

during the current COVID-19 crisis. Measures to prevent the spread of COVID-19 may affect the ability of commercial drivers to present themselves in-person to a state licensing agency or TSA enrollment center for the collection of fingerprints and applicant information. Without the new STA, TSA's regulations prevent states from renewing or extending the expiration of the individual's state-issued HME.<sup>6</sup>

Consistent with the requirements in 49 CFR 1572.13(b), if the state grants an extension to a driver, the state must, if practicable, notify the driver that the state is extending the expiration date of the HME, the date that the extension will end, and the individual's responsibility to initiate the STA renewal process at least 60 days before the end of the extension. If it is not practicable for a state to give individualized notice to drivers, the state may publish general notice, for example, on the appropriate website.

#### Authority and Determination

TSA may grant an exemption from a regulation if TSA determines that the exemption is in the public interest.<sup>7</sup> On April 2, 2020, TSA determined that it was in the public interest to grant an exemption from certain process requirements in 49 CFR part 1572 related to STAs for HMEs, given the need for HME drivers to work without interruption during the COVID-19 crisis.<sup>8</sup> This exemption does not compromise the current level of transportation security because TSA continues to conduct recurrent security threat checks on HME holders and is able to take action to revoke an HME if derogatory information becomes available, regardless of expiration date. TSA uses data previously submitted by these individuals to conduct recurrent vetting against terrorism watch lists and databases to ensure that they continue to meet TSA requirements for having an HME.

This exemption permits states to extend the expiration date for an HME for up to 180 days for individuals with an HME that expires on or after March 1, 2020, even if the individual did not initiate or complete submission of required information for an STA at least 60 days before expiration of the HME.<sup>9</sup>

<sup>6</sup> 49 CFR 1572.13(a).

<sup>7</sup> 49 U.S.C. 114(q). The Administrator of TSA delegated this authority to the Executive Assistant Administrator for Operations Security, effective March 26, 2020, during the period of the National Emergency cited supra, n. 1.

<sup>8</sup> See exemption from Renewal of the Hazardous Materials Endorsement Security Threat Assessment for Certain Individuals, 85 FR 19767 (April 8, 2020).

<sup>9</sup> This exemption remains in effect through October 29, 2020, unless otherwise modified by

With the 90-day extension of the exemption that TSA announces in this Notice, states may continue this procedure until October 29, 2020. Individuals who were eligible for an extension of their HMEs during the initial exemption may continue to be eligible under this notice of extension of the exemption.

States and the American Association of Motor Vehicle Administrators asked TSA to consider extending the exemption. Some states continue to face challenges maintaining regular operations at state Drivers Licensing Centers due to public health considerations related to the inability to predict how or where COVID-19 may spread in the future. Although most TSA enrollment centers have remained open during the pandemic, temporary closures in states and regions with limited enrollment center alternatives have complicated drivers' ability to enroll for an STA. TSA's enrollment provider has re-opened many sites that were temporarily closed, but due to the uncertain nature of the spread of COVID-19, applicants may encounter renewed closures in the coming months. The extension will help ensure that drivers can continue to perform critical services during the pandemic.

For these reasons, TSA is extending the exemption for 90 days.

Dated: July 23, 2020.

**ACTION:** Notice of request for nominations to serve on the Manufactured Housing Consensus Committee.

TSA through a notice published in the **Federal Register**. #### SUPPLEMENTARY INFORMATION:

##### Background

Section 604 of the Manufactured Housing Improvement Act of 2000 (Pub. L. 106-569) amended the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401-5426) (Act) to require the establishment of the MHCC, a federal advisory committee, to: (1) Provide periodic recommendations to the Secretary to adopt, revise, and interpret the manufactured housing construction and safety standards; and (2) to provide periodic recommendations to the Secretary to adopt, revise, and interpret the procedural and enforcement

manufactured housing regulations. The Act authorizes the Secretary to appoint a total of twenty-two members to the MHCC. Twenty-one members have voting rights; the twenty-second member represents the Secretary and is a non-voting position. Service on the MHCC is voluntary. Travel and per diem for meetings is provided in accordance with federal travel policy pursuant to 5 U.S.C. 5703.

HUD seeks highly qualified and motivated individuals who meet the requirements set forth in the Act to serve as voting members of the MHCC for up to two terms of three years. The MHCC expects to meet at least one to two times annually. Meetings may take place by conference call or in person. Members of the MHCC undertake additional work commitments on subcommittees and task forces regarding issues under deliberation.

### Nominee Selection and Appointment

Members of the Consensus Committee are appointed to serve in one of three member categories. Nominees will be appointed to fill voting member vacancies in the following categories:

1. *Producers*—Seven producers or retailers of manufactured housing.
2. *Users*—Seven persons representing consumer interests, such as consumer organizations, recognized consumer leaders, and owners who are residents of manufactured homes.
3. *General Interest and Public Officials*—Seven general interest and public official members.

The Act provides that the Secretary shall ensure that all interests directly and materially affected by the work of the MHCC have the opportunity for fair and equitable participation without dominance by any single interest; and may reject the appointment of any one or more individuals in order to ensure that there is not dominance by any single interest. For purposes of this determination, dominance is defined as a position or exercise of dominant authority, leadership, or influence by reason of superior leverage, strength, or representation.

Additional requirements governing appointment and member service include:

(1) Nominees appointed to the User category, and three of the individuals appointed to the General Interest and Public Official category shall not have a significant financial interest in any segment of the manufactured housing industry; or a significant relationship to any person engaged in the manufactured housing industry.

(2) Each member serving in the User category shall be subject to a ban

disallowing compensation from the manufactured housing industry during the period of, and during the one year following, his or her membership on the MHCC.

(3) Nominees selected for appointment to the MHCC shall be required to provide disclosures and certifications regarding conflict-of-interest and eligibility for membership prior to finalizing an appointment.

All selected nominees will be required to submit certifications of eligibility under the foregoing criteria as a prerequisite to final appointment.

### Consensus Committee—Advisory Role

The MHCC's role is to advise the Secretary on the subject matter described above.

### Federal Advisory Committee Act

The MHCC is subject to the requirements of the Federal Advisory Committee Act (5 U.S.C. Appendix), 41 CFR parts 101–6 and 102–3 (the FACA Final Rule), and to the Presidential Memorandum, dated June 18, 2010, directing all heads of executive departments and agencies not to make any new appointments or reappointments of federally registered lobbyists to advisory committees and other boards and commissions. The June 18, 2010, Presidential Memorandum authorized the Director of the Office of Management and Budget (OMB) to issue guidance to implement this policy. On August 13, 2014 (79 FR 47482), OMB issued guidance regarding the prohibition against appointing or reappointing federally registered lobbyists to clarify that the ban applies to persons serving on advisory committees, boards, and commissions in their individual capacity and does not apply if they are specifically appointed to represent the interests of a nongovernmental entity, a recognizable group of persons or nongovernmental entities (an industry sector, labor unions, environmental groups, etc.), or state or local governments.

### Term of Office

Consensus Committee members serve at the discretion of the Secretary or for a three-year term and for up to two terms.

### Nominee Information

Individuals seeking nomination to the MHCC should submit detailed information documenting their qualifications as addressed in the Act and this Notice. Individuals may nominate themselves. HUD recommends that the application form be accompanied by a resume.

### Additional Information

The Department will make appointments from nominations submitted in response to this Notice. However, individuals that applied last year do not need to re-apply; pursuant to this notice those applications are on file and may be considered for future appointments.

To be considered for appointment to a position of an MHCC member whose term expires in December of 2019, the nomination should be submitted by August 31, 2020.

Appointments will be made at the discretion of the Secretary.
