

made available for public disclosure in their entirety.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(c) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), we invite public comments on permit applications before final action is taken. With some exceptions, the ESA prohibits certain activities with listed species unless Federal authorization is issued that allows such activities. Permits issued under section 10(a)(1)(A) of the ESA allow otherwise prohibited activities for scientific purposes or to enhance the propagation or survival of the affected species. Service regulations regarding prohibited activities with endangered species, captive-bred wildlife registrations, and permits for any activity otherwise prohibited by the ESA with respect to any endangered species are available in title 50 of the Code of Federal Regulations in part 17.

III. Permit Applications

We invite comments on the following applications.

Applicant: Luke Michael Wildenberg, Oak Grove, MN; Permit No. 59836D

The applicant requests a permit to import a sport-hunted Cape Mountain zebra (*Equus zebra zebra*) from a captive herd, Swartberg Private Wildlife Estate, South Africa, for the purpose of enhancing the propagation or survival of the species. This notification is for a single import activity.

Applicant: Wade Harrell, Whooping Crane Recovery Plan Coordinator, U.S. Fish and Wildlife Service, Southwest Region, Austwell, TX; PRT-93380C

The applicant requests renewal of a permit to export/re-export captive-held/captive hatched and wild live specimens, captive-bred/wild collected viable eggs, biological samples and salvaged materials from captive-bred/wild specimens of whooping cranes (*Grus americana*) to Canada, for completion of identified tasks and objectives mandated under the Whooping Crane Recovery Plan. Salvaged materials may include, but are not limited to, whole or partial specimens, feathers, eggs, and egg shell fragments. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: Priour Brothers Ranch, Mountain Home, TX; Permit No. 672849

The applicant requests an amendment to their captive-bred wildlife

registration under 50 CFR 17.21(g) for Arabian oryx (*Oryx leucoryx*) to enhance the propagation or survival of the species. This notification covers activities to be conducted by the applicant over a 2-year period.

Applicant: Steven Wierzgacz, Mesa, AZ; Permit No. 35231A

The applicant requests a captive-bred wildlife registration under 50 CFR 17.21(g) for radiated tortoises (*Astrochelys radiata*) to enhance the propagation or survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: Priour Brothers Ranch, Mountain Home, TX; Permit No. 707102

The applicant requests an amendment to their permit authorizing the culling of excess Arabian oryx (*Oryx leucoryx*) from the captive herd maintained at their facility, to enhance the species' propagation and survival. This notification covers activities to be conducted by the applicant over a 2-year period.

IV. Next Steps

After the comment period closes, we will make decisions regarding permit issuance. If we issue permits to any of the applicants listed in this notice, we will publish a notice in the **Federal Register**. You may locate the notice announcing the permit issuance by searching <http://www.regulations.gov> for the permit number listed above in this document. For example, to find information about the potential issuance of Permit No. 12345A, you would go to [regulations.gov](http://www.regulations.gov) and search for "12345A".

V. Authority

We issue this notice under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and its implementing regulations.

Brenda Tapia,

Management Analyst/Program Analyst, Branch of Permits, Division of Management Authority.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Marine Mammal Marking, Tagging, and Reporting Certificates, and Registration of Certain Dead Marine Mammal Hard Parts

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before September 2, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments to Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to Info_Coll@fws.gov. Please reference OMB Control Number 1018-0066 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the

impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on December 2, 2019 (84 FR 65997). We did not receive any comments in response to that notice.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Under section 101(b) of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361–1407), Alaska Natives residing in Alaska and dwelling on the coast of the North Pacific or Arctic Oceans may harvest

polar bears, northern sea otters, and Pacific walruses for subsistence or handicraft purposes. Section 109(i) of the MMPA authorizes the Secretary of the Interior to prescribe marking, tagging, and reporting regulations applicable to the Alaska Native subsistence and handicraft take.

On behalf of the Secretary, we implemented regulations at 50 CFR 18.23(f) for Alaska Natives harvesting polar bears, northern sea otters, and Pacific walruses. These regulations enable us to gather data on the Alaska Native subsistence and handicraft harvest and on the biology of polar bears, northern sea otters, and Pacific walruses in Alaska to determine what effect such take may be having on these populations. The regulations also provide us with a means of monitoring the disposition of the harvest to ensure that any commercial use of products created from these species meets the criteria set forth in section 101(b) of the MMPA. We use three forms to collect the information: FWS Form 3–2414 (Polar Bear Tagging Certificates), FWS Form 3–2415 (Walrus Tagging Certificates), and FWS Form 3–2416 (Sea Otter Tagging Certificates). The information we collect includes, but is not limited to:

- Date of kill;
- Sex of the animal;
- Kill location;
- Age of the animal (*i.e.*, adult, subadult, cub, or pup);
- Form of transportation used to make the kill of polar bears;
- Amount of time (*i.e.*, hours/days hunted) spent hunting polar bears;
- Type of take (live-killed or beach-found) for walrus;
- Number of otters present in and number of otters harvested from pod;
- Condition of the polar bear and whether or not bear cubs were present; and
- Name of the hunter or possessor of the specified parts at the time of marking, tagging, and reporting.

We use FWS Form 3–2406 (Registration of Certain Dead Marine Mammal Hard Parts) to record the collection of bones, teeth, or ivory of dead marine mammals by non-Native and Natives not eligible to harvest marine mammals under the MMPA. It is legal to collect such parts from a beach or from land within a quarter of a mile of the ocean (50 CFR 18.26). The information we collect via Form 3–2406 includes, but is not limited to:

- Date and location found.
- Age, sex, and size of the animal.
- Tag numbers.
- Name, address, phone number, and birthdate of the collector.

Proposed Changes to Form 3–2414, “Polar Bear Tagging Certificate”

With the changing environment, we are making a few needed changes to the Form 3–2414. These changes are:

- A. Age Class (Five different categories).
- B. Bear Condition (Three different categories).
- C. Research Marks/Tags (New Question).
- D. Conflict or Problem Bear? (New question).
- E. Defense of Life (Property removed).
- F. Hunter Available for Post Hunt Interview? (Yes/No). Phone # (New question).

Post-Interview Questions (if the hunter agrees):

- a. Was there a food source/attractant that the bear was interested in? What was the attractant?
- b. Was there any attempt to haze the bear to get it to leave?
- c. Was it believed that the bear could be a threat to people?

NOTE: These are typical post-hunt questions that would only be asked if the biologist needed information on a bear that was marked as a problem bear. There is no standardized questioning.

- G. We removed the “Time Spent Hunting” and “Vehicle Use While Hunting” questions, as this information has not proved valuable.

Title of Collection: Marine Mammal Marking, Tagging, and Reporting Certificates, and Registration of Certain Dead Marine Mammal Hard Parts, 50 CFR 18.23(f) and 18.26.

OMB Control Number: 1018–0066.

Form Number: FWS Forms 3–2406, 3–2414, 3–2415, and 3–2416.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Individuals and households, private sector, and State/local/Tribal governments.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

Activity	Number of respondents	Number of responses	Completion time per response	Total annual burden hours *
3–2414 (Polar Bear)	20	30	15 minutes	8
3–2415 (Walrus)	90	300	15 minutes	75

Activity	Number of respondents	Number of responses	Completion time per response	Total annual burden hours*
3-2416 (Sea Otter)	60	1,500	15 minutes	375
3-2406 (Beach Found)	200	200	15 minutes	50
Totals:	370	2,030	508

* Rounded.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: July 29, 2020.

Notice of Inventory Completion: Baylor University's Mayborn Museum Complex, (Formerly Baylor University's Strecker Museum; Formerly Baylor University Museum), Waco, TX

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Baylor University's Mayborn Museum Complex (formerly Baylor University's Strecker Museum; formerly Baylor University Museum) has completed an inventory of human remains and associated funerary objects, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is no cultural affiliation between the human remains and associated funerary objects and any present-day Indian Tribes or Native Hawaiian organizations. Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to Baylor University's Mayborn Museum Complex. If no additional requesters come forward, transfer of control of the human remains and associated funerary objects to the Indian Tribes or Native Hawaiian organizations stated in this notice may proceed.

DATES: Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Baylor University's Mayborn Museum Complex at the address in this notice by September 2, 2020.

ADDRESSES: Anita L. Benedict, Baylor University's Mayborn Museum Complex, One Bear Place #97154, Waco, TX 76798-7154, telephone (254) 710-4835, email anita_benedict@baylor.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of Baylor University's Mayborn Museum Complex, Waco, TX. The human remains and associated funerary objects were removed from Madison Parish, LA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by Baylor University's Mayborn Museum Complex professional staff in consultation with representatives of the Jena Band of Choctaw Indians; The Choctaw Nation of Oklahoma; and The Muscogee (Creek) Nation (hereafter referred to as "The Consulted Tribes").

An invitation to consult was extended to the Alabama-Quassarte Tribal Town; Caddo Nation of Oklahoma; Cherokee Nation; Chitimacha Tribe of Louisiana; Coushatta Tribe of Louisiana; Eastern Band of Cherokee Indians; Kialegee Tribal Town; Miccosukee Tribe of Indians; Mississippi Band of Choctaw Indians; Poarch Band of Creeks (previously listed as Poarch Band of

Creek Indians of Alabama); Quapaw Nation (previously listed as The Quapaw Tribe of Indians); Seminole Tribe of Florida (previously listed as Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)); The Chickasaw Nation; The Osage Nation (previously listed as Osage Tribe); The Seminole Nation of Oklahoma; Thlopthlocco Tribal Town; Tunica-Biloxi Indian Tribe; and the United Keetoowah Band of Cherokee Indians in Oklahoma (hereafter referred to as "The Invited Tribes").

History and Description of the Remains

Sometime prior to 1909, human remains representing, at minimum, one individual were removed from Mound, Madison Parish, LA. Mound was named for an American Indian mound that stood at the original town site. In 1909, the presumed collector, a J.M. Carter, donated this collection to Baylor University. J.M. Carter might be James Michelle Carter (1849-1928), whose father was a Baylor University Trustee after the Civil War.

In 2003, the human remains and associated funerary objects were located in a cigar box that lay under a whale skull exhibit. The human remains were labeled with the numbers 4047 and 4359 through 4389. Catalog number 4047 corresponds to an entry in the Strecker Catalog Book No. 3, which reads "4047 . . . Bones & Other Materials from Mound, Louisiana J.M. Carter." The numbers 4359 through 4389 do not relate to any currently known catalog. As number 4047 had been reused, new catalog numbers were assigned to the human remains and associated funerary objects. The human remains (AR 20806) include a phalange, limb bone, talus, calcaneus fragment, and two mandible fragments with teeth. No known individual was identified. The two associated funerary objects (AR 20849) are one lot of animal bones and one pottery sherd.

Determinations Made by Baylor University's Mayborn Museum Complex

Officials of Baylor University's Mayborn Museum Complex have determined that:
