for purposes of publication in the **Federal Register**.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by August 17, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov.

3. Call the Reports Clearance Office at (410) 786-1326.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Medication Therapy Management Program Improvements—Standardized Format; *Use:* The Medicare Modernization Act of 2003 (MMA) under title 42 CFR part 423, subpart D, establishes the requirements that Part D sponsors, an organization which has one or more contract(s) with CMS to provide Part D benefits to Medicare beneficiaries, must meet with regard to cost control and quality improvement including requirements for medication therapy management (MTM) programs. MTM is a patient-centric and comprehensive approach to improve medication use, reduce the risk of adverse events, and improve medication adherence. At minimum, a Part D sponsor's MTM program must offer to its enrollees an annual comprehensive medication review with written summaries, quarterly targeted medication reviews, and follow-up interventions for both beneficiaries and prescribers when necessary.

Information collected by Part D MTM programs as required by the Standardized Format for the CMR summary, which is used by beneficiaries or their authorized representatives, caregivers, and their healthcare providers to improve medication use and achieve better healthcare outcomes. The Standardized

Format must comply with applicable industry standards for medication therapy management and electronic data interchange, and should enable CMR data elements to be captured for clinical, reporting or measurement purposes.

After a CMR is performed, the sponsor creates and sends a summary of the CMR to the beneficiary that includes a medication action plan and personal medication list using the Standardized Format. The information users are beneficiaries or their authorized representatives, caregivers, and their healthcare providers as stated in this section. *Form Number:* CMS-10396 (OMB control number: 0938-1154); *Frequency:* Yearly; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 735; *Total Annual Responses:* 2,173,254; *Total Annual Hours:* 1,448,908. (For policy questions regarding this collection contact Victoria Dang at 410-786-3991.)

Dated: July 14, 2020.
