

Methodology [SRAM] Revision 2 Addendum, EPA risk assessment guidelines for residential land use, and California Environmental Protection Agency [Cal EPA] risk assessment guidance)

- *Alternative D: Recreational Cleanup* (based on DTSC-approved SRAM Revision 2 Addendum, EPA risk assessment guidelines for recreational land use, and Cal EPA risk assessment guidance)

A No Action alternative, which is required per NEPA, was also included in the analysis, though it would not meet the purpose and need of the proposed action.

Public meetings on the Draft EIS were held in the vicinity of SSFL on November 20 and 21, 2019. During the review period, NASA received approximately 1,200 comments, over 800 of which were form letters. After considering all comments received, NASA prepared the Final SEIS. There are no substantive changes to the range of alternatives considered. Alternative C, Suburban Residential Cleanup, is identified as the Agency's Preferred Alternative, and, along with Alternative D, the Agency's Environmentally Preferable Alternative.

Cheryl Parker,

Federal Register Liaison Officer.
